### WIRE WOUNDS

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.
