Another German Scrap of Paper

NEW YORK, Oct. 23.—"Vote the Republican ticket" were four words written on a scrap of paper dropped by one of the aged inmates of the German Evangelical Home at 643 Chauncey street, last Saturday, upon the floor of the barber shop at 1767 Broadway, which was used by the registry board in the Sixth Election District at the Twenty-third Assembly District.

street." On October 14, the day the paper was dated, seventeen men from the House appeared at the polling place and registered so that they might vote on Election Day.

These seventeen men appeared practically in a body—so close together that the enrollment numbers of sixteen of them followed in sequence from 185 to 200. The enrollment number of the seventeenth man was 207. All but one of the seventeen had been born in Germany, the seventeenth being a native of the United States. Among the seventeen was one man who had not registered or voted since 1895; another who had not registered or voted since 1900; two who had not registered since 1909 and two who had not voted or registered since 1910. Only four of the seventeen had exercised their right of franchise last year.

Caughed Continually

Day and Night—Man Says Nothing Helped but Vinol.

That statement does not surprise us. We have told the people of Charlottetown many times during the last ten years that Vinol is the greatest remedy for chronic coughs and colds that we ever sold. Mr. Dunning says: "I took a heavy cold which settled into a chronic cough. It seemed as though I caughed continually day and night, so I could not sleep. I was all run-down and so weak I could hardly keep about. I tried different cough medicines but seemed to get worse instead of better. I went to the drug store and got a bottle of Vinol. Before it was half gone I was better and my continued use cured my cough. It built me up, and I am feeling fine." Benj. Dunning, 208, Tenth Ave., Scranton, Pa.

Vinol is not a palliative like cough syrups, but it is a constitutional remedy for coughs, colds and bronchitis which removes the cause and stops the cough, and the recovery of Mr. Dunning was due to the beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates which are contained in Vinol.

The next meeting of the Institute will be held in the school house at 7.30 p. m.

CHURCH CONSECRATED.—Sunday Oct. 22nd, 1916 was an important day for the parishioners of St. Joseph's, Kelly's Cross, for on that day, through the ceremonial of Holy Church and at the hands of their beloved Bishop O'Leary, their handsome brick church was dedicated for divine worship, being completely finished on the exterior, and to elaborate yet simply decorated on the interior, as to be a fitting dwelling place for a time at least for the King of Kings. After the ceremony of consecration at 9.30 a. m., High Mass was sung by Rev. Leo Herrell, and a most eloquent

NEW YORK, Oct. 23.—Leaning from the front platform of his Culver street train last night, James Mulligan, a motorman was thrown 50 feet to the pavement below, as the train lurched on a sharp curve. He was killed instantly. The motorman leaves his wife, Clara, and a 5-year-old daughter, Clara.

Mulligan was accompanied by a student motorman on the run last night. As the train drew into the Union street station, he found that one of the brushes on the third rail shoe was not working properly and leaned over to see it. As the train was slowly passing Berkeley place, it struck the curve, and Mulligan losing his balance, was thrown to the street, his body falling into a crowd of shoppers.

AMSTERDAM, via London, Oct. 23.—Dutch newspapers are indignant over the report by the Handelsblad that on Sunday a Zeppelin dropped a bomb near Gorkum (Gorinchem) 22 miles southeast of Rotterdam.

The Nieuws Van Den Dag says: "If German airship commanders had not displayed such supreme contempt for the protests of the Dutch government this deplorable incident, which only by accident lacked serious results, would not have occurred."

Petrograd, October 23.—Today's War Office statement regarding operations on the eastern and Caucasus fronts says:

"An enemy attack from the Barnov Farm, near the Narayuvka (in Galicia, southeast of Lemberg), two verst (about one and one-quarter miles) south of the village of Svishtinski, was repelled by our fire.

"In the wooded Carpathians snow is falling, and has reached in the ravines a depth as great as 4 feet 8 inches.

"South of Dorne Watra (near the Roumanian border) the enemy attacked one of our advanced posts. Supported by 100 Cossacks, the post repelled the attack and put the enemy to flight, capturing one machine gun, a trench cannon and a number of prisoners.
