CHARLOTTETOWN AND ELSEWHERE

It pays to buy in this Province.
 (From Yesterday's Evening Guardian)
 C. L. Grant, Charlottetown, returned this morning from George town.

T. C. Savage, Montreal, was a passenger from Charlottetown this morning to Summerside.

J. A. Messervey, Charlottetown, was an outward passenger by the Northumberland this morning.

Senator B. C. Prowse, Charlottetown, was a passenger by the Northumberland this morning en route to Sydney, C. B.

Among the passengers west from Charlottetown this morning were: Hon. J. W. Richards and Prof. Theo. Ross, Charlottetown.

Mrs. Robert S. Bleesdell of New Waterford, is visiting her parents, Geo. H. and Mrs. Foster, Charlottetown.—Sydney Exc.

Miss Emma Gaudet, Charlottetown, who has been milliner with the firm of James Paton & Co., for the past six years, has resigned.

Elmer McLeod of French River, writes a correspondent, has returned home from Clifton where he visited friends, Hugh McRae has the contract of repairing the New London breakwater, and will commence work Thursday. John McKay of French River has left for Western Canada on the Harvesters excursion.

Brucehurst, the Atlantic Highlands mansion of Robert Mantell, who played in Charlottetown some years ago, has been fitted up with a gymnasium. After work there under a professional trainer Mr. Mantell reports that he is ready for Olympic games. His Shakespearean season begins next month in the Canadian west.

A Fredericton correspondent writes: Spurgeon Burtram, Pleasant Valley, spent Sunday in Hazel Grove, the guest of Stephen J. Burtram.—Golden Weeks, Fredericton, has one of the finest fox ranches in this vicinity, for which he deserves much credit. He has refused a handsome sum for some of his fine specimens.—Alley Outfit and Harry Weeks, Fredericton, spent a very pleasant Sunday evening in Bradalbane, the guests of friends.—P. Murray, Fredericton, has purchased a valuable horse, for which he paid a handsome sum.

Attention is directed to the advertisement in another column, warning sportsmen from fishing and shooting on Fullerton's Marsh, Lot 48. The original document is signed by owners of land surrounding the marsh and the cause for the steps taken in this regard, are the loss of tame birds, destruction of fences and property by reckless parties roaming over the different properties with little thought as to what they are doing.

Last season, one resident at least lost all his tame ducks, and the result of a search was that many of them were found on the marsh where they were purposely shot.

A most interesting relic of by-gone days was seen on our streets Monday, when the Duke of Kent's old carriage in which he toured Prince Edward Island, and which is now a Churchill possession, was conveyed to Windsor from Hantsport. The ancient vehicle, which must be at least 120 years old, was purchased by the late Ezra Churchill over 60 years ago from the Governor of Prince Edward Island. J. W. Churchill, Esq., of Hantsport, has kindly allowed this reminder of the past to be used during the celebration on the 16th. It is now being repaired and will be ready for that joyous occasion.—Windsor Exc.

The City of Sydney, of the Black Diamond line, ran aground at South Bar, Sydney, at 9 o'clock yesterday morning while entering that port from St. John's, (Nfld.), in a thick fog. A wireless was sent at once to the coal company at Sydney, and the tug Douglas H. Thomas was sent to the assistance of the City of Sydney. The tide had fallen, however, and nothing could be done at the time. In the afternoon, shortly after 5 o'clock, tugs were again sent to the bar, the tide being high, but their aid was unnecessary, as the steamer moved off by her own power. Examination of the ship by divers after arrival at the pier, showed she had sustained no damage and after taking bunker coal and four cars of outward cargo, she left for Montreal this morning twenty hours behind schedule time.—Exc. The City of Sydney calls regularly at Charlottetown.

British Almond Pink is an excellent preparation for sunburn. There's nothing better that we can recommend. Its emollient properties will be quickly discovered, even after one application the skin is remarkably smooth and nice. 25c. bottle. E. A. Foster, Central Drugstore, Sunny-side. 8-10 M31.

FINE CUT GLASS
 Purchasers of cut glass need to make sure that they are getting the genuine article. We know that there is being marketed by manufacturers who are considered reliable a line of so called cut glass in which the pattern is really pressed, and afterwards touched up and polished on a wheel.
Our Cut Glass is fully cut. When the cutter takes a piece in hand it is perfectly plain on both sides and every line is cut and polished by hand.
 We control for Charlottetown, the product of the oldest and largest Canadian factory, and feel that we have the very best in cut glass to offer our patrons.
