THE WINTER Fair at Amherst will be opened to-day by Hon Mr Fielding. Among the speakers will be—Hon John Dryden, Minister of Agriculture, Ontario, who is more familiar with agricultural life and who has borne a larger part in the agricultural advancement of that province than possibly any other man.

Dr. Mills, President of the Guelph Agricultural College, who is Canada's leading agricultural educator and one of our best platform speakers. W. S. Spark, Canterbury, England, Dr. Fletcher, Experimental Farm, Ottawa and the Premiers of the three Maritime Provinces. The entries are in excess of last year and there is no doubt but that the quality of stock will be very much better.

A very large number of people have intimated their intention to be present, and it is expected that this will be one of the largest gatherings of those interested in agriculture ever brought together in the Maritime Provinces.

The second annual meeting of Dunk River Institute was held at Lower Freetown Hall on Wednesday 25th Nov., with James Carruthers Esq., President, in the chair. The minutes of former meeting were read and approved. The secretary's report showed the Institute to be in a good condition both financially and in number of members. Favorable reports were received from those in charge of the stock belonging to the Institute and altogether Dunk River Institute has reason to be proud of its standing.

After the transaction of routine business the election of officers resulted as follows:—President, James Carruthers; Secretary, Henry R. Rogers; Treasurer, Thos Waugh. The directors appointed for the ensuing year were Messrs Albert Schurman, Patrick J. Smith, Thos. Humphrey, Chas. McFarlane, Robert Burns, Bertram Cole. Auditors:—Alex Cairns and Alex Anderson. Meetings are to be held during the year at Newton, Wilcox, Lower Bedouque, North Bedouque, Lower Freetown. Those meetings are generally looked forward to with interest, the discussion on the different questions brought up proving both instructive and helpful. The next meeting will be held at Newton on Tuesday Dec. 29th afternoon and evening at 2 and 7 p. m.

LAST Tuesday evening Dec. 8th, a union meeting of all the local churches was held in the Baptist Church at Central Bedouque for the purpose of organizing a Branch of the Lord's Day Alliance of Canada. The meeting was very representative as there were present a good proportion of the most influential and active workers in the different churches. A choir made up from the different congregations led the service of song. Rev. N. McLoughlin chairman of the organizing committee of the Provincial Alliance occupied the chair and at the close of the devotional part of the meeting stated briefly the object of the meeting. The Rev. Mr. Whidden was the first speaker and spoke very clearly and forcibly of the necessity for a more careful observance of the law of God, and of the law of the land as regards the Sabbath, and expressed hearty approval of the proposed organization. Rev. E. P. Calder followed in sharp conclusive arguments in favor of a day of rest and worship. The chairman then proceeded to state clearly how the Lord's Day Alliance of Canada, the Provincial Alliances, and Local Branches are constituted. He dwelt on the causes that necessitated calling the institution into existence, the object in view, the policy, the method of procedure in cases of violation of the law of the land and the necessity of co-operation. The following gentlemen spoke strongly in favor of organizing:—Messrs. Jas. Carruthers, Chas. Craig, A. T. Wright, Albert Schurman, and Wm. Callbeck. Several of the speakers condemned strongly the fishing and drunkenness so evident along the banks of the Dunk on the part of pleasure seekers on the Lord's Day during the summer; also the shooting on our bay and along our shores on the part of law breaking and profane sports and expressed a willingness to take a share in putting an end to the vulgar lawlessness. A large number signed the roll of membership and Albert Schurman was appointed President, Chas. Craig, Treasurer, Wm. Callbeck, Secretary. The local ministers as vice presidents, Messdames Thos. Moyses, and Jas. Carruthers, and Miss Mary Schurman, as additional executive.—Wm. Callbeck, Sec'y.

ENORMOUS GROWTH. Ever since Dr. Chase's Kidney-Liver Pills were first introduced to the public the sales have steadily increased, each year being larger than the year preceding. This is probably the best evidence of their remarkable efficiency, as a treatment for arrangements of kidney, liver and bowels. They are valuable as a family medicine.

It was wild on the water-front yesterday from 6.30 until 1.30 a. m. and Capt. Heffer of the customs steamer, said it was as rough a morning as he had seen on the harbor. Wednesday night was fine and clear, but the rain came down about three o'clock yesterday morning followed a few hours later by a heavy southeast blow. A number of schooners came in during the night, several with produce from P. E. Island, and others from Cape Breton, with coal. Many of them anchored at Mill Cove, Dartmouth, for shelter.—Halifax Herald.

Among the prominent wholesale dealers of Fulton Market, New York are Robbins & Mulkey whose advertisement will appear in tomorrow's issue. This firm makes a specialty of smelts and eels and to Island dealers they offer excellent inducements for trade. Robbins and Mulkey will answer all correspondence promptly, guarantee prompt returns for consignments and will send stencils on application. Fishermen throughout the Province would do well to correspond with them and doubtless mutual advantages will result.
