

SUMMERSIDE GUARDIAN and Prince County Chronicle

To BUILD UP Undernourished, Underweight "Teen-Age" BOYS & GIRLS give them the "VITAL 3"

To build rich, red blood, strong bones, sound teeth, sturdy muscles and good nerves, boys and girls of "teen" ages require about twice as much calcium and one and a half times as much phosphorus each day as does the average adult. Therefore, meals that furnish sufficient calcium and phosphorus for adults may fall short in supplying the needs of boys and girls between the ages of 12 and 16 years when they are emerging from boyhood into manhood, and from girlhood into womanhood, and should be growing nearly twice as fast as in the previous period.

Added to a regular diet, which should include at least a pint of milk daily, Fellows' Syrup will supply the extra quantity of calcium that these growing "teen-age" boys and girls need. It will also supply them with additional amounts of phosphorus and iron.

Fellows' Syrup not only provides them with the "Vital 3" (calcium, phosphorus and iron), but also with other tonics such as sodium, potassium and manganese. The combination is particularly valuable for undernourished and underweight "teen-age" boys and girls, because it stimulates youthful appetites and thereby builds weight, and increases sturdiness and strength.

Doctors have prescribed this safe, standard preparation for 60 years. Its use has spread to 62 countries. It is one of the most famous and respected of medical preparations. Drug stores everywhere have FELLOWS' - the "Vital 3" Syrup Compound of Hypophosphites.

FELLOWS' SYRUP. World Famous COMPOUND OF HYPOPHOSPHITES

-DOMINION FUR SALES' NEW PREMISES - The latest addition to the ever increasing fur companies to establish themselves at Summerside, the centre of the Silver Fox trade, is the Dominion Fur Sales Ltd. This company was organised this fall with such well known furmen as Col. U. G. Dawson, A. E. McLean, W. P. Callaghan and J. D. Jenkins of Charlottetown. Their new quarters in the old Prince Motors building on Water Street, is the last word in an up-to-date receiving station and cleaning plant for silver foxes. The top floor is used for grading, with special lighting facilities insuring the best work. Solid concrete vaults insure loss from fire or theft while the furs are in the hands of the Company. The most up-to-date equipment is used in the modern pelting and cleaning plant in the basement. The ground floor is taken up with the main offices and receiving office. Mr. E. H. Monkley and Lieut. Col. U. G. Dawson look after the grading department. Col. Dawson is also the general manager of the concern.-S.

-APPRECIATION - The following letter was received from the International Grenfell Association, New York, by Mr. E. Mosher of Montague. Mr. Mosher very generously donated a large box of groceries from his store besides warr clothing for the needy Labrador fishermen. "Dear Mr. Mosher: I would like to take this opportunity of expressing our sincere thanks for the generous donation you had recently for the relief of Labrador fishermen which was forwarded to the north by our schooner the George B. Cluett on the second instant. This will, indeed, be a great help to us in the relief of the wide spread destitution on the coast this year. Again with many thanks, remain, yours very sincerely, Edward A. B. Willmer, Executive Officer."

Report From Mr. W. E. Enma

Mr. W. E. Enma has returned from a visit to Halifax and Amherst, where he has been working for the Farador Company. Although some good results are being obtained in Halifax, it is almost too soon to say much about it, as the work is only being started.

In Amherst, where the work has been going on for a few months, some very marked cures have taken place. A mother says: "I am so glad you came to Amherst. My little boy had been suffering very severely from asthma, keeping us all awake night after night. With less than two months use of the Farador he is entirely relieved, and we all get our rest."

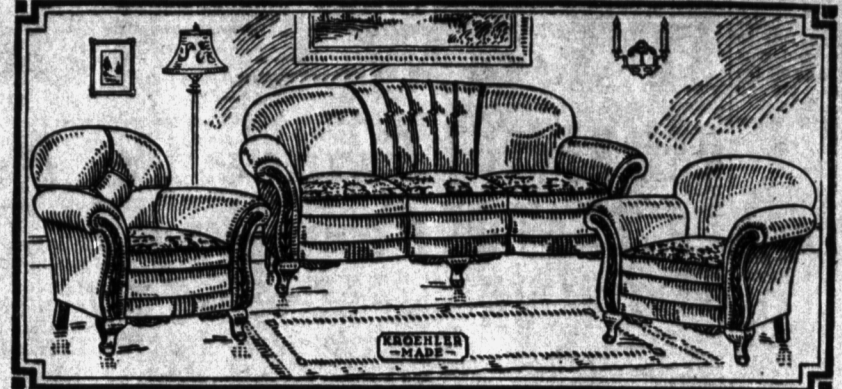

A lady who suffered much from catarrh which effected her hearing, states that she has found wonderful relief, and her hearing has greatly improved.

A young man who suffered greatly for two years from intestinal pains, states that he has found complete relief.

Another young man who was a great sufferer from rheumatism has

been perfectly relieved in one month. Several cases of rheumatism, bronchitis, paralysis and tonsillitis, have found wonderful relief.

Mr. Enman is being urged by a number of people both in Halifax and Amherst to locate among them. A gentleman in Amherst says: "You have been doing splendid work here and I hope you will come to stay."

Mr. J. S. Perry is agent for the Farador in Summerside. Those who want their Faradors looked after should bring them to W. E. Enman, 206 Sydney Street, Charlottetown.

ENGAGED 83 YEARS

TOKIO, November 27--Seventy-year-old Tung Yu-Cho has returned to his native Canton from Canada, where he accumulated a comfortable fortune, and has married Wang Mei-Shun, his childhood sweetheart, now 69 years of age, after a separation of more than half a century. 1880, Yu-Cho and Mei-Shun were betrothed, but Yu-Cho determined that his bride should live in luxury, so he decided to seek a fortune across the seas.
