Now that some of our residents have purchased electric washers, the Leard Hydro-Electric Co., leaves the power on until afternoon each Monday morning, and then turn it on again early in the afternoon, thus giving a chance to do the washing first, and the ironing—when the wash has been dried, making it very convenient.

**Tryon Tid-Bits**

Mr. Frank Cobb, one of North Tryon's prominent farmers, has been appointed operator of the new motor road plough, and has entered upon his duties. His first work was in Mount Tryon school district and by reports heard, it was very satisfactory.

In North Tryon the enterprising road master, Mr. W. A. Pooley, did not wait for the plough, but with men, horses and carts, plus a drag, is busily engaged in putting his district into condition. No doubt, before this appears in print, the work will have been completed and North Tryon roads will be a model held up to the masters of ploughing districts, who would do well to follow suit.

Mr. Ralph Lyman has left for New Brunswick on business.

Mr. Lloyd Howatt is spending the summer in Harbor Bushy, where he is employed by Mr. P. S. Howatt, well-known lobster packer of Cape Traverse, P. E. I.

The death occurred at Tryon on April 18th, of Mr. Ernest Howatt, well-known merchant, leaving to mourn a widow (nee Miss Ethel Waugh), and two children, the eldest being three-years-old. Mr. Howatt had been in failing health for some time, and although suffering greatly, bore it all with true Christian fortitude. The funeral, followed by a large concourse of friends and relatives, left his home at Tryon on Friday, at 1 p. m., for the Church of Scotland at Cape Traverse, Mr. Howatt having been an elder of that congregation. After the funeral service by the Rev. Ewen MacDougall, the remains were laid to rest in the adjoining cemetery, there to await the great awakening. The deep sympathy of the community is felt for Mrs. Howatt and children in their sad bereavement.

A. Waddell, North Tryon, Murdoch, Albany; Christie, Sadie and Charles at home, and Sterling in Western Canada. Deceased had been in her usual health until a little over a week before her death, when Dr. Bell was called in and all that loving care and skilled attention could do failed, for the great Father desired His child for that Upper and Better Kingdom, where sorrow and pain are no more, and on Tuesday morning at 1 o'clock he called her to be with him and the angels. The funeral took place on Thursday at 1 p. m. After a short service at the home, conducted by the Rev. Geo. Somers of Tryon United Church it wended its way to Cape Traverse, where Rev. D. M. Lamont of Charlottetown preached the funeral sermon in the Kirk at Cape Traverse, after which she was laid to rest in the family plot adjoining, there to await a glorious resurrection. Margaret will be deeply missed, both in the home and in the community, for she was always ready with a smile and a pleasant word. As a member of the Presbyterian Church at North Tryon, she will also be missed by the many subscribers of the telephone system, for as operator on the Albany Exchange she was always courteous and obliging. The many floral tributes and messages sent, showed the deep sympathy of the many friends. The pall bearers were—Messrs. Eldon Large, Basil Sherry, Arthur and Frank McKay, Lon Mabey, and Ambrose Noonan. Her brother, Stirling, who was notified of her illness left for home at once, but sad to say did not arrive until after the funeral. Her sister, Annie, however, arrived in time to see her ere she departed for On High.

**UPS AND DOWNS FROM TRYON AND VICINITY**

How's this for fine Spring weather? No cause for grumbling in our air little village, anyway, as most everybody seems well and happy, and wears a broad grin from morning until evening, who could help but be happy when—

Our Mother Nature dances around. Even the deep blue heavens look glad. And gladness blooms from the blossoming ground.

Need I relate, what a great time the residents of Tryon are having scampering through and around the streams and rivers, and occasionally landing a "speckled beauty" from their azure depths. Some of the trout I have seen this year out of Tryon's rivers and streams would do credit to the best trout fishing grounds on our fair Island, and I don't mean maybe!
