LINE-O-TYPE OR TWO.

A CONSERVATIVE ESTIMATE. Latest Reports from Cotton Fields Brighton. The crop of Roosters, in sight is the largest in the history of Brighton Poultry Farm. Are we upon the eve of a General Election? (R. S. V. P.)

"SURE." It's easy enough to be pleasant. When life goes along with a song, But the man worth while Is the man who can smile. When everything goes dead wrong.

THE MAKING OF GREAT MEN. Lives of great men all remind us What a lot we owe our wives. Little women get behind us And make something of our lives.

"GO SLOW." Big Money in Corn and Wheat. A \$30 investment made for a client of mine \$2,000 in six days. Write for a circular and copy of his letter; \$10 buys a PUT or CALL on \$10,000 bushels of wheat or corn; a movement of 50 makes you \$500. Send me \$10 or more and take a chance. Now is the time to buy WHEAT; you can't make your money make money by keeping it in your pocket. Stocks, Grain and Cotton traded in on 2c. margin. Do it now. Write me at once, for I can and will make you money.

(ANOTHER AXE TO "GRIND.") Carrie Nation's coming to P. E. I. Now P. E. I. means PARALYZING EVERYBODY INTERFERE.

"ONE TOUCH OF NATURE" Forty-two times he has run for the doctor, Forty-two times he's gone forth in the night, Nervously fastening on his suspenders, Hoping as never a bachelor might, Forty-two times he has wondered and waited, Pacing the floor with his head in a whirl; Forty-two times he has heard the anouncement, "It is a boy," or "It's only a girl." Forty-two times the grim nurse has denied him Rights that he proudly supposed were his own; Forty-two times he has harbored a longing Such as the childless man never has known. Forty-two times he has bounded up, hearing The first shrill cry of a strange little guest; Forty-two times he has come in the morning, Boasting and bragging and swelling his chest. Forty-two times he has paid for frail ribbons, Paid for soft laces and fluff affairs, Paid for the bottles and what is put in them; Forty-two times he has shouldered new cares. Forty-two times he has heard the glad message: "Everything's lovely—come in—it's all right!" Forty-two times he has gone for the doctor, But nothing up as he rushed through the night.

"ROCKS AHEAD." They are trying to arrange it so that man may safely fly. They are trying to learn more about the stars up in the sky. They are digging up old ruins so that each of us may know Just what people did for pleasure and for profit long ago; Here and there someone trying to revive the love of art. Here and there some poet, bravely slings a song that's from the heart, But away with art and science and the Babylonian brick, What we want is some sure way in which to Get Rich Quick.

Men are fighting still for freedom, fighting still to have the right To address their God unhindered when they kneel to pray at night; They are chatting death oppression as their fathers did before, They are toggling at the fetters which their luckless parents wore; Here and there some man arises and attempts to let us know How to make fair, Peace forever the sweet mistress here below, But we have no time to bother over such affairs; we stoke To the hope of finding ways in which to Get Rich Quick.

The preachers keep on preaching of the glories over there, Where the boddlers cease from troubling and the prospects all are fair, The anxious, eager doctors keep on striving to defy Grim Nature and arrange it so that people needn't die; But away with all the dreamers and the foolish ones who preach; Who care what the stars are made of, or what ancient tablets teach? We are looking for the hero who will show us all the trick, Who will kindly point the way in which to Get Rich Quick.

REFUSED LIFE INSURANCE ON ACCOUNT OF BRIGHT'S DISEASE.

Mr. William F. Montgomery, the Largest Coal Merchant of Albany, N. Y., Was Refused Life Insurance on Account of Bright's Disease, but After Taking Warner's Safe Cure Was Accepted and Now Has His Policy.

Mr. WILLIAM F. MONTGOMERY, of Albany. Mr. Montgomery is a living testimonial of what this great medicine will do for any man or woman who has kidney or bladder trouble.

"Instead of writing this letter I wish it were possible for me to see and talk with all those who are suffering from kidney troubles. I could tell them in one brief interview what your medicine has done for me, what I know it will do for them. I enjoyed vigorous good health up to a year ago, when overwork seemed to undermine my constitution. I paid little attention to the matter until it was brought home to me forcibly at an insurance examination. I failed to secure my policy, and after consulting the doctor who made the examination I became aware of my disease.

"Of course, I was alarmed and had repeated tests made of the urine for albumen, and the horror of the thing grew upon me when the doctors all pronounced the case Bright's Disease. Complications of the stomach set in, and although I doctor'd with well-known specialists I grew rapidly worse. This condition of affairs continued until last November. At that time my strength had diminished, and it seemed to me that I could not get well unless some relief was soon found. It was at this stage that interested friends brought to my attention Warner's Safe Cure. Cases were cited where it had accomplished good results. There being no objections, and all hope having been despaired of, I procured the first bottle. After a few days there were some encouraging indications. The slight improvement noted continued and grew and in a month albumen was entirely eliminated from the urine. I gained rapidly in strength and health and am now in perfect condition. My life insurance has been granted me and I feel that I owe my health and life to Warner's Safe Cure."

Warner's Safe Cure has been used by leading doctors, and prescribed in their practice, and by druggists everywhere, for over 30 years, as the certain cure for all diseases of kidneys, liver, bladder and blood that cures and leaves no dangerous after effects. CREATED A SENSATION IN GALT

The Whole Country Ringing with Praises of

PSYCHINE

(PRONOUNCED SI-KEEN)

Mr Weaver. Cured two years ago, continues to spread the good news of his recovery from Grinder's CONSUMPTION

Publicly corroborates the history of his restoration to health, as published recently by the daily press of Canada.

Doctors and specialists despaired of a cure and gave Mr. Weaver but three months to live.

MR. L. WEAVER, GALT.

Who desires to publicly confirm the history of his remarkable recovery, as published quite recently by the daily press of Canada. Mr. Weaver was as bad a case of Consumption as might well be imagined. He was employed for five years in the grinding room of James Warnock & Co's, better known as "The Axe Factory," in Galt. Here he contracted consumption from the steel-laden dust. He persisted with local physicians' treatment for over a year, also consulted a number of lung specialists. They all did their utmost to cure, but declared Mr. Weaver's an incurable case of grinder's consumption giving him but three months to live. Mr. Weaver himself, despaired of a permanent cure, as two of his brothers before him had already died of consumption.

Interest of Lung Specialists and of medical men and whose cure and complete restoration to health is the talk of Galt and the wonder of the medical profession. Such in brief, are the opening remarks of the case of Mr. Weaver, of Galt, whose portrait appears above.

Mr. Weaver's Case as given to the press, January 30th, 1934.

Dr. T. A. Slocum:—For five years I worked as a grinder in the James Warnock, better known as the Axe Factory, here. The dust from the grinding did for me what it has done for many others. It gave me "grinder's consumption." I was compelled, of course, to quit work. I persisted with two local physicians, and also consulted a number of lung specialists. Their diagnoses were all alike:—"You have Grinder's Consumption, and may possibly live three months, but you are liable to drop off at any time." This was over two years ago.

I then almost abandoned myself to what seemed my fate, my two brothers having died of consumption a few years previous. I was in an advanced stage of the disease. I was thin and weak, had little breath, chills and fever, and a terrible cough.

I saw your advertisement of "Psychine," and I determined to try it. Through the kind advice and assistance of REV. MR. KETTLERWELL, Methodist minister in charge here at that time, I procured your treatment. The very first bottle gave me great relief, and after taking six bottles I could walk down town and even work occasionally. Have since then entirely regained my health, and work hard every day. I can eat and sleep well, feel better to-day than I have for years. I owe my life to Psychine. Yours truly, LEVI WEAVER.

Mr. Weaver's second statement after the above was published. GALT, ONT. Dr. T. A. Slocum:—The publication of the history of my case in Toronto and Galt papers has caused quite a sensation in this town. There have been scores of people ask me if such were really the case. I have also received by mail numbers of like enquiries. Some people hardly think it possible that I was so near death's door. But I can say for certain that Psychine saved my life and I bless the day I saw Psychine advertised and became convinced of its merits enough to try it. I have spread the good news in three counties, and shall ever continue to praise Psychine. Every word, as published January 30th, is true to the facts of the case. Yours truly, LEVI WEAVER.

If you suffer from Lung Trouble, La Grippe, Asthma, Throat Diseases, Pneumonia, Catarrh of the Stomach, Bronchitis, Night Sweats, Loss of Flesh or Run-down System, or diseases where a tonic is required, there is no other medicine in the wide world that will act more promptly or effectively.

PSYCHINE is pronounced SI-KEEN. For sale at all drug stores, or if you have not tried it a sample can be obtained by writing to Dr. T. A. Slocum's laboratory, 179 King Street West, Toronto, Canada. Send for Dr. Slocum's Treatise on the prevention and cure of Throat and Lung Diseases.

A sample of Psychine will be sent free of charge to all who desire to test it. Write to-day to DR. T. A. SLOCUM, Limited, Offices and Laboratories, 179 King St. W., Toronto, Can.
