Music fills a bigger place in life today than it ever did before.

That's because people have learned that Music means Happiness.

The love of music exists in every human soul.

Music is not a luxury. It is an educational privilege that should not be denied the children.

You simply must have music—that's why you are always whistling or humming a tune.

Music is IN you—and it WILL come OUT.

Now the chilly autumn season is here Music is your faithful servant to give wings of joy to the evening hours.

Visit your nearest music dealer this week and arrange to improve the musical equipment of your home.

Every cent you invest in music returns you uncountable dividends in happiness for you and your whole family.
