Seated at the head table at last night's function were members of the executive, Mrs. G. H. Buntain, president; Mrs. H. P. Hoggood, Saint John, vice-president; Mrs. G. T. Bryant, Bridgetown, secretary-treasurer; Mrs. H. L. Seab, vice-president Charlottetown Club.

St. Peter's Race Track To Re-open

Old St. Peter's Bay, historic site of early island settlers, will soon be the scene of a revival very welcome to all horsemen. St. Peter's Raceway, also historic for the memorable equine battles of the past, will open in August. Here, Lucky Lindy, Billy Cope, Mac Aubrey, Babe Aubrey, Jessica the Great, Acadiaville, and that grand old campaigner, Bingen Aubrey, with the Colonel at the reins, each in his class, together with many others, fought for supremacy. In one particularly memorable race, the late, lamented, and much missed, weather inclemency necessitated holding some classes over till the following day. That night the discussion at the stables was hectic. Good humor prevailed the next day, the race was successful, the best horses won. St. Peter's retained its status in the minds of horsemen as a good place to go.

All this was a generation ago, for the information of the younger stratum of horsemen who have never been to this famous little track, we will briefly outline its location and history. Situated on a hillside overlooking the north by a hill dominating the most beautiful view in the Maritimes a half mile from the village, is St. Peter's Raceway. In its earlier inception, the shareholders and directors included Albert Quigley, George MacInnis, Daniel MacDonald, and others. There was a grand stand, judges stand, and stables, all since demolished. The grounds of the track included St. Peter's race track in its casualties and until now it has existed only in the memory of the older ones.

The new owners are Joseph Leslie, William Leslie, and Albert Quigley, of St. Peter's, and Bernard Glynn of South Nadick, Massachusetts. Joseph Leslie is manager. Compared with ordinary country tracks, the grand stand is large, and it is built of brick. It has eighty blocks of reinforced cement sunk two feet in the ground for foundation. It is braced every way to withstand all possible stress and strain. The grandstand is 1200 seats and filled to capacity. It is 135 feet long, and its total length in the rear is designed to provide space for serving refreshments. These booths are covered by a roof, and are attractive in appearance, and provide extra strength for the structure.

The pari-mutual stand in front provides sufficient space to accommodate a large crowd of buyers. The stand is in an especially difficult section, and will eliminate crowding. On the top of the grandstand is a well-finished booth which contains two separate compartments—one for radio broadcasting, and the other for photo-finish equipment. The judges stand, built along the usual lines, is painted attractively.

The track itself, which in its original condition was a couple of acres slow has been graded from the center of the track to the stretch to the wire, eliminating the ascent in the home stretch. It is perfectly banked, the work having been done under the capable direction of Paddy Mullin, and should be one of the fastest tracks in the Maritimes.

All horsemen—the most clanish and least selfish classification in human relations—will welcome this new management. We will wish the new management and directorate inspiration to make this track the attraction that their efforts and its tradition deserve.

Game Called In Fourth Inning Because Of Rain

The scheduled Junior League game between the Knights of Columbus and the Kinsmen Juniors last evening was called in the last half of the fourth inning with the Kinsmen at bat.

The score at the time was 3-3 as the Knights came from behind a three-run Kinsmen lead to knot the count in the top half of the fourth frame. The game was postponed momentarily in the last half of the third when rain started to fall. But play resumed again with the K. of C. team countering a run in the fourth to knot the score. There were two out in the last of the fourth and a runner on base when Umpire George Francis called the game.

Garth Crockett was on the mound for the Kinsmen while the K. of C. pitcher was Jack Burke. Crockett was touched for three hits while walking one, hitting three and striking out four. Burke was touched for four hits, walked two and whiffed five batters.

Longest hits of the abbreviated encounter were triples by Pineau of the K. of C. team and Rossiter of the Kinsmen. Kennedy and Coyle of the Kinsmen also hit doubles.

Midget Game

There will be a Midget game in the North-End Midget League tonight at the Holy Redeemer diamond at 4:45.

The Red Sox and the White Sox are scheduled to play and a keen contest is expected.

Racing Scene Shifts To Parkview Track Tomorrow Afternoon

Parkview Raceway, at Oyster Bed Bridge, just 14 miles from the City should be the scene of stirring racing duels Wednesday afternoon when four classified races will be held, with the same trotters and pacers who have been providing such sensational performances meeting again in further tests of racing speed and stamina.

Formerly the old Cymbris track last year and immediately made a hit with the racing fans. During the off-season many improvements were made to the racing oval and grounds in general and the results might have to be re-estimated as an up-to-date plant well on a par with the other tracks throughout the province.

As stated above racing should be spectacular. Although the entries in the classes are much the same as started at Covehead nevertheless so close has been the competition that it is foretold that the results will be forthcoming tomorrow afternoon.

A total of 49 entries will take the word in the four classes and it is likely that the starting gate will be used together with an elimination basis. That however, is mere conjecture but one thing is certain and that is that the fans will witness high class racing dirt that is seconds faster than last year.

The first heat will be called at 2 o'clock sharp. The starting gate will be used together with an up-to-date canteen service will look after the wants of the "inner man."

Make it a date to be at Parkview Raceway Wednesday afternoon.

Robinson Wants More Money For Next Season

By JACK HAND

BROOKLYN, July 18 (AP)—Jackie Robinson, in a roundabout way, today served notice on boss Branch Rickey of Brooklyn Dodgers that he wants more money in 1950.

The Negro star, leading hitter in the National League and top candidate for the most valuable player award, used an appearance before a congressional committee in Washington to break the news.

Robinson, who has been a representative of un-American activities committee to challenge a statement by singer Paul Robeson that Negroes in the United States would not fight in a war against Russia, Robinson told the members, among other things:

"It isn't very pleasant for me to find myself in the middle of a public argument that has nothing to do with the standing of the Brooklyn Dodgers in the pennant race—or even the pay raise I am going to ask. Mr. Branch Rickey for next year.

Jackie dropped it in just like that. But he was under oath before the committee swears in all witnesses.

Robinson didn't say how much of a raise he wanted. It is not the policy of baseball clubs to discuss such matters in open forum, and Rickey declined comment when told about it. Best guess on Robinson's current salary is about \$19,000.

There doesn't seem to be much argument about Jackie earning his keep. The latest averages show him hitting .363, or 31 points better than runner-up Ralph Kiner of Pittsburgh.

And that isn't all. He has more hits than any other player in the majors, 117, and tops the National League in runs scored with 73. He has 11 home runs, 68 and stolen bases with 21.

out right eye that opened in the fourth round and bled profusely in every heat after that.

Gord Kiley, Cape Breton Golden Gloves junior welterweight champion for two years running, scored a clean-cut decision over Bob Gammon of Halifax in the six-round semi-final.

Mutt Kavutz, Glace Bay lightweight, didn't get the heat a chance to wear on him. He belted Ralph Parker of Halifax out in 56 seconds of the first round.

Joe Pyle Loses Decision

GLACE BAY, N.S., July 18 (CP)—Dave (Golden Boy) Andrews of Lowell, Mass., won a close decision over Joe Pyle of New Waterford, N.S. in a 10-round feature boxing bout viewed by 2,200 sweltering fans at the Glace Bay Forum tonight.

The battle bore little resemblance to the first meeting between the two welterweights at Salmen, Mass., in November, 1947. That time, Andrews put Pyle away in three rounds. Midgets won their game of the doubleheader from the Parkdale squad by a score of 11-2 in a game played at the Parkdale diamond. The Midgets eked out a close win over the Parkdale Bantams as they pushed a run across the plate in the last half of the ninth inning.

In the midgets' game the east-end team had a little too much class for their rivals as they pounced out their overwhelming victory. Jimmy Flannigan was the winning pitcher of the game and hurled a good game of ball in his winning cause. In the Bantam game the teams staged a bitter struggle for the nine frames with the winners breaking in the deadlock with a run in the last of the ninth. Bobby Lund's bunt hit and an overthrow to first base resulted in the winning run coming across the platter.

Future meetings between them will attract plenty of interest and should it work out that they will oppose each other when all the chips are down and the title at stake fans, and this is looking far into the future, could well witness a mound duel on a par with those of the past two weeks with the Kinsmen showing the most improvement climbing from far down in the cellar up to a tie with the second place Vics. So, as was being predicted by many, the East-end Vics' team will be the team to watch in the future.

The minor league are also well understood in the present time and fans interested will find the schedule in this issue. Players in charge of the various groups are bending every effort to help make the maximum success and with the youngsters showing every co-operation between some efforts will not prove in vain.

The diamond located in the east end of the City near the approach to Hillsboro Bridge has been the cause of much favorable comment of late. In bad shape when work was started on it, it presented a tough job for those in charge but perseverance and interest paid off and now the field is ready to play. It is comparable to any of the smaller diamonds in the City. Those responsible for the work are to be commended on their efforts.

Not in operation since the 30's and in a bad state of deterioration sportsmen in that center started rebuilding plans a couple of years ago and today an even better racing plant has arisen to take the place of the old one. St. Peter's races was always a by-word in the days when it was booming and now that it is ready to begin operations once more it won't take long before even larger crowds than before will be flocking through its gates when race days roll around. Those responsible for its re-birth are to be congratulated on the splendid job they have accomplished.

In the list of entries for next Saturday night's race meeting at the Exhibition track the name of Wilkin was omitted. The veteran campaigner starts against Vella and Vella, Fibert, Worby Ermine, Josealio Hooper, Neil Kalumuk and Walt N' See in the feature event on the card and his presence will add that much more uncertainty to the outcome especially since his win last Saturday night against practically the same field.
