The little one was a bright and cheery child in the home although God willed her to remain only seven months to comfort those about her. Sick a few days it was a sudden bereavement for the parents who have the sympathy of a host of friends.

INSECT PESTS—In view of the increasing number and destructiveness of insect pests in recent years, the entomological exhibit at the Provincial Exhibition this year will be of more than ordinary interest. Prof. Payne who has been in charge of this exhibit for the past several years, is on duty this year again, and will be pleased to confer with farmers and others interested on this subject. It will perhaps be more interesting than agreeable to note that a number of new pests recently discovered have been added to the present collection.

A young man, Mr. Frank Vessey, about 28 years of age accidently shot himself in the right lower chest by a revelver bullet last night, it is alleged between 10.30 and 11. o'clock.

The accident, according to the wounded man, took place on Pownal Street near Richmond

On his admittance to the City Hospital about 10.45, he was found by the nurse in charge to be suffering intensely. Dr Ledwell who was immediately summoned was soon at the patient's side, and after an examination, made the wounded man as comfortable as possible. The Doctor, interviewed at a late hour this morning stated that Vessey was in a serious condition and that he would more than likely have the victim removed to the operating room in an effort to locate the bullet.

Briefly questioned, Vessey stated he accidently shot himself, but made no further statement.

At the Prince Edward Island Hospital, on Saturday evening, August 16th, there passed to his great reward, after a brief illness John W. Lank, Superintendent of Schools of Ramseur, North Carolina U. S. A. The late Mr. Lank was born on Campobello Island, New Brunswick, thirty-one years ago, only son of Mr. Beverly Lank and his wife who still reside there. After receiving his early education in the public schools of New Brunswick, he proceeded to Acadia University, from which he graduated in 1922. He next spent two years at Newton Theological Seminary, and the summers in Christian work, expecting to offer for the Christian Ministry, but failing health guided him into the teaching profession in which he has since been engaged. In 1924 Mr. Lank married Laura Bagnall, daughter of the late Joseph Bagnall, of Hazelgrove, P. E. I., a classmate at Acadia. His brief but trying illness was borne with Christian fortitude, and those who loved him rejoice in the call which has taken him out of suffering to be "with Christ which is far better."

The burial will take place in Campobello on Wednesday. Mr Andrew Bagnall, Mrs. Lank's brother, is accompanying the bereaved parents on their return to N. B.

BRIDGE PLANKING ABLAZE.—At noon yesterday a number of planks in the sidewalk of the northern end of Hillsboro Bridge were found on fire. The chemical engine was called, and the blaze extinguished. LAW FOR DRUNKEN DRIVERS—With reference to the report from Sydney in Saturday's issue that the revised Criminal Code provides for a minimum of 30 days imprisonment for drunken auto drivers it should be pointed out that that is only when the accused has been convicted on indictment. If the offender has been convicted summarily the minimum penalty is still seven days imprisonment for the first offence.

The Field Day held on the farm of Mr. Cephas Gregg, Illustration Station operator at West Devon, Prince County was largely attended. All crops on the station were above average. Mr. D. C. Schurman explained to those present the best varieties of trees, shrubs and flowers best suited to certain conditions, and explained the best way of planting the same. So interesting did this prove that Mr. Schurman was requested to visit the homes of several of the men present and explain more fully the best method of improving their particular surroundings. The treatment which each field received, its average yield and recommendations were given by the Supervisor. A number of plots with concentrated fertilizers on potatos were examined with interest.

After the Field Day a picnic tea was served by the women of the district and all were satisfied that a useful and profitable day had been spent.

Canon Scott, Quebec, senior Chaplain of the Canadian Division in France, on returning from the Magdalen Islands where he was on an official visit celebrated the Holy Communion in St. Peters Cathedral at 8 a. m. yesterday, was present at the 11 o'clock Sung Eucharist and preached a powerful and masterful sermon at Evensong The Venerable Archdeacon took as his text the words "Charity never faileth" from the 8th verse of the 13th Chapter of St. Paul's Epistle to the Corinthians. This chapter said the preacher was one of the most beautiful ones in the Bible and was written by St. Paul to those who were largely slaves, and must have carried a great message to them. Man and woman have been made gentle by the love of Jesus Christ and it is well to look at this message or portrait of St. Paul line by line, and substitute the word gentleman or gentlewoman in place of the word charity, thus we have a gentleman or gentlewoman suffereth long and is kind; envieth not; vaunteth not, is not puffed up; does not behave unseemly; seeketh not for self; is not easily provoked; thinketh no evil; rejoiceth not in iniquity, but rejoiceth in truth; beareth all things, believeth all things, hopeth all things, endureth all things; never faileth. No one on considering this beautiful portrait painted by St. Paul can but feel his or her shortcomings, but all must endeavour to follow in the footsteps of Jesus Christ who was a gentleman. The whole sermon was full of great and pointed truths and will not soon be forgotten by those who were privileged to hear it. Just before the Blessing one of Canon Scott's beautiful hymns, "Cast thy care on Jesus," was sung. At the close of the service Canon Scott had a talk with several war veterans outside the Cathedral and all were delighted to see him looking so well. During the afternoon the Canon enjoyed the beauties of Holland Cove and the warm waters surrounding the Island coast, and left this morning on return to Quebec.

The Hon. W. Bruce Butler, member without portfolio in the Provincial Government, yesterday tendered his resignation to Premier Lea as a member of the Government and also announced his intention of supporting the Conservative party under the Hon. J. D. Stewart at the next session of the Legislature.

The high-handed attitude of Premier Lea in conducting the provincial administration without consulting other members of his cabinet —an attitude not in accord with the democratic principles of British systems of Government—was given by Mr. Butler as the chief reason for his breaking away from the Liberal party, which he has consistently supported in the Legislature since his election as representative of the Fourth District of King's in 1923. Re-elected in 1927, Mr. Butler was sworn in as a Minister in the Saunders Government on its formation, Aug. 12, 1927, and rendered indefatigable service in that capacity.

"My decision to resign from the Lea Government and the Liberal party was not taken hastily, but was the result of serious deliberation on my part," Mr. Butler stated in an interview with a Guardian representative yesterday. "I believe in democratic Government, and I cannot conscientiously support an administration that has flouted every principle of democracy. That is my chief reason for leaving the Government, and, as I see it, it is a most important one."

Yesterday afternoon Mr. Butler notified Mr. J. D. Stewart that he had left the Liberal party and offered his support as a Conservative member at the next session of the Provincial Legislature. Mr. Stewart cordially welcomed Mr. Butler to the ranks of the Conservative party.

The condition of Frank Vessey, victim of a mysterious shooting accident Sunday night, who now lies in the Charlottetown Hospital, was reported somewhat improved last night. Vessey himself gave little information concerning the affair, only briefly stating he had shot himself. Early yesterday afternoon, however, Michael Vessey, father of Frank, confessed to the police that his son was shot at their residence, 84 Pownal Street, in a quarrel over a revolver. Michael, who is crippled, said that while he was in bed a quarrel arose over the possession of a revolver and in a struggle taking place at the foot of the bed, he accidentally pulled the trigger, and the bullet struck Frank in the right chest. The bullet must have been fired from an elevation, for at the hospital three x-rays showed the bullet near the kidneys at the base of the spine.

Michael said that he and his son were the only ones present at the time of the shooting, but that Spurgeon Diamond and Walter Duffy, who arrived shortly afterwards, took the wounded man to the City Hospital. The Police are investigating the matter.

A strange feature of the case is the fact that the revolver which fired the bullet has not yet been found.

MACKINNON—MORRIS WEDDING—A very pretty wedding took place at the summer home of Mrs. Frederick Gane-Morris, Grand Tracadie, when Jean MacKinnon, daughter of the late Charles MacKinnon, Uigg, was married to John Morris, Jr., son of Mr. and Mrs. Thomas Morris, of Minudie, N. S., and nephew of John S. Morris and F. E. Morris of Charlottetown. The bride, who was unattended, wore a white lace evening gown and beautiful old lace veil, draped hood fashion with orange blossoms and carried a bouquet of white flowers and maiden hair fern. The ceremony was performed under an arch of flowers and the house was beautifully decorated with flowers and colored lights. Rev. M. Scott Fulton of Zion Church performed the ceremony. Canon Malone was also present. The bride was given away by her brother, William MacKinnon of Uigg. Only the immediate relatives of both parties were present. The bride, going away, wore a smart traveling coat of fawn, trimmed with fur and a tomato colored felt hat. The Guardian joins the friends of this popular young couple in wishing them every happiness.

After leaving there he had a most varied and interesting experience, spending ten years in the Yukon and preaching in various parts of Canada. During the years 1919-1920 he was Moderator of the Presbyterian General Assembly but joined the United Church at the time of the union in 1925. Dr. Pringle has been pastor of St Andrew's United Church in Sydney since 1908. He is now known as Pastor Emeritis, having no administrative duties but supplying congregations from time to time. The Doctor has frequently lectured in Prince Edward Island on his experiences in the Yukon and has also preached in a number of our church es. Mr. B. M. Stitt of Le Pas, Manitoba was one of the successfull Conservative candidates in the recent Dominion Elections. He won by a majority of over 600. Mr. Stitt is a son-in-law of Mr. G. W. West, a former resident and ex-mayor of Innisfail. Mr. Stitt was elected mayor over 12 years ago and has held the office continually since. During his tenure he has proved himself an able administrator, working for the welfare of his adopted home and showing a firmness admirably adapted for a border city.

Some time ago he suspended the chief of police and his action was negatived by the council, whereupon Mr. Stitt resigned and appealed to the citizens, who after a bitterly fought campaign, returned him to office with a much increased majority.

With his intimate knowledge of the mineral and other resources of a region of potential wealth Mr. Stitt should be an acquisition to his party at Ottawa. It may also be mentioned that like many of Mr. Bennett's supporters Mr. Stitt acquitted himself honorably as a machine gun officer during the great war.

Agony of Neuritis

A Story of Intense Suffering and Relief

"Do I recommend Dr. Williams' Pink Pills"? "You may believe I do" says Mr. John H. Jamieson, of Walsaceburg, Ont.

"For five years I suffered day and night from neuritis. The agony was terrible. I lost control of my arm and shoulder and my hand became shriveled. Nothing helped me till I began taking Dr. Williams Pink Pills. Even then the improvement was slow and I took ten boxes before I was on the way to recovery. After that, though, relief was rapid. My hand gradually filled out; the pain left me and I could sleep in peace. That was two years ago and I have not had a twinge of the trouble since."

Sufferers from neuritis, neuralgia or rheumatism should try the common-sense method of banishing these troubles by enriching the blood and strengthening the nerves with Dr. Williams' Pink Pills. These Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
