Labor Union Programme At Carnival This Evening

Increasing Popularity Of Forum Show Evident—Big Night Predicted In Tonight's Entertainment

Tonight will be Labor Union night at the Forum and they will have complete charge of the programme. At 8.15 the Labor Union climbing greasy pole contest will be on. A pole will be greased and competitors will start at each end working towards the middle where they will have a battle royal to see who can stick on longest. The Union boys just know exactly how to stage this kind of a show and you can be sure it will be done right.

At 10.15 p. m. drawing will take place for the nightly door prize and immediately after the Labor Union will put on a complete program of their own lasting for from 10 to 30 minutes. The expectations are that the attendance tonight will be as large if not larger than any night of the week.

Last night there was a tremendous turnout of kiddies who were especially interested in the blue-berried pie eating contest. Tonight it will be more of a grownups night. The crowd that attend the carnival are happy and good-natured and take the most maximum fun out of everything that goes on.

The games continue to be well patronized and the prizes given are fair and generous, so that everyone has a run for their money.

The golf game and the shooting gallery continue to vie with each other in popularity.

The small admission fee of ten cents places the whole show within the reach of everyone's purse and at the same time enables our citizens to give their help one and all towards the senior hockey team which in a short time will be measuring strides and sticks with the Allan Cup holders, Champions of Canada.

BRITAIN

Continued from page 1

Hitler Idea

The Germans also have attacked the whole previous conception of nationalities by the new Hitler idea that a nation is an ethnic whole regardless of whether its members are within or without its frontiers.

The British delegate bluntly rejected this idea and did not mince words. "If we accept it," he said, "I hesitate to think of the responsibility of my Government for all those in the United States who claim descent from the original Pilgrims in the Mayflower." There are about 3,000,000.

Great Britain herself consisted of three main races, the English, the Scottish and the Welsh, and these could be subdivided into many more, he said.

RECOVERY

(Continued from Page 1)

Volume Rises

The index of the physical volume of business, which stood at 67.1 on February last, had risen to 89.9 in August, the latest month for which figures are now available. These figures based on the index of 100 equalling the volume of 1926.

Wholesale prices increased by nine per cent over the same period.

Available records of industry since April show that 116,000 have been added to the payrolls while estimates based on these partial reports place the entire increase in employed persons since that date at 246,000.

German Thesis

Playing what he called the German thesis that a state has the right to concern itself with the citizens of its race living in other countries he grew increasingly emphatic as he launched into one of the warmest defenses of the parliamentary system delivered in an international gathering since the advent of Fascism and Hitlerism.

"Great Britain believes firmly in a parliamentary system in which the minorities can carry their voice to the Government and all sides must be heard before laws can be enacted. Likewise Great Britain believes in the freedom of the press."

"We have always set self-government even above good government," he also declared. "Great Britain never abandon parliamentarism. The quality of freedom is the only thing that holds Great Britain—it is the free association of free peoples bound together by real guarantees that protects all minorities all over the world."

MARRIAGES

NELSON-BUCHANAN — At Park Street Congregational Church, Boston, on Wednesday, October 4th, 1933, by Rev. Dr. A. Z. Conrad, Ruth Elizabeth, daughter of the late Mr. Horatio Nelson and Mrs. Nelson, of Boston, formerly of Montague, P. E. I., to Hugh J. Buchanan, of Moncton, N. B., son of the late Mr. and Mrs. Hugh Buchanan.

Islander Wins Championship

One of the outstanding wins in the horse sections at the Halifax Exhibition was that of Mr. Cecil J. Stewart of Hampshire on his five months old Clydesdale stallion "Craigie Ideal." This youngster was awarded the Grand Championship for registered Clydesdales. It is uncommon for a horse of this age to receive this honor, and only attests to the remarkable quality and individual merit of Mr. Stewart's entry. Craigie Ideal was sired by "Craigieflower," the stallion owned by the Provincial Department of Agriculture, who was also the sire of the Grand Champion mare at Charlottetown.

Mr. Stewart is to be congratulated on his success at Halifax. It is not the first honor of this kind he has won at this Show. Last year he had the honor of winning the Grand ribbon in very hot competition in the Holstein Classes, a duplication of a similar honor at the Charlottetown Show.

ISLAND PRIZE WINNERS AT HALIFAX EXPO.

(Canadian Press)

HALIFAX, Oct. 4.—Exhibitors from Prince Edward Island made excellent showings in the cattle, horses and sheep competitions, judged today at the Nova Scotia Exhibition.

George C. Kitson of Hampshire, P. E. I., gained a majority of firsts with his horse exhibits. His exhibits gained the following prizes. 1st and 3rd, mare and gelding two year old; 1st and 3rd, mare or gelding one year old; 1st, 1932 foal; 1st, brood mare with foal; 1st, mare and two progeny; 1st, three animals, get of one sire, not necessarily owned by one exhibitor.

Horne Bros. Exhibits

Animals shown by Horne Brothers of Winslow, P. E. I., won the following awards: 1st and 2nd, mare or gelding three years and over; 2nd, mare or gelding two year old; 2nd, mare or gelding one year old; 2nd, 1932 foal; 2nd, brood mare with foal; 2nd, brood mare with two progeny; 2nd, three animals get of one sire; 1st, grade draft horse, Matime bred, any age.

Jersey Cattle Class

In the grade Jersey cattle class, Stead Brothers of Charlottetown and Wilbur Younker of Clyde River, P. E. I., walked off with all awards. Stead Brothers gained the following prizes: 1st, cow four years old or over; 1st, heifer two years and over; 1st, heifer one year old; 1st, heifer calf.

Younker's cattle received the following awards: 2nd and 3rd, heifer two years and under; 1st and 2nd, heifer one year old; 1st and 3rd, Wilbur Younker.

Shropshire Sheep

George S. Boswall of Charlottetown was awarded the following ribbons in the Shropshire Sheep class: 1st and 3rd, ewe, two years or over; 1st, ewe, shearing; 1st, ewe, lamb; 1st, pen of one ram, two shears or over, two ewes, two ewe lambs; 2nd, pen, one ram lamb three ewe lambs.

South Downs Sheep Class

Almon Boswall of Dunstaffnage P. E. I., won the following prizes in the South Downs sheep class: 2nd, ram two shears or over; 2nd and 4th, ram shearing; 2nd, 3rd, ewe two shears or over; 1st and 4th, ewe shearing; 1st, 3rd and 4th, ewe lamb; 1st, pen of three ram lambs; 2nd pen of one ram; two shears or over, two ewes, two lambs; 1st, pen of one ram lamb and three ewe lambs.

Oxford Downs

In the Oxford Downs sheep class, the following awards went to George L. Postfall: 2nd, ram two shears and over; 3rd, ram shearing; 1st, ram lamb; 1st and 3rd, ewe two shears or over; 1st, 3rd, ewe shearing; 3rd and 4th, ewe lamb; 1st pen of three ram lambs; 2nd pen of one ram, two shears or over, two ewes, two ewe lambs; 2nd pen of one ram lamb and three ewe lambs.

Cordial Thanks

The following letter from Lord Macmillan, chairman of the Royal Commission on Banking and Currency, has been received by Hon. W. J. P. MacMillan, Acting Premier—

Ottawa, Ont.,
28th, Sept. 1933.

My dear Acting Premier,

Now that our labours are drawing to a close, I should like to be allowed, before I leave Canada, to read to you on behalf of my colleagues and myself a message of very cordial thanks for the kindly reception which was extended to us on our visit to Prince Edward Island, and for the generous assistance which we received on all hands in your Province.

Believe me,
Yours sincerely,
MACMILLAN
Chairman

Royal Commission on Banking and Currency.

Balloonist On Way Home Arrive In Halifax

(Canadian Press)

HALIFAX, Oct. 4.—Homeward bound with the coveted James Gordon-Bennett cup, two Polish balloonists touched at Halifax today on the way to Poland. Captain Francis Hynes and Lieut. Z. Brzynski, whose 812-mile aerial journey landed them in the Quebec wilds just a month ago, were passengers on the liner Kosciuszko out of New York and bound for Gdynia.

With the daring aeronauts were the remains of the balloon that carried them from Chicago on a journey of more than 39 hours, to end finally 100 miles north of Riviere a Pierre in Quebec's northland. A six-day trek through wild country, with only a dozen oranges for food, brought them to civilization.

LIQUOR CARGO

(Continued from Page 1)

B. Howard, William Walsh, Roy Moser and Frank Harvey.

Elude's Coast Guard

It was the largest liquor haul in several years, customs officers said. Masquerading as the Texas Ranger, the British freighter Holmewood eluded a patrol of coast guard vessels searching for her in the harbor and got as far as Haverstraw safely.

The crew came ashore. The captain caught a train and escaped. The police, attracted by the odd looking group, caught the crew. They said they came ashore when their ship ran aground. Investigation revealed the cargo.

Coast guard cutters towed the ship to anchorage off the Statue of Liberty. Investigation, a treasury agent announced, disclosed that the Texas Ranger, painted on the side of the Holmewood, was the name of an actual freighter, now a few hundred miles off Galveston, Tex. Treasury officials said the Holmewood was registered at West Hartlepool, England.

Were Warned

Seizure of the Holmewood ended a search by coast guardsmen and customs patrols which started Monday night. Warned that an attempt would be made to land a large cargo of liquor, the Government boats patrolled the Hudson and East Rivers for more than 48 hours.

Coast guardsmen said the vessel twice narrowly escaped capture as it sailed up the Hudson. Early last night, they said, the freighter, passing Sandy Hook, signalled it was the Texas shipper bound for the Erie Basin for repairs.

At about 10 o'clock a boat, believed to be the Holmewood, was ordered by a customs patrol cutter to stop. A voice shouted through a megaphone that the vessel was bound for Albany, N. Y., and could not stop because of the tide. It was allowed to proceed.

Craft Described

Treasury agents said it was possible the captain had been warned by wireless that his craft was being sought by Government boats. They said this may have caused him to put into Haverstraw Bay and abandon his ship.

Arraigned before United States Commissioner Garrett W. Cotten, on charges of violating the revenue laws, Howard, listed as chief engineer and Fred Morgan, supercargo, were held in \$3,000 bail each.

Other members of the crew were held in \$1,500 bail each. A hearing was set for October 17.

In 1883 the assessed value of real estate and personal property in Summerside was about \$1,000,000 and the tax rate was .50. In 1933 the assessment roll is about \$3,000,000 and the tax rate is 1.20. The population of Summerside has increased nearly 1,000 in the last

50th Anniversary Of S'ide Bank Of Nova Scotia

(From The Island Farmer)

It was in October, 1883, however, just fifty years ago this month, that the old Union Bank of Prince Edward Island became amalgamated with the Bank of Nova Scotia. The former institution had been founded in 1863 with its head office in Charlottetown and branches in Montague and Summerside. The manager of the Summerside Branch was Mr. Neil McKelvie, who for many years was generally regarded as one of the best informed bankers in the Island. When the amalgamation took place Mr. McKelvie was retained as manager of The Bank of Nova Scotia and remained in that position for many years afterwards.

The Union Bank of P. E. I. was originally located on the north side of Water Street just west of what is now the Clifton Hotel. At that time Water Street was lined with busy shipbuilding yards and the crews of vessels on the stocks were said to project across the street so numerous as to impede traffic. The Bank was next housed in a site now occupied by that part of the Journal Publishing Company premises used as the Masonic Hall. It was while occupying this building that it became a branch of The Bank of Nova Scotia. About this time the following newspaper advertisement appeared:

THE BANK OF NOVA SCOTIA

Incorporated 1832

Amalgamated with Union Bank Prince Edward Island 1883. Capital \$1,114,300. Reserve fund \$360,000. Grants, drafts on the principal cities in Great Britain, Canada and the United States and allows four per cent on deposits. Branches in Prince Edward Island: Charlottetown, George MacLeod, Manager; Summerside, Neil McKelvie, Agent.

Fires have so often been a scourge to Summerside! The Bank of Nova Scotia shared in the common lot, its premises having been destroyed in 1895 by fire and temporary quarters were secured upstairs in what is now the Royal Bank Building while new offices were being fitted up in the Clifton Building. The next move was about 1904 to a building on the corner of Water and Summer Streets where the Provincial Bank of Canada is now located, almost opposite the present building. In the year 1913 The Bank of New Brunswick became merged with The Bank of Nova Scotia. The following list of managers in Summerside of The Bank of Nova Scotia, many of whom were widely known throughout the Island, will be of interest to readers of the Island Farmer. Dates of their appointment are also given: Neil McKelvie, October, 1883. D. R. Laird, April, 1894. A. E. Williams, October, 1897. W. M. McCunn, December, 1899. A. E. Vessey, September, 1901. W. H. McKie, April, 1905. Fred McNeill, July, 1909. H. T. Bagg, August, 2, 1921. W. E. MacDonald, June 22, 1931.

It is noted with regret that the majority of these men, so valuable to the community in their time, have passed on to their final reward.

It is a matter of considerable pride for Summerside to recall that the present General Manager of the Bank Mr. J. A. MacLeod, who was born at Park Corner, received his early training here, having entered the service of the Bank at the Summerside Branch in February, 1887.

It was but ten years before the establishment of The Bank of Nova Scotia in Summerside that the Island became a province in the Dominion of Canada. The first representatives in the federal house from Prince County were James Yeo and J. C. Pope. Ship building was carried on as early as 1818 by the sons of Daniel Green, the earliest English speaking settler of whom there is any record. About 1860 oyster fishing had assumed some importance. In that year Mr. J. A. Sharp who was a pioneer in the industry made his first substantial shipment. The industry flourished and furnished the tables of many countries in the world with choice Malpeque, Bedecques and others until the beds were practically destroyed by disease in 1913. The railroad which was opened in 1874 brought many new residents.

In 1883 the assessed value of real estate and personal property in Summerside was about \$1,000,000 and the tax rate was .50. In 1933 the assessment roll is about \$3,000,000 and the tax rate is 1.20. The population of Summerside has increased nearly 1,000 in the last

AUSTRALIA

Continued from page 1

(6)—Abolition of the 10 percent prime on Hessian.

(7)—From four to 10 percent on a small group of miscellaneous group.

Newsprint is exempted from the list in view of the abolition some time ago of a special impost of £1 per ton.

Details of proposed reductions in British preferential tariff rates were not revealed, but it was pointed out both these and the prime reductions would enable Empire goods to enter Australia at lower rates.

In making his announcement on tariffs the Prime Minister in his role of treasurer, said it was not considered desirable at present to apply the prime decreases recommended by the tariff board to foreign imports. He added that it was proposed to incorporate in the customs tariff (or industries preservation) act a provision enabling formulae to be applied, when required, to goods from countries whose currencies are depreciated in terms of gold below Australian currency.

Ottawa, Oct. 4.—(C.P.)—Reductions in prime duties "very satisfactory to Canada" on many exports from this country to Australia were announced in Australia's Budget today, Hon. H. H. Stevens Minister of Trade and Commerce, has been informed by cable.

The decreases announced in prime duties—which are special tariffs imposed by Australia on all imports in addition to the regular tariff duties—vary for different imports, the cable stated. Canadian goods benefited especially by the decreases in prime duties are not set out in the official advice received and the Minister cabled tonight to Trade Commissioner Ross at Melbourne asking officially for further details. The decreases in prime duties are in accord with the Canada-Australia Ottawa Imperial Conference Agreement, Mr. Stevens stated.

VIOLENCE

(Continued from Page 1)

ization has not been recognized by employers.

A mob of 300 jeering pickets went into battle with 1000 men attempting to get to work at Ambridge. Deputy sheriffs at the mine entrance opened fire and laid down a barrage of tear gas to quell the riot. From Washington, Pa., came an announcement that mounted state troopers would be on hand tomorrow to protect miners wishing to return to work in the Burgettstown and Avella district.

ten years and if the native sons now absent in the United States and other parts of Canada could be added in the population would be close to 10,000.

The Bank of Nova Scotia itself celebrated its hundredth anniversary in August of last year. Its record of progress and of growth are in themselves a tribute to the integrity and ability that characterize the men and institutions of these Maritime Provinces. From a small institution doing a local business in Halifax, the Bank has spread its operations and its branches gradually westward across Canada, to the number of over 300, providing an efficient and modern banking service to customers all over the Dominion.

The Bank of Nova Scotia also has an extensive system of branches throughout Newfoundland and in Jamaica, Puerto Rico, Santo Domingo and Cuba. It has as well a branch in London, England and offices in Boston, New York and Chicago.

It has been busy in recent years in carrying the name and fame of Canadian industry into far quarters of the commercial world and has built up its financial position until today it is one of the great banks of the world, with a paid up capital of \$2,000,000, Reserve of \$24,000,000 and Resources of \$265,000,000.

Extensive and world wide though its functions and activities have become it continues to take the same interest, as when it was a purely local institution, in the business and economic life of every community in which it has a branch and with its broader connections it is, of course, in a position to render to its clients a much improved service.

WIDER POWERS SOUGHT BY MAR. SYNOD

(Canadian Press)

WESTVILLE, N. S., Oct. 4.—Enlargement of powers extended by the General Assembly to the Maritime Synod of the Presbyterian Church in the handling of church funds was advocated today before the Synod's annual session. Proposal that the Synod seek a refund of 25 percent of monies contributed towards the church budget, the refund to be used for home missions, was put forth by the retiring Moderator, Rev. S. J. MacArthur of Moncton, N. B., in his annual report.

Suggests Committee

He embodied his suggestion in a resolution calling for the appointment of a committee to go before the General Assembly and "press our claims for the enlargement of synodical power."

It met with lengthy discussion and was finally amended to authorize appointment of a committee to report on the subject before the session's close.

Need Of Assistance

Discussing the question in his report, Rev. Dr. MacArthur said the \$10,000 which would be made available in this way would be of great assistance in maintaining congregations in outlying districts and possibly reviving presently inactive congregations. Many, he said, were "sorely in need of assistance" and might be "compelled to cease functioning" unless aid was forthcoming.

The committee dealing with the subject is composed of: Rev. J. A. MacArthur of Saint John, Rev. D. P. McLaughlin of Miramichi, N. B.; Rev. A. A. MacDonald, Prince Edward Island; Rev. Hugh Munroe, Rev. J. G. Callin, Pictou; Rev. Q. A. McDowell, Sydney Mines.

DOMINION GOVT.

(Continued from Page 1)

indicating what has been done to alleviate the situation.

E. W. Beatty, K. C., President of the Canadian Pacific, who has been on an extended tour of Western Canada, will be in Ottawa tomorrow on his way back to Montreal, and will no doubt confer with the Prime Minister.

Associated with this problem, and considered in some quarters as of similar importance, is the manner of appointing new trustees to replace the Canadian National Board of Directors. The Legislation designed to stimulate co-operation between the two great systems, and to reorganize the Canadian National, went into effect on July first. It called for the appointment of a board of three trustees to replace the Canadian National directors.

Announcement Expected

Announcement that these appointments had been made has been expected daily for the past week. It is understood Mr. Bennett will endeavor if at all possible to name this board before he leaves Saturday for his western tour, so that no further time may be lost in setting in motion the plans for economic co-operation which have been formulated by a joint committee of the two railways during the interval since the legislation was enacted by Parliament.
