WARNING TO U. N.

AUCKLAND, N. Z. (CP) - Prime Minister Peter Fraser in an address here warned the United Nations would become the laughing stock of the world if it continued to tackle questions, leave them unsolved, and make decisions without enforcing them.

DIG OUT THESE UNNEEDED TOYS

Many old toys, repaired and repainted, can help make glad many children at Christmas time.

If you cannot do the work yourself, you can turn over unneeded toys and pieces of furniture to the Boy Scouts or to service organizations which are equipped to repair and refinish them and again put them into useful channels.
