LIBERAL VICTORY IN NEWFOUNDLAND ELECTION

German Communists Upset By Switch In Russian Policy Commanding Lead Shown By Incomplete Returns

Heavy Casualties Mark Rioting By Strikers At Bolivian Tin Mines

LA PAZ, Bolivia, May 29 (AP)—D.C. Kerringer, general manager of the Patino Tin Mines in Catavi said today two American engineers and one Bolivian were beaten to death yesterday by strikers.

The other American engineer was reported missing.

Kerringer said in a telephone interview that the Americans were T. H. O'Connor, Pasadena, Calif., and Albert Dretting, Seattle. The Bolivian was named Vargas.

Kerringer said they were among 15 hostages seized by the strikers and taken to strike headquarters and beaten. The group included seven Americans, one Argentinian and seven Bolivians.

Kerringer said also that the whereabouts of another American engineer, H. T. Peterson of Biwabik, Minn., was unknown.

Rioting and clashes with troops led to the mines fired yesterday. Casualties, mostly among soldiers, numbered between 100 and 150, unofficial reports said. Strikers armed with sticks of dynamite battled the soldiers.

The miners are striking in protest against the arrest and deportation of a group of union political leaders.

The Patino mines produced 18,000 tons of tin in 1948—about half the total of 37,000-ton output of the country.

Mr. Drew At Vancouver

(By Canadian Press Staff Writer) VANCOUVER, May 29 (CP)—George Drew, Progressive Conservative leader, arrived here today on his coast-to-coast Federal election campaign tour.

Mr. Drew came from Kamloops where he addressed an evening meeting Saturday night. He spoke at an afternoon meeting Saturday in Salmon Arm, B.C., and will speak tomorrow in Nanaimo and Victoria.

Coming Events

- *Dance in Belfast Hall, June 1st. Good music.
- *Mail your Films to Garbun Photo Studio, Charlottetown.
- *Buying daily, good second hand feed bags. Dillon & Spillett.
- *Dance, Long River Hall, Wednesday, June 1.
- *Free movies, Wheatley River Hall, May 31.
- *Dance Long River Hall every Wednesday, Good music.
- *Opening dance, East Royalty Club hall, on Tuesday, May 31. Eastern Rhythm Boys.
- *Dance in St. Peter's Legion Hall every Tuesday night. Cliff Peters Orchestra.
- *Show Morell every Tuesday. Friday Saturday, 8:30 P. M. Admission 15c-30c.
- *Jimmie Power's variety concert, Bonshaw Hall Wednesday, June 1, starting at 8:30.
- *Dance at Graham's Road, Tuesday, May 31. Music by Rolfe McKenzie's Orchestra.

- *Hear Spring Park Players, when they present their three act play "Sulphur and Molasses" in Fredericton Hall, Friday, June 3rd. Sponsored by Fredericton W. I.
- *Reserve Friday, June 10 for Wheatley River-Oyster Bed Bridge variety concert in Brookfield Hall. Auspices Charlottetown Women's Institute.
- *Follow the crowd to Winsloe Station Hall, Tuesday, May 31, for the final appearance of "Kitty" and "Savin' Dad". Excellent specialties including youthful Leith Swensen to entertain you with his songs and gestures. Don't miss it.

S. S. Galloway Kent Refloated

BAY ROBERTS, Nfld., May 29 (CP)—The S.S. Galloway Kent was refloated today after going on the rocks on the southeast Newfoundland port Friday.

Part of the vessel's cargo of fish was damaged and an eight-foot hole ripped in the hull. The crew escaped injury.

The Galloway Kent sailed from Charlottetown May 21 with a cargo of farm produce for Newfoundland. It was now known immediately whether it would return to Charlottetown before undergoing repairs.

Five-Year-Old Safe After Night In Woods

MONCTON, N.B., May 29 (CP)—Five-year-old Leander Leger, was recovering in hospital here tonight from the effects of a night spent in the woods a quarter mile from his home in St. Paul.

The youngster strayed away from his home late Friday while picking flowers. At midnight a search party was organized Saturday he was found wet and cold.

Ford Strike Ends; Issue Left To Arbitration

DETROIT, May 29 (AP)—The costly, 24-day-old Ford strike ended early today.

The key issue in the complicated speed-up dispute which brought the walkout was left to arbitration.

The settlement was announced after several days of nearly continuous negotiations attended by United States mediators.

The terms provide that three-man sub-committees from the Ford Motor Company and the United Automobile Workers (C.I.O.) will meet Tuesday and try for three days to decide on a single arbitrator.

The two arbitrators then will name a third party.

If, however, agreement cannot be reached by 5 p.m. June 7, Dr. Harry Shulman, impartial umpire under the Ford-U.A.W. contract, automatically becomes the third member.

It was agreement on the arbitration board must decide whether Ford can speed its final lines on occasion to make up for production time lost when there is delay on feeder lines.

The strike was peaceful throughout. At no time was there violence. Before even the sub-committees met, Ford will start recalling its 106,000 workers who were idle in the strike.

The company estimated that it will take more than two weeks before operations can be resumed in all of its 33 manufacturing and assembly plants in the United States.

Estimates on how much the strike cost the company and its workers vary. Roughly it was placed at \$77,000,000 through yesterday. The cost to related industries was not easily determinable.

Blaming The Candidates

The following letter has been accepted by Mr. P. R. McCormac, president of the Queen's County Liberal Association, to be forwarded along with a brief by the P. E. I. Fisheries Federation to Prime Minister St. Laurent urging a price support for canned fish. The letter is signed by Messrs. S. H. Burne and George W. MacLeod, president and secretary of the Federation:

"Right Honourable Sir, May 25, 1949.

"We now understand more fully the circumstances attendant to our meeting with you at the Charlottetown Hotel on Tuesday, May 17, and we therefore appreciate the embarrassing position thrust upon you.

"The delegation had been informed by J. Lester Douglas, M.P., after about a week's negotiation, that it was being received by you on Tuesday morning to discuss the problems resulting from the cessation of the fishing industry.

"(Continued on Page 5 Col. 8)

Burglars Enter Two Premises Over Week-end

The safe at the Eastern Packing Company was rifled and four cans of Jobsters at Fisher Brothers were stolen by burglars who broke into the building some time after 11:00 o'clock yesterday morning. Approximately five dollars, the amount of money in the safe, was taken.

The burglars effected entrance to Fisher Brothers by means of a side window in the warehouse, and entered the Eastern Packing Company building through a back window. At Fisher Brothers they took the safe from the front office, opened it and left it in the back yard.

The manager of Eastern Packing Company was working in the office until eleven o'clock yesterday morning, and when he left everything was in a normal state. The break was discovered about 6:30 last night.

No arrests have yet been made but evidence shows that more than one man was involved.

Plane Down On Hudson Bay Ice

WINNIPEG, May 29 (CP)—Two Lancaster aircraft from the 408 Photo Squadron, R.C.A.F., were downed on Hudson Bay coastlines north of Churchill, Man., today for signs of a civilian plane forced down on sea ice Friday.

Messages from the grounded aircraft, a ski-equipped Norseman, said that all aboard were safe and well. The plane expected to take off on Thursday.

Aboard were Charles Weber, pilot; Ray Hjortelund, engineer; and an army signals staff sergeant identified as Newnham.

Convict Specialist On Murder Charge

CEDAR RAPIDS, Ia., May 29 (AP)—A jury of nine men and three middle-aged housewives Saturday night convicted Dr. Robert C. Rutledge, Jr., St. Louis child-murder specialist, of the second degree murder—under Iowa law murder without premeditation.

The 26-year-old doctor was accused of the hotel-room slaying of Byron C. Hattman, 29, a St. Louis aircraft expert who allegedly seduced Rutledge's attractive blonde wife Sydney 29 in Cedar Rapids hotel-room flight last Dec. 14 which left Hattman dead with a stab wound in the heart.

The state had asked for a verdict of first-degree murder and made it clear it believed the handsome young doctor should hang.

Dr. Rutledge lay in wait for Hattman and killed him wantonly from motives of jealousy, revenge and robbery, County Attorney William Crissman had told the jury in giving the state's version of the case.

Cedar Rapids hotel-room flight last Dec. 14 which left Hattman dead with a stab wound in the heart.

The defence had demanded complete and immediate freedom for the defendant. Dr. Rutledge was "fighting in self-defence to protect the sanctity of his home," the defence asserted in contending that Hattman's alleged seduction of the doctor's wife last July 31 "started this whole tragic chain of events."

Mrs. Rutledge had testified that Hattman her co-worker at a St. Louis factory, took her forcibly, got her drunk, and was "forcibly intimate" with her while she was too ill to resist.

Russia Likely To Turn Down Western Proposal

PARIS, May 29 (AP)—The three Western powers proposed Saturday to eliminate all military government for Germany and open the door for Russia's zone to join a central federal German government under the Bonn constitution.

Foreign Minister Andrei Vishinsky of Russia promptly indicated he considered the plan one-sided and unacceptable, but asked for time to study it until tomorrow.

Opening the Western bag of proposals for the first time, Foreign Secretary Bevin of Britain and Foreign Minister Robert Schuman of France presented the English and French texts of a plan for Germany to the four-power Foreign Ministers Council at its sixth session.

The plan laid down as principles for the merger of East and West Germany that Russia must stop political activity by polemic in her zone, give up the veto in Germany except in unusual cases and agree to drastic limitations to her reparations claims on the country.

Police Doubt Claim Mickey McDonald Dead

SYRACUSE, May 29 (CP)—A United States secret service agent Saturday night questioned two of three Canadian ex-convicts in connection with an arrest in Toronto recently which led to the confiscation of \$17,000 in counterfeit United States currency.

They were identified as Alexander McDonald, 30; Alfred Goldfinch, 28; and Harry Deakins, 31, all of Toronto.

The secret service agent said he questioned Deakins and McDonald in connection with the recent arrest in Toronto of Edwin McDonald, 23, brother of Alexander. Police in Toronto said Edwin McDonald is free in \$20,000 bail on the counterfeiting charge.

The agent did not disclose what he had learned.

Inspector Alex McCathie of the Toronto police said Saturday that Alexander McDonald is a brother of Donald (Mickey) McDonald, Canadian jail-breaker. Mickey has been sought by Canadian police since his escape from Portsmouth Penitentiary, Kingston, Ont., in 1947.

He was serving a 15-year term for hijacking. Inspector McCathie said Mickey has a long police record including armed robbery and other crimes.

Escaping with Mickey were Ulysses Lauson and Nicholas Minelli. Lauson's bullet-riddled body was found in Pascagoula, Miss., July 29, 1948, and Minelli was captured in Oakland, Calif., in May, 1948. He was handed over to Canadian authorities last August for return to Portsmouth.

Both Alexander McDonald and Deakins asserted Saturday that Mickey McDonald is dead.

Casey, however, expressed doubt that Mickey is dead. He said the pair might be attempting to "cover" the wanted man. Casey added that he suspected that Mickey might be a "contact man" in the Toronto counterfeiting case. The detective did not elaborate.

Propaganda Plans Wrecked By Paris Talks

BERLIN, May 29 (AP)—A speaker at the Communist-led Eastern German People's Congress asserted today that "only the Soviet Union's love of peace" has prevented the Berlin railway strike from flaring into a third world war.

Dr. Otto Nuschke, chairman of the Soviet-licensed Christian Democratic Party in Eastern Germany, charged that the recent action of Brig-Gen. Frank L. Howley of the United States in expelling Soviet-controlled railway police from American-sector yards "could have set the whole machinery of the Atlantic Pact in motion."

"We should be grateful to the Soviet Union for its love of peace and restraint in the face of this provocation," Nuschke said.

Russia's new policy of "back to Potsdam" — four-power rule of Germany—as outlined at Paris by Foreign Minister Andrei Vishinsky of Russia, has scuttled the Communist's nationalistic propaganda and cast gloom on the People's Congress.

Today had been set aside for what had been expected to be a flamboyant party oratory, demanding early withdrawal of foreign armies from Germany and an end to control by the Western Allies of the Ruhr industries.

Congress speakers, their prepared remarks junked by Russia's "Potsdam" line, turned their invective on the anti-Communist railway strike. Most abuse was heaped on Howley, United States commandant in Berlin.

The speakers agreed it was a "warlike provocation" when Britain, the United States and France had Western-Berlin police take over control of rail yards in the western sector of the city from Soviet-directed police last Tuesday.

France Considers Compulsory T.B. Vaccination

(By Odette Laguerre) PARIS, May 29 (Reuters)—A bold scheme which would make vaccinations against tuberculosis compulsory for most of France's urban population now is before the Council of the Republic, upper chamber of the Legislature.

The measure, already passed by the armed forces, would make a vaccination with B.C.G. anti-tubercular vaccine compulsory for all school children, members of industrial and civil servants, and members of the fire and police forces.

The only exceptions would be those who react positively to a skin test.

This measure is part of a country-wide campaign against the disease, which, although less serious than in Greece, Poland or Italy, caused many deaths during the war years.

Unofficial figures put the number suffering from tuberculosis in France at about 300,000. About 45,000 are in over-crowded sanatoriums and 34,000 in preventive institutions.

It is difficult to determine whether the disease is spreading or not. The number of cases is steadily increasing but doctors claim this reflects the improved methods for discovering the disease.

The death-rate was being dropping steadily for the last 20 years, with the exception of the war period.

The regions most affected by T. B. are the northern industrial area where the weather is persistently cold and wet.

Funeral Of Queen Elizabeth's Brother

GLAMIS CASTLE, Angus, Scotland, May 29 (Reuters)—Queen Elizabeth, dressed in deep mourning, Saturday attended the funeral of her elder brother, the Earl of Strathmore, at Glamis Castle. She stood by the graveside in the private castle burial ground as a bugler of the Black Watch sounded the Last Post. The Earl died this week.

Overlived It Children

Queen Anne, crowned in England in 1702, gave birth to 17 children, none of whom survived.

Members Elected And Majorities

Following is the Canadian Press list of members elected in Newfoundland and majorities:

Burns-Philip Forsey (L) 3,631. Carbone-Bay De Verde-Herbert Fottle (L) 2,143. Ferryland-Peter Cashin (Ind.) 2,050. Grand Falls-E. S. Spencer (L) 5,428. Harbor Grace-J. R. Chalker (L) 829. Humber-C. H. Ballam (L) 5,732. Placentia-St. Marys - Leonard Miller (PC) 144. Port De Grave-George Macdonald (L) 1,021. Trinity North-S. J. Hefferton (L) 2,998. Trinity South-Max Button (L) 1,918. Willingale-L. R. Curtis (L) 2,807.

ON OWN DOORSTEP

WATERLOO, Ont. (CP)—Silver Lake in Waterloo Park recently produced the best fish story in a long time—and a true one. John Schneider landed a 13-inch trout in the park lake, the day the trout season opened.

Won Personal Victory

Mr. Smallwood won personal victory in Bonavista North with an overwhelming majority—about seven to one at last count—over his Progressive Conservative opponent, J. M. Way.

Mr. Mews was trailing Oliver Vardy, Liberal, by 383 votes in the district of St. John's West with less than half the ballots counted.

The Progressive Conservatives had elected one candidate and were leading in the two-member ridings of St. John's West and Harbor Main-Bell Island.

Results were final tonight for 11 of the 24 districts which chose 27 members for Newfoundland's first Provincial Legislature. The election in Labrador, which will name the 28th member, has been deferred to July 25.

(Continued on Page 5 Col. 5)

Wholesale Prices Continue Decline

OTTAWA, May 29 (CP)—Wholesale prices in Canada, dropping since the first of the year, continued their downward trend in April. The Bureau of Statistics reported Saturday.

Many Remember Dionne Quints On 15th Birthday

CALLANDER, Ont., May 29 (CP)—Birthdays cards from many lands show the world hasn't forgotten the five girls whose birth made medical history in 1934.

The Dionne quintuplets celebrated their 15th birthday Saturday with a family party. Aside perhaps from the special presents from their parents, they got their biggest kick from reading the vast number of greetings and letters from all over the world.

The morning present-giving ceremony was a big occasion too — five identical matted radios from their mother and five ivory traveling clocks from their dad.

But the fun-loving girls saved their big day for Sunday. They moved Father's Day ahead a week to bring their 45-year-old father, Oliva, into the celebrations. As usual, the girls collaborated on a special vaudeville show to act out for the occasion.

They staged the same sort of a show — a 2½-hour concert of piano and vocal music and a play — on Mother's Day for their mother. Elize, just turned 40 this month.

Though 15 years have passed since a puppy-like bundle of babies startled the world, the quintuplets are as alike as five peas in a pod.

There still isn't more than a half-inch difference in their heights. Aside from Marie, all weigh within a pound or two of 130 pounds. Marie, the tiny one who weighed only 28 ounces a week after birth, still is the smallest. She weighs only 114.

Three older sisters are attending schools in Ottawa and Montreal but five brothers, including 24-year-old Claude, live at home.

Montreal Eccentric Kept \$320,000 In Old Boiler

MONTEAL, May 29 (CP)—The fantastic fortune of a miserly eccentric who banked \$320,000 in his boiler came to light Saturday.

It was the most bizarre phase in the life of the strange old man whose death a month ago resulted from his pinch-penny stinginess.

William Belanger, a retired railwayman, may reach \$500,000. Relatives and associates said he owned property on half a dozen streets in Montreal.

The flood of bills, from \$1 to \$100 in denomination, hauled from the rusty, unventilated boiler, was transferred quietly to a bank in suburban Montreal. South. Belanger himself wouldn't trust banks.

To many people in Montreal's East End, near Belanger's Fullum Street home, the old man was known only as hot dog Joe.

Joe's shabby house matched his clothes and his shoes laced with wrapping string.

But the fun-loving girls saved their big day for Sunday. They moved Father's Day ahead a week to bring their 45-year-old father, Oliva, into the celebrations. As usual, the girls collaborated on a special vaudeville show to act out for the occasion.

They staged the same sort of a show — a 2½-hour concert of piano and vocal music and a play — on Mother's Day for their mother. Elize, just turned 40 this month.

Though 15 years have passed since a puppy-like bundle of babies startled the world, the quintuplets are as alike as five peas in a pod.

There still isn't more than a half-inch difference in their heights. Aside from Marie, all weigh within a pound or two of 130 pounds. Marie, the tiny one who weighed only 28 ounces a week after birth, still is the smallest. She weighs only 114.

Three older sisters are attending schools in Ottawa and Montreal but five brothers, including 24-year-old Claude, live at home.

Montreal Eccentric Kept \$320,000 In Old Boiler

MONTEAL, May 29 (CP)—The fantastic fortune of a miserly eccentric who banked \$320,000 in his boiler came to light Saturday.

It was the most bizarre phase in the life of the strange old man whose death a month ago resulted from his pinch-penny stinginess.

William Belanger, a retired railwayman, may reach \$500,000. Relatives and associates said he owned property on half a dozen streets in Montreal.

The flood of bills, from \$1 to \$100 in denomination, hauled from the rusty, unventilated boiler, was transferred quietly to a bank in suburban Montreal. South. Belanger himself wouldn't trust banks.

To many people in Montreal's East End, near Belanger's Fullum Street home, the old man was known only as hot dog Joe.

Joe's shabby house matched his clothes and his shoes laced with wrapping string.

Regional Forecasts:—
Prince Edward Island: Variable cloudiness. Widely scattered showers Monday afternoon. Fog patches at night along coastal strips. Little change in temperature. Light winds. Low and high Monday at Charlottetown 41 and 61.
High tide today at 12:52 A. M. and 11:41 P. M.
