CONSIDERABLE discussion has lately prevailed regarding the safety of the ferry boats should fire take place on them while they are laden with passengers. The Guardian representative to satisfy the public mind upon the question recently made a minute examination of the Elfin and found her well provided with all the necessary life saving apparatus. The hose is in daily use and all the appliances have been throughout inspected and pronounced satisfactory this spring.

Dr. C F Fraser and the pupils from the Halifax School for the Blind came to town yesterday from Summerside where they gave an entertainment last Saturday evening to a crowded house. Mr. Watson, who is attending to the business arrangements for Dr. Fraser, will be glad to have as soon as possible the names of any other citizens who wish to entertain any of the party.
