GENEVA, Jan. 26.—(Canadian Press Cable)—Representatives of 64 nations meet here on Feb. 2 for the greatest disarmament conference in the world's history. In the chair will be Rt. Hon. Arthur Henderson, who was foreign secretary in the former British Labor Government. Delegates will be representative of all members of the League and, in addition, of the United States, Soviet Russia, Afghanistan, Brazil, Costa Rica, Ecuador, Egypt, Hejaz and Turkey. Five months hotel reservations have been booked to accommodate an invading army of three thousand delegates, experts and staff of all descriptions.

The first three weeks, it is expected, will be consumed in general debate with each delegation setting forth its views. Then will come formation of committees. The conference proper does not expect to conclude its work for a year. It has before it a task vast in magnitude. No attempt has been made

LONDON, Jan. 26. (Canadian Press Cable)—Notice on a tariff bill will be the first order of business when Parliament resumes on Feb. 2, it was understood tonight. Speed will be the first essential. The crowded weeks on the coming session will be primarily devoted to restoring a favorable balance on trade. Today and tomorrow the Cabinet is putting the final touches on the Government scheme, the aim of which is to both improve trade and supplement the National income.

To achieve the desired end the government proposes to take the most expeditious steps permitted under the rules on the House, to translate its proposals into law. Some doubts apparently have arisen as to whether all the proposals in the Government's scheme could be made applicable immediately they were introduced—whether it would not be possible to forestall impositions couched in general terms, as for instance by rushing in goods

THE SITUATION IN INDIA

About 650 Nationalists In Various
Parts Of The Country
Arrested.

(By James P. Mills, Associated
Press Staff Correspondent)

BOMBAY, India, Jan. 26. (A.P.)—About 650 Nationalists in various parts of the country were interned and sentenced today for celebrating the third anniversary of Mahatma Gandhi's "declaration of independence" for India. Police broke up a disorderly mob in Bombay, using their sticks. A number of demonstrators required hospital treatment. At several points in the city the demonstrators built bonfires of British cloth and one such crowd, after being dispersed by charging police, reassembled and stoned a police station. Police fired over their heads.

In Calcutta 240 Gandhi followers were arrested; in New Delhi the total was 103 and in Bombay 80. The Nationalists were taken into custody for attempting to raise the Nationalist flag, for singing songs and for reciting in public the text of the declaration proclaimed by Gandhi at Lahore in 1929.

All Pleased With Concert Enthusiastic Reception Of First Performance Of Burns Anniv- ersary Concert Last Night.

The Caledonian Club concert at the Prince Edward Theatre last evening in celebration of the Burns anniversary was attended by an enthusiastic audience whose appreciation of the entertainment was most enthusiastic. Produced under the patronage of His Honor Lieutenant Governor Dalton and Mrs. Dalton, and His Worship Mayor Frowse and Mrs. Frowse, the program was one of the finest and most enjoyable given in this city for some time. The local artists, reinforced by Mr. Alexander Campbell, noted tenor, of Invergordon, Scotland, and Master Harold Sutherland, Nova Scotia's champion boy piper of Westville, N. S., gave a performance, the uniform excellence of which showed conscientious practice and attention to detail, and was highly creditable to all concerned.

Of Mr. Campbell's part, in the entertainment it is impossible to speak without eulogy. Possessed of a tenor voice of great range and beauty he also captivated the audience by his dramatic ability in interpreting some of the most difficult compositions in the repertoire.

Several Thousand Reported Killed In San Salvador

(Canadian Press)

NEW YORK, N. Y., Jan. 26.—Unconfirmed private advice received in New York tonight said that several thousand persons had been killed during the disorders of the last three days in the Republic of Salvador.

SAN SALVADOR, Jan. 26.—(A.P.)—Salvador's so-called Communist uprising had taken countless lives today, the government indicated, but a request for the landing of British marines brought reassurances of public safety.

David Rodgers, British Charge D'Affaires, appealed to provisional President Maximilian Martinez for permission to land the Marines to protect British interests. The President replied that he was able to

take care of the lives and property of both natives and foreigners. Eleven supposed Communists were executed after entering a military barracks in the interior and severe casualties were reported in fighting at various places, but the number of killed and wounded was undetermined.

Communists had been driven out of the towns of Sonzacate, Izalco, Tacuba and other places, officials said, and government forces were in complete control throughout the country. Heavy troop reinforcements arrived in San Salvador, the Capital, from San Miguel, Zacatecoluca, Quezatepeque and other points to preserve order. Thousands

Annual Meeting P. E. I. Island Ayr- shire Breeders

The Prince Edward Island Ayrshire Breeders held their annual meeting in the Agricultural Hall Charlottetown yesterday afternoon. With the president, Senator J. E. Sinclair, presiding.

Following the reading of the minutes of last year's annual meeting, the president, in his address stated that he was glad to note the fortunate situation which prevailed among the Ayrshire Breeders in the Island. During the past year the number of breeders as well as the number of cattle had increased and it was gratifying to note the progress in these respects. Senator Sinclair urged that particular attention be paid to the weeding out of undesirable stock and that systematic breeding be carried out to build up the herds. This, the president contended, would enable the Ayrshire Breeders to have quality herds which would be readily saleable when the opportune time arrives.

Senator Sinclair urged that if pos-

British Sub Is Believed Lost Submerged Off Portland Yester- day Morning And Is Still Unre- ported—70 Of Crew Aboard.

PORTLAND, Eng., Jan. 26.—The entire Portland mine sweeping flotilla was ordered to sea tonight to search for the British submarine M-2 which made a dive off Portland this morning and has not been heard from since. Other warships were ordered to get under way at the earliest moment to aid in the search. The commander in chief at Portsmouth also ordered warships from that port to put to sea to co-operate with the Portland vessels.

Many men of the Portland mine sweeping flotilla who were on shore leave were in theatres and motion picture houses. The programmes were interrupted and an order for all men in the flotilla to rejoin their ships was read from the stages.

The M-2, formerly the K-19, was built in 1920, and is of 1,600 tons displacement above water and 1,950 underneath. She is 296 feet long

A Mountie posse returned today to Akavik, 150 miles inside the Arctic circle, weary from mushing the 80 miles that separated the police post from Johnson's fortress-cabin, and reported grimly that the crafty "mad hermit" had disappeared. It was the third police
