### Get Together Meeting Victory Loan Salesmen

#### Summerside workers met Saturday night; Everything ready for start of drive today.

The get together meeting of the Victory Loan salesmen was held in Epworth Hall on Saturday when all salesmen from Prince County en-joyed a delightful luncheon served by the Ladies Social Club. Mr. W. E. Darby, County Chairman, presided.

Guests at the luncheon were Rev. Mr. G. J. MacLellan, D.D., V.G., rector of St. Paul's Church; Hon. Thane A. Campbell, K.C., Hon. Chairman of Victory Loan campaign, Rev. Dr. Martin Monaghan, rector of St. John the Baptist Church, Miscouche; Rev. Fr. Walsh of O'Leary, Rev. K. Sullivan of Trinity United Church, Rev. C. W. Cooke, pastor of the Baptist Church, Summerside, Mr. W. E. MacKinnon, Provincial Chairman and Mr. Percy Turner, Queens County Chairman, Mr. G. Shelton Sharp, Bedford, and Mayor Winslow, Lidstone, Chairman for Summerside. The luncheon opened with the singing of the Canada.

Hon. Thane A. Campbell was the first speaker, who started off in a humorous vein, remarking that a sense of humor is one of the saving graces of the British people and one of the things that has kept up their morale through these two years of struggle and hardships. This about to look on the bright side of things is doing much towards thwarting the aims of Nazi Germany.

He felt that the bad news of re-ports which will stimulate the Victory Drive and give the people of Canada a realization of the dangers ahead. We must stand behind our own island, he said, and with the wherewithal to beat the enemy. He congratulated the chairmen on the effort and energy they are putting into the campaign which will undoubtedly lead to success.

Mr. E. W. MacKinnon gave a short address and congratulated the Prince County on its splendid contribution of young men for the armed forces. He is justly proud of the part P. E. I. has played in voluntary enlistment and the record made in this respect. Our men, however, must be clothed and better equipped than the enemy if victory is to be achieved. This campaign is not only a matter of do or die. We must see to it that their sacrifice will not be in vain. It is not a sacrifice to loan money to the government, but a sacrifice to the cause. Every town and village on Prince Edward Island have representatives in the armed forces, so therefore it really is a personal matter for all of us. We must see that our boys do not go short of those things needed to win the war. We would suffer many privations if the Nazis gained con-quest.

We have only to look at the conquered countries of Europe to know that they are suffering not only from hunger and cold, but from misery and shame, which cannot be counted in dollars and cents. Mr. MacKinnon was confident that this second Victory Loan would go over like a house of cards.

Mr. Percy Turner spoke briefly and called on everyone to stand true to Canada and our comrades who are down and out for us. We will reach our objective and contribute our share towards the victory which is sure to come.

Rev. Mr. MacLellan, in the address called upon to address the gathering, he was pleased to be present at this opening drive for the second year. He said that the fact that he showed that the organization was not relying on their own efforts, but realized that they must seek assistance from the Divine Providence in overcoming the difficulties before us. We must have the material things but we must also seek the guidance and strength from God, who is all powerful.

Our cause is a just and righteous one and we can be certain of the ultimate outcome. It takes time to convert a peaceful country into a country at war, but we understand behind the country and our fighting forces. We will see the results of our efforts. The country has need of our money and we must give our utmost. What good would it do us if we lost the money we must give till it hurts. There was a round of applause when Mr. MacLellan said 228 men from St. Paul's Parish are in the service and we must see that they are protected with the means to meet their needs.

She had been in poor health for some months and it was realized a few weeks ago that the end was near.

All of whom she loved dearly, to all of whom much sympathy is extended. Ralph, Mrs. Jones and Mrs. Gallant arrived on Tuesday from their mother. States to be with their mother. doubtful whether this would come true.

Our British resources were stretched to the utmost. We had already been for more than a whole year absolutely alone in the struggle with Hitler and Mussolini. We had to be ready to meet a German invasion of our own island. We had to defend Egypt, the Nile Valley and the Suez Canal. Above all, we had to bring in food, raw materials and finished munitions across the Atlantic in the teeth of German and Italian U-boats and aircraft. We have to do all this still.

#### It seemed our duty in these August days to do everything in our power to help the Russian people to meet the prodigious onslaught which had been launched against them. It is little enough we have done for Russia, considering all she has done for our island. In these circumstances, we British had no means whatever of providing effectively against the new war with Japan.

#### Such was the outlook when I talked with President Roosevelt in the middle of August on the good ship Prince of Wales, now, alas, sunk beneath the waves. It is true that our position in August, 1941, seemed vastly better than it was in August, 1940, when France had just been beaten into the awful prostration in which she now lies, armed in our own island and when it looked as if Egypt and all the Middle East would be conquered by the Italians, who still held Abyssinia and had newly driven us out of British Somaliland.

#### Compared with these days of 1940, when all the world except ourselves thought we were down and out for ever, the situation the President and I surveyed in August, 1941, was an enormous improvement. Still, when you looked at the United States a neutral and the United States a neutral and fiercely divided, with the Russian armies falling back, as it were, in disorder, with the German armies which were coming westward, with the Japanese menace assuming an uglier shape each day.

#### How then, in the fact that was called upon to address the gathering, he was pleased to be present at this opening drive for the second year. He said that the fact that he showed that the organization was not relying on their own efforts, but realized that they must seek assistance from the Divine Providence in overcoming the difficulties before us. ### CHURCHILL

That is what I have dreamed of, aimed at and worked for, and now it has come to pass.

But there is another fact in such ways more immediately effective.

The Russian armies have not been defeated. They suffer the excruciating pain of the siege of Leningrad and Moscow have not been taken. Russia's armies are in the field. They are not holding the line of the Dnieper, or the line of the Volga. They are advancing victoriously, driving the foul invader from that native soil they have guarded so bravely and loved so well.

### Premier King, Roosevelt make United appeal

OTTAWA, Feb. 15.—(CP)—Prime Minister King and President Roosevelt united tonight in a radio appeal to Canadians to support the \$600,000,000 second Victory Loan opening tomorrow—at a time of dire fighting and the fate of mankind hangs in the balance.

Over a national network of the Canadian Broadcasting Corporation the two leaders spoke briefly of the perils and responsibilities which they said would demand the best from every citizen.

Both Mr. King and Mr. Roosevelt stressed the dangerous developments the war has taken and stressed the urgent need of translating the potential resources of their countries into powerful striking units.
