Charlottetown Man Injured In Accident

A Charlottetown man was reported seriously injured early today in an automobile accident near Bellevue Service Station. James Dunham was taken to the Prince Edward Island Hospital with a fractured leg, received when a car in which he was a passenger was in collision with a parked truck. It was believed the car was driven by Byrnie Murray, also of Charlottetown.

Dunham was rushed to a hospital by a Checker Taxi car which happened along shortly after the accident.

The car was understood to have struck the parked truck from behind.

The car driven by Murray was reported to have been meeting another car when it struck the rear of the parked vehicle. The latter was a car, converted to a truck and was said to have been parked at the spot for a couple of days. Both the car and the truck were badly damaged.

Premier Jones, Mr. MacKinnon Re-Nominated

For the fourth consecutive time Premier J. Walter Jones and Mr. Donald MacKinnon, M.L.A., were last night unanimously nominated as Councillor and Assemblyman respectively to contest the Fourth District of Queen's as the Liberal standard-bearers. There were no other nominations.

In a speech which lasted over an hour, the Premier told the convention that 26 of the strikers at the local Canada Packers' plant had gone back to work yesterday, not as members of the Union but as individuals. "I don't care if Labour knows all about it," the Premier said. "They can't beat us."

Wages had to be cheaper in Prince Edward Island than in other parts of Canada in order to bring industry to the Province, the Premier said. He stated that for every \$1.11 the Ontario farmer received, the Quebec farmer received \$1.08; and the Island farmer 61 cents. Since other classes in the Province did not receive the same amount for the same service as the same classes in other parts of Canada, Labour could not receive it either. "Unless the cost of Labour is attractive," the Premier said, "other companies won't come here."

Alleging the striking workers had called Government workers in the Canada Packers plant "scabs," the Premier said the Government would not tolerate such abuse for "it is putting us all in the same class. I don't see why 12,000 farmers should be dictated to by 70 strikers."

The Premier's nomination was moved and seconded respectively by Milton Furness, Vernon, and R. C. McLeod, Kinross. That of Mr. MacKinnon was moved by Wilfrid Furness, Vernon, and seconded by Joseph Ryan, Avondale.

The Convention, held in the Eldon Hall, was presided over by Mr. Stewart Ross, Eldon.

Bandits Get \$110,000 In Boston Hold-up

BOSTON, Oct. 30 (AP)—Six obviously well-rehearsed bandits held up a Hyde Park factor office today and escaped with \$110,000 in small bills—the payroll of the Sturtevant Division of the Westinghouse Electric Corporation.

Wearing overalls, five of the men entered the plant grounds with workmen. They walked into the main office about 3:15 a.m.—a few minutes after paymaster W. R. Marshall and five assistants unlocked and entered a large vault to begin counting out the wages of 2,000 workers.

The bandits escaped in an automobile in which the sixth man waited at the wheel.

While one man knocked down a police guard and kept watch in a hallway, two others forced telephone operators to lie on the main office floor with 20 other workers.

Another pair went to the vault, forced Marshall and his assistants to stand against a wall, and pushed the bills into a bag.

"This is no Halloween party," one of the men announced. "We don't want to hurt anybody—we just want the cabbage."

The bandits left behind rolls of coins which plant manager Gardner Derry said amounted to \$2,000.

Article In Trade Journal Leads To Drastic Action

LONDON, Oct. 30 (AP)—Garry Allighan, Labor member of the House of Commons and a London newspaper man, was expelled from Parliament tonight for "dishonorable" conduct in writing an article for a newspaper trade journal alleging that members of the House accepted bribes to tell what went on in secret party caucuses.

Arthur Heighway, editor of World's Press News, which published the article last April, was called to the bar of the House where he admitted a "serious error of judgment" and expressed his "sincere and humble apology."

He was found guilty of "gross contempt of the House" and was reprimanded by the Speaker.

Expulsion of Allighan, member for Gravesend, Kent, was the first since 1922 when a member was voted out after he was convicted of a criminal offence for which he was sentenced to prison.

MAN KILLED WHEN TRACTOR OVERTURNS

WOODSTOCK, N. B., Oct. 30—Wendell Shaw, 22, son of Mr. and Mrs. Scott Shaw, met death last evening when crushed by an overturned tractor he had been driving on his father's farm at Victoria Corner.

November 11 Will Be Statutory Holiday

OTTAWA, Oct. 30 (CP)—By common consent, Tuesday, Nov. 11, will be celebrated as last year—a statutory holiday to commemorate the death of the First and Second World Wars.

Shortly after V-J Day, some discussion arose as to whether a separate day should be observed to commemorate the Second World War dead. However, a convention of the Canadian Legion voted to keep Nov. 11 as Remembrance Day for both wars and Government officials inclined to the same view.

Three Face Charges In N. S. Forest Fires

SAINT JOHN, N. B., Oct. 30—While New Brunswick forest fires remained under control tonight, forestry officials were reported planning to charge three persons with setting fires without a permit in the Jallet-Beersville area of Kent County and a spot in Westmorland County. It was unknown if the offences involved incendiarism or brush burning which went out of control.

Fires only smouldered in the Le-preau-Bonny River-Musquash area and were expected to be held in check until heavy rain or snow comes, unless a strong wind rises in the meantime. Another fire, difficult to reach, burned three miles south of Bathurst but no community was reported immediately threatened.

Communist Scare In Montreal Unfounded

By ALAN RANDAL

MONTREAL, Oct. 30 (CP)—In a flurry of precautionary activity police moved to protect the Roman Catholic Archbishop's Palace and St. James' Cathedral here from a rumored threat of "serious damage" by Communists, then called the "who show off at noon today when the rumor proved false."

If some faces were pinkish at Police Headquarters tonight as a result of the needless guard-mountings at these prominent mid-Montreal Church buildings the blame was not entirely with the gendarmes.

The Canadian Press learned that last night while most of Montreal slept, police received from an ex-cited newspaper reporter a non-too-clear telephone account of a report from Quebec that a Communist plot threatened the Church edifices, or misunderstood on the receiving end.

Apparently not made clear at the time was:

1. That the Quebec report was no more than rumor; 2. That it could not be confirmed anywhere in Quebec; 3. That it said no more than that Premier Maurice Duplessis was expected to announce in due course the uncovering some months ago in Montreal of an alleged Communist plot to do "serious harm" to religious buildings in Montreal.

Montreal morning newspapers made this clear.

Not until noon when the circumstances under which police received the information clarified was the report put down as entirely unfounded and the Church guards were recalled.

"We could not take any chances," said Capt. Horace Thivierge who added that six to eight men guarded the Church premises or patrolled the district close to famed Dominion Square.

Two Large Barns Are Destroyed

Two large barns at North Wiltshire, the property of Berrigan Bros., were destroyed by fire early last night. Damage was estimated unofficially at approximately \$10,000.

Burned with the barns were four head of pure bred Jersey cows, and the year's crop, including hay, grain, turnips and a considerable quantity of potatoes. The roots and potatoes were stored in the cellar under one barn.

Origin of the fire was unknown. The loss was understood to be partially covered by insurance, but it was believed the insurance would be only a fraction of the total loss.

The fire was discovered in the larger of the barns, a 100-foot structure, completed five years ago. Neighbors gathered quickly and formed a bucket brigade in an attempt to save the second building, a 50-foot-long structure. However, the tremendous heat interfered with their efforts and before long the smaller barn was blazing also. The wind was only light and blew flames away from the dwelling.

The smaller barn was also on the windward side of the big barn, but much of the wall of the latter fell outward and prevented fire fighters from keeping up their work.

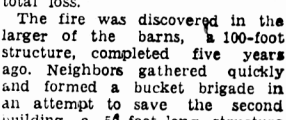

The owners are Morris Berrigan and Artemas Berrigan.

The fire was reported to have been discovered by one of the brothers early in the night. He went into the smaller building—used as a horse barn—to harness a horse, and noticed nothing amiss. When he came out a few minutes later flames were beginning to break out of the big barn.

Nine head of cattle were removed to safety and it was understood that considerable machinery was saved, along with the horses. But everything else was destroyed, including 100 sacks of potatoes graded yesterday for market.

One observer said he believed the large barn could not be replaced for less than \$5,000, with another \$2,000 required to replace the smaller one.

The fire was visible for miles, with many persons calling the Guardian Office, some from the outskirts of Charlottetown, others from Winsloe and Milton, asking where the fire was located.

Antigonish Barber Boycott Continues

ANTIGONISH, N.S., Oct. 30 (CP)—The 10-day student boycott of Antigonish barbers remained unbroken tonight after the barbers in a three-hour conference with spokesmen for St. Francis Xavier University's 400 students rejected a proposed price compromise.

The boycott was clamped on originally when barbers refused to heed a student request for a reduction from 60 cents to 40 for haircuts. At today's meeting the barbers refused to compromise between 40 and 60 cents.

P.S.—The students are letting their hair grow.

Ramadier Gets Confidence Vote

PARIS, Oct. 30 (AP)—The Government of Socialist Premier Paul Ramadier, which he pictured as a middle-of-the-road regime, received a 20-vote majority on a confidence motion in the National Assembly tonight in the face of Communist and DeGaullist opposition.

But many parliamentarians, and even associates of the Premier, conceded that the Ramadier Cabinet would have to be reshuffled soon.

Approval of the Government's motion by 300 votes to 280, with 18 absences, came at the end of two days of near-riotous debate marked by booing and name-calling.

Milk Prices Advance In Nova Scotia Centres

HALIFAX, Oct. 30 (CP)—The Public Utilities Board today approved an increase of two cents a quart in the price of milk in all areas of Nova Scotia where it has jurisdiction. The new rates go into effect tomorrow.

In the Halifax-Dartmouth area milk will increase from 15 to 17 cents a quart. In Sydney, Glace Bay and adjacent colliery towns the new price will be 18 cents.

Lowest prices in the board-controlled areas will be 16 cents in Amherst, Bridgewater, Kentville, Truro, Windsor and Yarmouth.

The Board listed these three factors as responsible for the price jump:

1. The price of dairy milk feeds has increased an average of 52 per cent since Aug. 1, 1947.
2. The recent butter price increase and consequent increase in butterfat prices has made the creamery a more attractive market for the producers.
3. To stimulate increased production for the fluid milk market during the season of short supply.

Producers supplying milk to the Halifax area will receive an increase of 50 cents a hundred-weight for milk testing 3.7 butterfat. The board-fixed price to be paid the distributors will be \$3.85. The announcement of increases follows application from milk producers' organizations for higher prices to meet rising costs of production.

The total increase granted amounts to 77 cents with 60 cents going to the producers and 17 to the distributors.

De Valera Candidate Suffers Defeat

DUBLIN, Oct. 30 (CP)—Premier de Valera suffered a major political setback today with the defeat of his candidate in the key County Dublin by-election by Sean McBride, leader of the newly-formed Clann Na Poblacht (Republican Party) and it is believed in some quarters that the Government will call an immediate general election.

He on the other hand, said that the Government will call an immediate general election.

Prime Minister King's Overseas Itinerary

(By The Canadian Press)

OTTAWA, Oct. 30—Prime Minister Mackenzie King said today he plans to visit France, Belgium and Holland while overseas for Princess Elizabeth's wedding, but time would not permit him to visit Italy and Southern Europe.

Mr. King said he expected to arrive in London Nov. 6. He planned to spend the next two days in Paris. The following two days he would spend in Belgium and the next two in Holland.

He will sail from England Nov. 26 on the Nieuw Amsterdam and will arrive in New York Dec. 3, two days before the opening of a new session of Parliament.

Conservatives Make Bid In Civic Voting

LONDON, Oct. 30 (Reuters)—The Conservative Party is making a strong bid to reverse the leftward trend in the annual polls for City Councils of Britain's municipalities.

Polling takes place Saturday in 300 English and Welsh boroughs, London included. Elections in the 200 Scottish municipalities will take place next Tuesday.

Conservatives in a large number of cities have adopted the recommendation of the recent Conservative Party conference at Brighton, Sussex, that they should present themselves to the electors under their national party title as Conservatives.

Austerity Program For Trinidad Planned

PORT OF SPAIN, Trinidad, Oct. 30 (CP)—A program of austerity for Trinidad—which will reduce the standard of living to a level comparable with that experienced during the war—was officially announced by the Government today.

The Government announcement accompanied publication of a list of "unnecessary" articles barred from import into the British colony to conserve dollars.

Canada Opposes Russian Plan

LAKE SUCCESS, N. Y., Oct. 30 (CP)—Canada late today opposed the Russian Korean proposal calling for early and simultaneous evacuation of Soviet and United States forces from the Far East peninsula and declared that "pre-emptive withdrawal of occupation forces would serve only to precipitate chaos and disunity."

Entering the United Nations Political Committee debate on Korean independence for the second day running, Joseph A. Bradette, member of the Canadian delegation and Liberal member of Parliament for Cochrane, Ont., said that Canada would support the United States plan for Korea rather than the Russian one.

Have Plan To Use More Fish, Conserve Grain

(By The Associated Press)

BOSTON, Oct. 30—A Massachusetts plan to stimulate fish consumption and aid in conservation of grain will be inaugurated Monday.

The plan, sponsored by the Episcopate Club, calls for the flight of five chefs to five cities east of the Mississippi where they will prepare fish dinners for club luncheons.

Ice-packed cartons of fresh-caught haddock, cod, scrod, and other specimens common to the North Atlantic will accompany the culinary experts.

In exchange for the fish and their services, the chefs will be paid in grain to be turned over to welfare agencies for shipment abroad.

The chefs will leave Boston Monday with fish cargoes supplied by the Massachusetts fishing industry.

The chefs and the cities in which they will serve the dinners are: Dominic de Salvo of the Parker House, Buffalo; Pasquale Mazzucchelli of the Hotel Statler, Detroit; Caesar Desjardis, formerly of the Hotel Somerset, Chicago; Nicholas de Petris of the Hotel Manager, Cincinnati; and George Thetray of the Algonquin Club, St. Louis.

Edward J. Doucette, president of the Episcopate Club, said: "Seafood is tasty and nutritious when properly cooked and if we can get enough people to eat it regularly, the food conservation program will go over with a bang."

Princess Elizabeth Christens New Liner

GLASGOW, Oct. 30 (AP)—Princess Elizabeth, standing in a bleak drizzle, today urged a through of 150,000 to keep British unity alive "at all costs" as she christened the liner Caronia at its launching.

With her future husband Lieut. Philip Mountbatten by her side, the heiress presumptive to Britain's Throne used phrases reminiscent of Winston Churchill's wartime speeches as she exhorted her countrymen to win their economic battle for themselves.

The Princess reminded her hearers of the battle of Britain in 1940, when "we stood alone, and we had to fight for survival in the skies."

"Today our battlefield is in the factories, the fields, the mines and the shipyards," she said. "But as in 1940, we have got to win this battle ourselves."

The 34,000-ton Caronia, costing more than \$2,000,000 (\$12,000,000) and accommodating 1,000 passengers, will join the Mauretania, Queen Elizabeth and Queen Mary in the trans-Atlantic service.
