

# Clothing to Measure

If you want your clothing to have utmost nicety of fit as well as a certain individuality, our made-to-measure system will interest you. We have studied fashions for years, get the best we can find of imported and domestic makes and get many fine patterns that don't reach other tailor stores. In fitting and making we have a system known only to those most skilled in certain lines, and all have best materials to work with and best fashions to work by.

We are just as particular as you are about your clothes.

Pants-to-measure \$3.50 to \$8.00.

Suits-to-measure \$14.00 to \$35.00.

Overcoats-to-measure \$14.00 to \$30.00.

**SHE'LL SMILE ON YOUR SUIT**

When you ask her hand if the suit you wear is of our making. Women don't admire men who are careless in their attire, careless in cloth, fit, or style. We'll do all we can for you, and that's a great deal, to get you into her good graces, if you'll let us have your order. We will probably make your wedding coat later.

### A BIG RUBBER PURCHASE.

One of our representatives happened to drop into Goff Bros. wholesale department last Saturday and found the firm deeply engaged in selecting the best and best to be had in "Rubberdom" which is needless to state indicates "Granbys." We learned from Mr. Goff that they are acting as local agents on the Island for this reliable brand. In conversation with the above gentleman, he expressed the opinion that after having tested trial orders of various Canadian and American makes he found the verdict of the wearing public strongly in favor of Granbys. In looking through the samples shown by Mr. Blaquier, representative of the Granby Rubber Co., several lines attracted our notice.

The men's Union Jack Brand, pure gum fish boots has proved a great favorite with the fishermen. A sturdy looking lot of snag proof Lumbermen's shown in both buckled and laced, carry a heavy protection rolled edge and are made to stand the hard knock-about of every day life.

The men's Monitor and Monarch high out, three and four buckle respectively, fine Jersey, water proof overshoes—are designed on the newest lasts and fit like a glove.

In women's overshoes the Monitor made with two straps, seems very appropriate for the ladies, as they do not chafe the skirts like the buckled variety. The men's Duke self-acting rubber finished, with black Jersey lining has a very handsome appearance. The Granby Rubber Co. are using a special finishing process, giving their rubbers a unique black finish, these are only a few lines picked at random. The Granby Rubber Co. have numerous other lines worthy of notice, and we can congratulate Mr. Goff on his purchase, which we are informed will amount to between \$10,000 and \$12,000.

### POOR GIRL, PITY HER.

Growing! Yes, into weakness, but not strength. Scudies—plenty of them. Tired, of course she is, and weak too. Does not eat enough and digests far less than enough. This condition is so frequent but how seldom noticed even by fond parents. Give her Ferrozone, it will warm her appetite, improve her digestion and grow ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood and thereby strengthening the nerve and brain power. Ferrozone gives a woman's strength to weak girls. Your daughter or wife needs Ferrozone. Get it today.

### AUSTRALIAN RAILWAY STRIKE.

MELBOURNE, May 11.—There is no prospect of the cessation of the railroad strike. Very few men have accepted the offer of double pay for working in the place of the strikers. The commissioner of railroads says enough men to run one train a day on each of the principal lines are applying for work. The cabinet was in session all Sunday afternoon. There have been several cases of train wrecking and molestation of the men who have taken the strikers' places.
