SKIN IS ARMOR
A healthy skin is armor against many enemies and therefore burns, abrasions, cuts and exposure to extreme cold or heat injure the skin and open the way to infection, say health experts.

A jar filled with human kindness in the form of \$548.81 is presented to George L. Trapp, 23, hospitalized in Milwaukee after his home burned. Neighbors placed the jar in front of the burned home and collected contributions for a new one. Mrs. Gustave Engler and Mrs. George Cjeka made the presentation.

Change Delegates Plans For U. K.
OTTAWA, Oct. 4—Revision of the Royal documents relating to the office of the Governor-General of Canada has stripped a good deal of legal moss off the constitutional position of Canada relating to the Royal prerogative.
Anacronisms in this position have persisted since the 1931 Statute of Westminster defined Canada's autonomous status in the British Commonwealth and the chief one was the necessity for Canada to get Royal assent directly from the King on decisions requiring this formal assent.
The new "Letters Patent," the

name for these revised documents, nor-General here.
These authorities stress this point—that this is enabling legislation and that it will depend on the government's decisions in the future to see what advantage is taken of this alternative procedure.
Canada is the first Commonwealth country to obtain a blanket delegation of the Royal prerogative to the Governor-General and Canada's independent move in this direction is likely to be followed by the other dominions.
Legal authorities, in explaining the new situation, said the Canadian government can still make its submissions directly to His Majesty if it wishes, but it can also do the same thing by simply sending its submissions to the Governor-General here.
