No more unusual picture has appeared this year than this beautiful love story, that contains a striking mystery development and a sharp depiction of what a mother's love can do to a woman who has neglected all her obligations. New York critics praised it to the skies. "One of the most striking character studies that have made their way into the movies. Well worth a visit."—New York Sun. "An unusually good picture"—N. Y. World.

**Boy Football Star Emulates Grange**  
**Williamsstown, Mass., Aug. 4.**—Red Grange has nothing on Johnny Del Negro, one of Berkshire County's leading schoolboy football players, when it comes to getting in condition for the coming gridiron campaign. Del Negro, who started on championship teams at Derry High in North Adams for a couple of years, is working on an ice team in his home city this summer. He declares that juggling seventy-five pound cakes of ice is a sure way of getting hardened up for the football season.

Del Negro was graduated at Derry High with the class of 1925 and attended Alentown Prep last year, playing a strong game at end. He hopes to enter New York University in the fall.

**Fog Beats Barrett In Channel Swim**

**DOVER, Eng., Aug. 4.**—Miss Clarabelle Barrett, of New Rochelle, New York, failed in her attempt to swim the English Channel. She got within two miles of Cape Cris Nez, France, when she had to be taken out of the water. She was in an exhausted condition.

Miss Barrett started her swim from here Monday morning, at 8 o'clock. It was 5:30 o'clock this morning when she was forced to give up the swim that no woman has ever yet made. She was in the water for 21 hours, and 35 minutes. Shortly after she had been taken from the water, into the conveying launch, Miss Barrett said:

"I am very sorry I have failed like this."  
 During the swim Miss Barrett covered between 30 and 40 miles, bearing carried hither and thither by the swift tides. Fog caused the pilot boat to lose its bearing.

It was a gallant attempt, and the New Rochelle woman was beaten not so much by the current, but by the fog which persisted from 10 o'clock last night, and which caused the pilot to lose his way.

The conditions had been ideal from the start until the banks of fog so dreaded by shipping men, came over the scene. Even the experienced pilot was unable properly to guide the swimmer on a direct course. Had it not been for the fog, those on board the pilot boat believed Miss Barrett's success would have been assured, but the strong "crawl" which she used virtually throughout, sent her through the water in splendid style.

During the swim Miss Barrett ate a good deal of fruit—bananas, apples and lemons—but every half hour she drank plentifully of hot tea.

Walter Brickett, trainer of Miss Barrett, said she probably would not attempt the swim again this year, but she certainly would attempt it in 1927.

Miss Barrett and her party returned to Dover this morning, and as soon as the greetings were over, went off to bed for much needed sleep.

**Clergyman Shot Dead In Pulpit**  
**MORGANTOWN, Ky., Aug. 4.**—Shots fired through an open window killed Rev. Mr. Moses, an evangelist, as he was standing in the pulpit, and fatally wounded Mrs. Jerome Robinson, who was sitting in the front row of the choir in a local church last night. Several persons narrowly escaped being struck by the shots, which were fired while the opening hymn of revival services were being sung.

Clifford Wilson was arrested, and held for investigation after a 14 year old girl told officers she saw him fire the shots.
