GRAIN

CHICAGO, Sept. 13—(AP)—Wheat prices rose about 1-2 cent at one time today in response to reports of better demand for North American grain from accessible southern European nations but all of the advance was lost later.

Wheat closed unchanged to 1-4 lower compared with yesterday's finish, Sept. 74 5-8, Dec. 76 1-8—1-4; corn 1-8 off to 11-8 up, Sept. 63 5-8, Dec. 56 3-4; oats unchanged to 1-8 higher.

WINNIPEG, Sept. 13—(CP)—Export business involving approximately 2,000,000 bushels of Canadian wheat and flour, believed to be for deferred shipments to the United Kingdom, was reported on the Winnipeg grain exchange today. It failed to arouse buying interest in the wheat pit, however, and prices closed at fixed minimum levels of 73 5-8 cents a bushel for the October future and 74 5-8 cents a bushel for December.

Noon wheat prices at Buenos Aires were 3-8 cent higher.

Prices were firm in the coarse grain pit.

Grain close:

Wheat—Oct 73 5-8A, Dec 74 5-8 A.

Oats—Oct 30 5-8, Dec 28 3-8B, May 23 5-8.

Barley—Oct 34 5-8B, Dec 34 1-4 B, May 35 3-4B.

TORONTO, Sept. 13—(CP)—The stock market charted a drab course today, moving lower in decidedly dull action. Only 81,000 shares changed hands, the smallest in three weeks.

Minor fractions were dropped by International Nickel and Consolidated Smelters. Waite-Amulet and Sudbury Basin declined a few cents and Pend Oreille was off 2 cents to 1.43. Steep Rock weakened 5 cents to 1.42.

In the secondary group prices were down about 5 cents for East Malartic, Teck Hughes and Wright-Hargreaves and 15 cents for Pickle Crow. Delnite dropped 10 cents to 60 and losses of a cent or two were netted by Broulan, Francoeur, Gunnar, Madsen, Sullivan and Towagmac.

Loss of a point or more appeared for Bell Telephone, Canada Cement pfd, Dominion Foundries and Simpsons pfd and a point gain for Canada Packers, price adjustments were narrow.

Small losses appeared for Fanny Farmer, Loblaw B and Ford A and a half-point gain for Distillers-Seagrams.

As Golfing Star Vardon Was Tops

NEW YORK, Sept. 13—(CP)—Looking back over a quarter-century of golf Walter Hagen singles out Harry Vardon of England as the most accurate player he ever saw.

Hagen's career covers most of the years since golf has been an international sport. He has seen all of the great shooters, and beaten most of them at one time or other.

"Vardon should top any all-star list," Hagen said. "He had marvelous accuracy with both woods and irons. If he could have putted, few would have ever beaten him.

"You have to think about the others," he said. "There've been some fine players.

"For his length, and accuracy, too, Sammy Snead must be chosen as the driver. Gosh, he hits 'em a mile, doesn't he? And Bob Jones for the brassie. He was a steady, and the greatest of the amatures. No one has ever been able to handle a spoon any better than Paul Runyan. He's short off the tee, you know, and has to hit a lot of those spoons.

"No one could make a mashie like Vardon. I like Jock Hutchinson and Chick Evans among the older players for the short irons. Jock was particularly good with the spade; and Chick with the niblick. Dick Metz and Jimmy Demaret of the youngsters are just about as good."

Military Officers In Conference

OTTAWA: Sixty-three commanding officers and adjutant, representing all of the military districts and most of the 39 training centres established for the training of men under the National Mobilization Act, have just completed a three day conference on training policies and methods at Connaught Range military centre, here.

Returning to their respective camps they will devote the remaining time before mobilization of the first group of 30,000 men early next month to completion of preparation of their officers and N.C.O.'S.

In addition to this group twenty senior officers qualified to be comandants and officers second in command have been given a senior officer refresher course at Royal Military College, Kingston.

Organization of the 119 training companies, formation of which was recently authorized to include the recruits of the Non-Permanent Active Militia, is developing rapidly.

Preparation of some 2,500 officers and lower ranks for the part of instructors is well under way. Besides the senior officers, some 600 subaltern officers and an equal number of sergeants, of corporals and of lance corporals are daily undergoing instruction.

Forty subaltern officers and as many sergeants, many of them soldiers of the last war, are following special courses, particularly in handling rifles and light machine guns, and in protection from gas.

Special arrangements have been made through the District Officers Commanding in Military Districts four, five and seven, Montreal, Quebec and Saint John, for appointment of sufficient number of bilingual and French instructors. Courses for quartermasters and paymasters have arranged in each district, and a cooking course is in progress at Camp Borden to provide a qualified sergeant cook for each centre.

VEGETARIAN CAT

PETERBURG, Va., Sept. 13—(CP) —When the dictionaries defined a cat as a "domesticated, carnivorous mammal," they didn't know about Muffy. Muffy, a short-tailed tabby, doesn't fit the definition at all. She is strictly vegetarian, shuns steak, and likes her vegetables raw. Her owner says that the cat frequently gets breakfast from bean vines.

Large numbers of uncivilized Indians have been found recently in the interior of Venezuela.

FILLERS

Contrast In Wheat Between Now And '17

WINNIPEG, Sept. 13—(CP) — Featureless wartime wheat trading on the Winnipeg grain exchange for the last three months is a far cry from the hectic days of May, 1917, when the May futures price rocketed to $3.05 a bushel, and unbridled buying demand forced grain officials to withdraw trading facilities in May and July futures.

That action was taken to prevent the price from going higher. Today, prices of the October and December futures are pegged at 73 5-8 and 74 5-8 cents a bushel respectively to prevent them from going lower.

With an exportable surplus of Canadian wheat estimated at 690,000,000 bushels piling up in farmers' bins and elevators, and little prospect for a wider market, buyers show little interest in wheat purchases.

As recently as May of this year before discouraging war news threatened to knock the bottom out of the grain market, more than 400 traders jammed the hexagonal wheat pit on the Winnipeg trading floor shouting bids and offerings for Canadian wheat.

Then, when the federal government fixed minimum prices for wheat futures on May, 18, trade gradually faded out until prices stopped fluctuating altogether June 24 Since then they have never risen from their minimum levels.

On three days in the last three months not a single trade has been executed—June 26, July 10 and Sept. 9.

MOTHER WRITES HER GRATITUDE

LONDON, Sept. 13—(CP)— The reception given by the Canadians to evacuated British women and children is described by one mother as "kindness itself," and an "open-armed welcome to an extent that people at home cannot begin to realize."

Mrs. R. E. Woolgar, wife of the Clerk of Works at Grosvenor House here who reached Canada recently with her two small daughters, said in a letter to her husband that "from the moment of disembarking these people over here were kindness itself, their kindness only being equalled by their admiration for the way Britain is seeing the war through."

"Canadian soldiers were at the quayside helping us all," Mrs. Woolgar wrote. "They were marvellous —carting off our luggage, seeing it through the customs, and relieving us of all worries.

"We had a day to wait before going up country and a lady from a voluntary organization took us in hand, provided us with all our meals, drove us around, took us to the station, and even insisted on doing all our tipping.

"During the train journey everyone, on learning that we were three British refugees, was kindness itself, from the passengers who made a tremendous fuss over us, to the smiling negro carriage attendants who waited on us hand and foot.

"We had to change trains 400 miles from our destination and there was no connection for 48 hours. Instead of having to put up at some hotel a man and his wife assisted on taking us into their home and treated us like members of the family.

"Canada's attitude to us is an open-armed welcome to an extent that people at home cannot begin to realize."

Mrs. Woolgar and her children are staying with a relative who is a member of the Royal Canadian Mounted Police.

AUSTRALIA'S MUNITIONS

CANBERRA — (CP) —By the middle of next year, said Prime Minister Menzies, Australia wouldbe employing 150,000 of her 7,000,000 population directly or indirectly on munitions production.

CHANGE OF SENTIMENT IN SYRIA

CARIO, Sept. 13—(CP)— The French National Committee in Egypt said today that "tremendous change of sentiment" in Syria for joining Gen. Charles De Gaulle and his "free Frenchmen" and continuing the war has taken place since the arrival of the Italian armistice mission there.

"Resentment against Italian efforts to disarm Syria is running high," a spokesman for the committee said.

"An explosion may come at any moment.

"Thirty resolute officers could probably swing the balance at this moment."

The committee, which is in close touch with Syria, said the information came from persons of unquestioned reliability, just arrived from there.

"A month ago Syria was apathetically following the Vichy Government, unenthusiastic about continuing the war," the spokesman said. "But the Italians were too hurried. The mission has been badly received by Syria Lebanese and French alike. One Italian colonel was punched in the nose in the street. A group of Foreign Legionnaires jumped on another member, according to reports received."

An Italian occupation of Syria would be followed, it is feared, by a thrust at the Mosul oil fields just across the frontier in Iraq to cut off the main oil supply of Britain in the Near East.

Newspapers here and in Palestine are carrying on a vigorous campaign on behalf of Gen. De Gaulle.

Canadian Dollar In Slight Decline

NEW YORK, Sept. 10.—(CP) — The Canadian dollar dropped 3-8 of a cent today to a discount of 13 5-8 per cent. following Monday's one cent loss on the foreign exchange market. (Ottawa foreign exchange control board rate 9.09-9.91 per cent discount).

The free British pound moved up ¼ cent to $4.03¼, in relation to the United States dollar. The Swiss franc held unchanged at 22.79 cts.

TRAILER EVACUEES

DOVER; ENGLAND - (CP) —Light trailers which can be attached to motor cars or drawn by hand are much in demand for South Coast residents who may be called upon to evacuate any moment of an air raid.
