

**This Closet is a Marvellous Value at 10.00**

At this trifling cost you may insure the health of your family against the risk instilled in the use of the old-fashioned, ill-smelling, disease-breeding outside pit closet. Particularly does this apply to your wife and children, the same in sickness as in health.

The proper action of the bowels is the fundamental law of health. Place the Beach Odorless Chemical Closet where it may be used by the young and old, in all weathers at all hours of the day or night and you will have taken an advanced step in the care of those you have sworn to love and protect.

Call or write for fuller information about this new, perfected chemical closet.

**All Bosh--- Tea and Coffee Don't Hurt Me**

says the cynic—but, we live and learn and at some time of life many tea or coffee drinkers wake up to the fact that the drug, "caffeine," in tea and coffee is "getting them."

Headache, nervousness, biliousness, heart flutter- insomnia, etc., are often signs that tea or coffee is getting in its work; and the growing knowledge of its true nature has led thousands of former tea or coffee drinkers to turn to

**INSTANT POSTUM**

This famous food-drink has a rich, snappy flavour, but is entirely free from caffeine and other harmful elements ever present in tea and coffee. It is made of whole wheat and a small portion of wholesome molasses, and permits Nature, unhampered, to carry on her work of daily re-building brain, nerves and muscle.

Postum comes in two forms: The original Postum Cereal must be boiled; Instant Postum requires no boiling—a level teaspoonful in a cup of hot water makes a delicious drink—instantly. Both forms are equally delicious and the cost per cup is about the same.

**THE REAL FRIEND IN A LARGE BOTTLE**

The greatest friend to sick people is the one that helps them toward health. But nearly every human friend had heretofore suggested a different means of regaining lost health due to nervousness, overwork, debility and worry. Now there are dozens of friends right here in your own town who will agree that the best friend to their health is Zoclic—the health tonic. This already famous remedy for "nerves," and their consequent ailments is a combination of glycer-phosphates—the actual elements of the human body with Cod Liver Oil and delicious tonic wine. A short two weeks of faithful trial will put you fair and square upon the path of bounding health. We know this so absolutely that if you cannot report real progress at the end of that time we will refund the purchase price. You who suffer and suffer and suffer should not delay beyond today. Sold by E. A. Foster, Distributing Agent for P. E. I.

**Why Do Women Worry?**

A SIGN OF FAILING HEALTH.

Worry is a disease—and it's more—it produces other diseases, because it breaks down the nerves and saps the vitality of the body.

What a pity women don't realize that if they were well—if the blood was nutritious—if the nerves were strong—if all the organs were active—then the little things that irritate and prey on the mind wouldn't receive a moment's thought.

The woman who worries has a poor appetite—she sleeps poorly. If it only lasts for a day or two it might be of small consequence—but she grows limp, miserable, unhappy—worse day by day.

She needs Ferrozone which cures worry by curing the condition that renders worry possible. For nervous, weak women, no tonic is so good; thousands of us have cured just like Mrs. M. E. Etherington, of Troy, who writes: "I am quite willing to give a public testimonial for Ferrozone, believing it to be a tonic of superior excellence and one that will rapidly build up strength and supply new energy to anyone not feeling well. Last spring I was in a very poor condition of health. I was nervous, felt tired, and completely worn out. No doubt it's quite a common complaint with ladies of my age, but I placed great reliance in Ferrozone, and took it for several weeks. It made me quite strong, and in fact I have been in better health ever since. I can heartily recommend Ferrozone."

Ferrozone cures by making good blood strong nerves and a healthy body.

This is why it gives color, clearness to the skin, buoyancy to the step, brightness to the eyes—because with good digestion and activity of the body in all its parts there's health. Price 50c per box at all dealers.

**Special Attractions in Millinery**

We are putting on some special attractions to introduce some of the newest styles at our Millinery display this season.

Typifying the designs of these hats which are the top notch of fashion, we would make mention of the Quaker Hat with high crown and narrow brim which is a great favorite. The roll-brim sailor is very much in evidence and can be worn either as a dress or outing hat.

Ribbon is much in vogue and is worn in large loops trimmed high on the back and side while flowers are worn in profusion in brilliant and quiet colors. Tipperary veiling is worn extensively draped over the rim, and has a very nobby appearance.

These are only a few of the large assortment too numerous to mention.

Our milliners have just returned from the Openings abroad and are in touch with the latest Parisian and New York models, which account for the compliments we have received from our many customers, showing the splendid results which have been produced from the hands of our own workrooms.
