S'SIDE AND PRINCE CO.

Special prayer meetings are being held in the Methodist Church every evening this week.

Revs. R. S. Whidden and W. H. Smith exchanged pulpits last Sunday morning and evening. The latter is spending a few days of this week in Bedouque in the interest of the Century Fund.

The carnival advertised to take place at Crystal Rink on the 15th February, promises to be the event of the winter. Carnivals are again coming into favor. Those held in Montreal and other large cities during the past month have been attended by thousands of spectators and the show on the ice is described by the papers everywhere as magnificent. It is expected that Summerside skaters will make a good record for themselves. On the 15th there is sure to be a large assemblage of spectators.

The Motor Wheel.

OTTAWA, Jan. 24.—So many of the stars of the cycle track are entering the motor field that motor cycle races are likely to leap into the foreground in the spring, while a new crop of fast men to seek for championship honors by unaided pedaling will be needed. Frank Waller, the veteran six day rider, is having an American machine built with a carburetor of French make. Joe Judge is having one made that he says will negotiate a mile in fifty seconds. McEachern, the Canadian crack, who is now a resident of Newark, is having a three horse power tandem constructed that will have more overhang than any other ever put out. Tom Cooper and Floyd McFarlane also are going to turn into motor riders, and others that have ordered machines made are the Hunter brothers, of Newark, and the Lawson brothers, of Chicago. Besides those named, the experts who were in the field last year, and intend to remain in it are Charles Miller, Henri Fournier, C. S. Henshaw, and Austin Crooks. In the light of these things there is little to fear but what they there will be plenty of good material to meet Janoit the Englishman who has challenged the whole country, or any other foreign expert.

Our Mothers, Wives and Daughters.

Thousands of Them Suffer from Nervousness and General Debility.

Paine's Celery Compound Strengthens and Tones the System.

It Purifies the Blood and Gives Perfect Digestion.

It Brightens the Eyes and Gives a Clear and Soft Complexion.

No medicine in the world has ever done such a good work for nervous debilitated and suffering women as Paine's Celery Compound.

Women of all ages owing to their delicate and sensitive organisms, expend more nerve energy than men. Their organs require vigorous nerves to insure healthy action. It is a fact worthy of special notice that suffering from acute nervousness is caused by weak and inflamed nerves.

For such troubles, Paine's Celery Compound is the true medicine for nourishing and strengthening the nerve fibres.

Weak and rundown women had in Paine's Celery Compound a wondrous strength giver and flesh builder. Sleepless and irritable women who use Paine's Celery Compound obtain true rest and sweet, refreshing sleep, the eyes become lustrous and sparkling, and the complexion clear and bright. Every rundown and ailing woman should give Paine's Celery Compound an immediate trial; it never disappoints.

She—I'm one of her oldest friends. He—You look it.

"DEEDS ARE FRUITS,

Words are but leaves. It is not what we say, but what Hood's Sarsaparilla does that tells the story. The many wonderful cures effected by this medicine are the fruits by which it should be judged. These prove it to be the great, unequalled remedy for dyspepsia, rheumatism, scurvy, salt rheum, catarrh and all other ailments due to impure or impoverished blood. Hood's Pills are non-irritating, mild, effective.

A Tuckahoe man has called his cat Boomerang, because it comes back.

THE WEATHER.

WASHINGTON, Jan. 29.—(Special)—Cold wave, zero temperature and snow burries, fair, continued cold, north-westerly gales diminishing.

HEART HUMBUC.

It is fashionable every day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, where as real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is a vital element of the blood. Too little iron means weakness, lack of spirits, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills. 5c per box, 5 boxes for \$2. All druggists, or Sam Williams & Co., Toronto, Ont.

OUR BOYS AT BELMONT.

(Continued From the Third Page.)

Africa with its sky tinged with all the colors conceivable by the human eye was approaching. The dawn advanced until the last shade of night had faded into clear day-break. Our optics rested on the quarter where the supposed enemy were to come from.

Only one human being was to be seen and that was the signaller. Almost at the same moment the order rang out clear "Turn in" and it was not many minutes before we were obtaining the sleep that we were only too glad to lose.

When we came to this world again from the land of "Nod" we found out that the alarm was caused by the patrol taking Company G, commanded by Capt. Weeks, for B-o-e-r-s. It was good drill and how we appreciated it.

DIED.

Too Big a Load.

Sir—In a paid local Messrs. Horne, Ross and Wheatley are announced as colleagues in Ward 5. Messrs. Horne and Ross seem to have given Count. Wheatley the cold shoulder and are envious for themselves alone. Are they ashamed of their colleague, or is the load too heavy to carry?

Yours,
