cents bundle. Guardian Office. 2-4-f.

FOR SALE TO LET, BOARD AND
room signs on hand at Guardian
Office.

FOR SALE—2 PURE BRED
Guernsey Bulls, 20 months, from
R. O. P. Dan, St. Charles, Mdxter
King, Preston Road, Harrington.
1922-4-8-2f.

FOR SALE—SEVERAL COOKING
ranges, small cooking stoves, sev-
eral new heaters. 89 Rochford St.
1893-4-7-2f

FOR SALE—NEW 40 FT. BOAT
with Hudson Engine. Apply Alfred
Stubbert, Souris. 1891-4-7-3f.

FOR SALE—REGISTERED
Guernsey Bull, 20 months, from
R. O. P. Dan, St. Charles, Mdxter
King, Preston Road, Harrington.
1922-4-8-2f.

AMERICAN ROTARY THRESHER
and Crusher bells; Also rubber
traces complete for service. All at
half price. Clinton Morrison,
Bell Dealer, Fredericton, P. E. I.
1896-4-4-5f.

VALUABLE JEWELS FOUND
IN VIKING CACHE

VISBY, Sweden, April 7.—A Vik-
ing cache of pearls, gold ornaments
and inlaid jewelry was found under
a large stone near here by two
fishermen. There were 150 pearls,
nine gold pendants and twenty-five
necklaces of bronze with silver in-
lay.
There is no burial place near the
spot, indicating that the jewelry was
hidden by the owner for safekeep-
ing. Gothland, the Swedish island
in the Baltic Sea, of which Visby is
the capital, frequently yields simi-
lar ancient relics. It used to be an
important trading point, during the
time of the Vikings and later in the
days of the Hanseatic League.

Turnips
FARMERS who have TUR-
NIPS fit for Market sell every
bushel you can get your hands
on. They are worth now
35 CENTS BUSHEL which is
a good price and much better
than Potatoes.
**SUGAR
BEET MEAL**
An excellent substitute for
TURNIPS. We have a car-
load in stock and are selling
at a low price. Call at our
Seed and Feed Store and get
our price. Special price for
Ton lots.
**Carter & Co.
Limited**

CENTRAL GUARDIAN
SALE OF LADIES HATS at S. A.
McDonald's Bargain Basement this
week 98c. 1879-4-7-2f.

SUNDAY SERVICES—Preaching
service Murray Harbor Church of
Christ, Sunday, 10th: 11 a. m. and
6.30 p. m. C. E. Armstrong.

DIPHTHERIA Immunizing Clinic
at Prince Street School Friday 4 to
4.30 P. M. 1890-4-7-2f.

CHURCH SERVICES On April
10th will be conducted at Alexan-
dra at 11 a. m. Hazelbrook at 3 p. m.
Cross Roads at 7 p. m. Rev. E. J.
Chisholm, Minister.

NEW LONDON.—Presbyterian
Church in Canada services on Sab-
bath April 10th will be as follows:
11 A. M. Long River; 2.30 P. M.
Clifton; 7.00 P. M. Granville.

MISS M. E. BARRON, New York,
trained cosmetologist will demon-
strate and fit NEMO FLEX Founda-
tion garments here, Friday and Saturday.
Moore & McLeod, Limited.
1889-4-7-2f.

BELLE RIVER-BELFAST—Unit-
ed Church of Canada, Services
Sunday, April 10th, are as follows:
Belle River at 10.30 a.m.; Eldon at
3 p.m. Rev. J. R. Skinner, pastor.

MURRAY RIVER—There will be
service in the Murray River Tem-
perance Hall Sunday, April 10th, at
7 p.m., conducted by Louis Harris.
Subject, The curse of strong drink.

CENTRAL CHRISTIAN CON-
CERT—In the program of the Cen-
tral Christian Concert an omis-
sion was made of a duet played by
Mr. Covey on the cornet and Mr.
Warren, on the accordion.

ISLAND LADY DEAD—Mrs. Am-
brose McGuire, Great George street,
received a telegram from Roxbury,
Mass., dated the 5th April saying
her sister, Mrs. Don Ross, nee Cal-
ara McNeill, died that morning.
Particulars later.

UNITED CHURCH OF CANADA
—Bedeque Rev. L. P. Archibald,
Minister. Services for Sunday
April 10th, Bedeque, 11 A. M.; Cape
Traverse, 3 P. M.; Searletown, 7
P. M. The minister will preach at
all services.

PRESBYTERIAN SERVICES—
Service at Highfield Presbyterian
Church at 11 a.m. April 10th, and
at Marshfield 7 o'clock. It impos-
sible to get to Highfield on ac-
count of roads the service will be
at Marshfield at 3 o'clock. Dr. M.
E. Genge, pastor.

HOME FOR BURIAL—A telegram
has been received by Mrs. D. E.
Gallant, City, conveying the sad
news of the death of her sister,
Julia Martin, which occurred in
Laurel Heights Hospital, Bridge-
port, Conn., on Wednesday, the 6th.
Instant. It is expected that the re-
mains will arrive in the Province on
Saturday evening for burial at St.
Anthony's Parish, Bloomfield.

BIRTHS
MACKINNON—At Montague on
Tuesday, April 5th, 1932, to Mr. and
Mrs. Will MacKinnon of Uigg, a
son.

Card of Thanks
Mrs. John L. Smith and family
wish to extend their thanks to kind
neighbors and friends for their
kindness and sympathy in their sad
bereavement and all those who
sent Mass Cards and other tokens
of sympathy.
1908-4-8-1f.

IN MEMORIAM
To the loving memory of my
darling wife
MRS. KENNETH McLEOD
Who Departed this Life
April 8th, 1931.
Sadly Missed by Husband and
Darling Baby Boy.
1890-4-8-1f.

IN MEMORIAM
In loving memory of our loved one
Robert Wood, who fell asleep April
8th, 1931.
Days of sadness still come o'er us
Tears in silence often flow
Memories keep thee ever near us
Though you died one year ago.
Sorrowing Wife and Loved Ones.
1890-4-8-1f.

FISH!
Daily offering for Lent, unfrozen
Fresh Cod and Haddock.
Fresh Fillets.
Fresh Smelts.
Salmon Dressed.
Halibut.
Smoked Fillets.
Smoked Finnan Haddock.
Boneless and Dry Cod.
Labrador Herring, etc.

HELP THE PROTESTANT OR-
PHANAGE. Attend Hart House
String Quartet Musicals, Monday,
April 11. 1903-4-8-1f.

POLICE COURT—The second
party who was arrested in con-
nection with the Sterns Laundry rob-
bery was sentenced by the Stipen-
diary Magistrate yesterday morn-
ing to a term of two years in Dor-
chester Penitentiary.

ARCHIBALD-GORDON WED-
DING—Miss Edna H. Gordon of
Rosemeath P. E. I. became the bride
of Mr. John M. Archibald of
Nokomis, Illinois, in quiet ceremony
performed at 7 o'clock P. M., March
11th at the Presbyterian Church
here. The vows were received by
Rev. Dr. Low, pastor of the Church,
in the presence of only immediate
relatives of Mr. Archibald, viz. Mr.
and Mrs. Chas. Archibald, Mr. and
Mrs. Geo. Archibald, Mr. and Mrs.
H. Drake, Miss Mary Archibald,
Mrs. Marjorie Calame, Mr. and
Mrs. A. J. Eckhoff and others. The
single ring service was used. The
bride was becomingly gowned in a
dress of blue Spanish lace with
hat to match. Mrs. Charles Archi-
bald also wore blue. After the cere-
mony the wedding party returned
to the home of Miss Mary Archi-
bald for supper. Mr. Archibald
lived in the Nokomis community
until about eleven years ago when
he went to New York City. While
there he became acquainted with
the young lady whom he has just
married, who has been actively
engaged as a professional nurse in
New York and Jersey City. A year
ago Mr. Archibald purchased a
farm near Dexter, Mo., and has
made his home there since that
time. Miss Gordon came to Nokomis
on Wednesday and was the guest
of Mrs. Mary Archibald. Mr. and
Mrs. Archibald left on Saturday
noon for their home in Dexter, Mo.—
The Nokomis Free Press, March
12th.

Mr. R. W. Gournlock and Mr.
W. E. Young, Toronto, arrived in
the City last evening and are reg-
istered at the Canadian National
Hotel.

GIRLS TAKE TO PIPES
BRIGHTON, England, April 6—
The smart young women of Bright-
on, time-honored British seashore
resort, have taken to pipe-smoking
and Brighton tobacconists wish
they knew exactly what to do
about it.
The smart set isn't very stable
with its fads. A few months ago
the girls all were smoking man-
nakin cigars, but that did not last
long and the tobacco dealers would
like to know how long pipe-smok-
ing is going to last before they
lay in a supply of expensive fancy
meerschaums and swan-necked
calabashes.
Some of the more enterprising
dealers have a highly scented blend
of pipe tobacco but one of the new
customers insists on thick twist to-
bacco.

"MISS CANADA" IS CROWNED
AT LOS ANGELES REUNION
LOS ANGELES, April 6—"Miss
Canada" of 1932 was crowned today
at the annual Spring reunion spon-
sored by the Canadian Federated
Societies of California, attended by
nearly 25,000 Canadians, past and
present.
Attended by ladies in waiting,
flower girls, princesses and repre-
sentatives of the various Canadian
provinces, Miss Margaret Rider,
Medicine Hat, Alberta, was pro-
claimed queen.
Attending princesses were: Prin-
cess Imperial, Mary Alexander
Jackson, Ottawa; Princess Royal,
Dorothea Margaret MacMillan,
Vancouver, B. C.; Princess British
Empire, Pauline Edith Gardner,
Montreal.

Manitoba having a substantial
gold production from Central
Manitoba Mines and as a by-prod-
uct from the copper ores of Flin
Flon and Sherritt-Gordon and as
gold formations were widespread
and had not yet been completely
prospected, it was likely that new
gold mines would be discovered
and developed, he stated.
The three large lakes, Island,
Gods and Oxford, about 150 miles
east of the north end of Lake
Winnipeg, were formerly inacces-
sible but now available for pros-
pecting by means of air routes. Dr.
Wright said. In the last few years
he mapped these areas for the
Geological Survey, Ottawa.
Dr. Wright gave practical in-
structions with regard to prospec-
ting in these areas and in conclu-
sion stated that, on the present
evidence, these areas offered fa-
vourable ground for prospecting
and he recommended certain geo-
logical conditions as particularly
worthy of attention.

Bedeque
The many friends of Mr. Heath
Clarke, Wilmot Valley, will regret
to hear that he has entered the
Prince County Hospital to have a
finger amputated.
Mr. Thomas Kough of Cape
Traverse spent the week end very
pleasantly in Fernwood, the guest
of his aunt, Mrs. Swithen Mac-
Kenna.

Mr. Francis MacAvin, spent the
week-end at Kinkora, the guest of
his friend Mr. Joseph Campbell.

The pupils of the Centerville
Bedeque School are progressing
rapidly under the efficient and
capable management of Mr. Angus
Bernard.

Mr. Herbert Haywood, son of Mr.
and Mrs. Johnson Haywood of Wil-
mot Valley, has returned to his
home after having been in the
Prince County Hospital for the
past three months. Friends are
pleased to know that he is regain-
ing health and strength quite rap-
idly.

A special church service was
given in the United Church at
Centerville Bedeque under the
auspices of Edith Thompson Miss on
Circle, on Sunday evening. Mr.
Ralph Callbeck, presided. Prayer
was offered by Mr. Thomas Mayne.
Scripture passages were read by
Mr. A. Calbeck. Miss Doris Mun-
cey, President of this Circle, gave
a very interesting account of how
this organization was begun about
eighteen years ago and she read the
names of the Charter members. The
Circle was named after its organizer
Mrs. (Rev.) W. A. Thompson of
Charlottetown. During the past year
the circle has raised for missions,
one hundred and fifty dollars. This
chiefly through straight giving on
the part of the members. A very
interesting and instructive address
on the great Japanese evangelist
"Kagana", was impressively given
by Mr. Walter Craig of Middleton.
The choir under the leadership of
Mrs. John Stuart added its mus-
ical contribution making on the
whole a profitable and well worth
while service.

The Freetown Troop of Boy
Scouts met in the Hall last Tues-
day with eight scouts present. The
opening exercise included a "Special
Scout's Silence," in sympathy of
its sickness. Introduction on First
Aid was given by the Scoutmaster.
Two games were played, "zigzag
Relay" and "Make a Face as I do."
The Scoutmaster read an interest-
ing essay on the "Bible," by Lord
Baden Powell of Gilwell. All the
Second Class Scouts are working on
Proficiency Tests.

Master Claude Lewis of Freetown,
spent a very pleasant holiday in
Truro, N. S., the guest of Mr. and
Mrs. Crowe.

The many friends of Mrs. Silas
MacFarlane of Freetown, will re-
gret to hear that she has recently
entered the Prince County Hospital
and underwent an operation on
Thursday, but it is pleasing to hear
that she is progressing as rapidly
as can be expected—B.

**Geology And
Gold Deposits**
MONTREAL, Que., April 7 —
(By The Canadian Press)—The
geological features affecting pro-
specting in the northeastern sec-
tion of Manitoba which is known
to be gold bearing and which has
shown promising yields were de-
scribed by Dr. J. F. Wright of the
Geographical Survey at Ottawa,
at today's session of the Canadian
Institute of Mining and Metallurgy
here in an address on "Geology
and Gold Deposits of the Areas
about Island, Gods and Oxford
Lakes, Manitoba."
Manitoba having a substantial
gold production from Central
Manitoba Mines and as a by-prod-
uct from the copper ores of Flin
Flon and Sherritt-Gordon and as
gold formations were widespread
and had not yet been completely
prospected, it was likely that new
gold mines would be discovered
and developed, he stated.
The three large lakes, Island,
Gods and Oxford, about 150 miles
east of the north end of Lake
Winnipeg, were formerly inacces-
sible but now available for pros-
pecting by means of air routes. Dr.
Wright said. In the last few years
he mapped these areas for the
Geological Survey, Ottawa.
Dr. Wright gave practical in-
structions with regard to prospec-
ting in these areas and in conclu-
sion stated that, on the present
evidence, these areas offered fa-
vourable ground for prospecting
and he recommended certain geo-
logical conditions as particularly
worthy of attention.

Two Feet
"Only two things prevent you
from being a really great football-
er."
"And what are they?"
"Your feet!"

DISCOVER SMALLPOX
WINDSOR, England, April 7—
Discovery of two cases of smallpox
at Dulwich Hospital where the King
and Queen visited last Saturday
caused considerable concern among
members of the Windsor Castle roy-
al household today.
Castle authorities were assured by
officials of the hospital that there
was no possibility of contagion, how-
ever, because the patients who lat-
er developed smallpox had been in
an isolated part of the hospital.

FREDRICKTON SCHOOL
Honor Roll for Frederickton School
for the month of March:—
Grade X—1. Wesley Murray; 2.
Edith Cutcliffe; 3. Beatrice Stew-
art.
Grade VII—1. Helme Stevenson;
2. John Eekox.
Grade V—1. Milton Cutcliffe; 2.
William Hill; 3. George Morrison;
4. Louis Hloox, 5. Mijner Hill.
Grade IV—1. Euphemia Ross.
Grade III—1. Adelmia Cutcliffe;
2. Lester Ross; 3. Everett Ross.
Grade II—1. Irene Stevenson; 2.
George Buchanan; 3. Maryen
Hill; 4. Ivan Hill.
Grade I (Sr.)—1. Raymond
Weeks; 2. Boyd Weeks.
Grade I (Jr.)—1. Ruth Ross; 2.
Nina Hickox.
Perfect Attendance:—Edith Cut-
cliffe, Milton Cutcliffe, Adelmia
Cutcliffe, Raymond Weeks, Nina
Hickox.
Mary G. Stevenson, Teacher.

Canada's Coalfields
MONTREAL, Que., April 7 —
(By The Canadian Press)—The
various kinds of maps made of the
surface and underground features
of a coalfield, and how these are
used in developing and operating
the mines were outlined by Dr. B.
R. MacKay, chief of the coal di-
vision of the Geological Survey at
Ottawa, in an address on "Por-
traying Geological Structure of
Canadian Coalfields" at today's
session of the annual meeting of
the Canadian Institute of Mining
and Metallurgy here.
In the early stages of develop-
ment maps on a scale of a mile to
the inch were sufficient, and the
manner in which these indicated
the course of the coal seams and
the various irregularities that
might lead the miner astray had
been proved of the utmost utility,
Dr. MacKay stated. With the in-
tensive development of the mines,
however, maps showing much
greater detail were required, and
Dr. MacKay described how these
were made, down to a scale of 400
feet to the inch. From these were
developed models that were even
more useful than the maps as they
showed the various features in
three dimensions and thus al-

**Metallogenesis And
Crustal Theory**
MONTREAL, Que., April 7—(By
The Canadian Press)—The reason
deposits of ore occurred in cer-
tain characteristic places in the
earth's crust and not in others and
from what sources these ores were
derived, and what brought them to
their present resting places, to-
gether with other problems of eco-
nomic biology were discussed by
Dr. J. S. DeLury, of the Universi-
ty of Manitoba, Winnipeg, and
past president of the Canadian
Institute of Mining and Metallur-
gy, at today's session of the an-
nual meeting of the Institute here.
In his paper on "Metallogenesis
and Crustal Theory" Dr. DeLury
presented an idea that is radically
new in the realm of geology and
that appears to offer a solution
for numerous observed phenom-
ena that otherwise are unexplai-
ned. His idea is, in brief, that be-
neath some miles in thickness of
the surface crust of the earth in a
layer of rock material that is ren-
dered potentially fluid by the enor-
mous pressure of the rock above it,
there arises at intervals a lateral
movement throughout a compara-
tively thin layer of rock material
caused by an increase of pressure
from above combined with a re-
lease of pressure at some dis-
tant point which affords a weak
spot into which the fluid rock can
force its way up. While the amount
of fluid rock at any one place in
the sheet-like mobile layer may be
small, the amount that accumu-
lates from all parts of the layer at
the point of release is large, and
forms the igneous rock masses
round which most ore deposits
cluster.
T's and similar technical points
were included in Dr. DeLury's pa-
per which could be followed in
detail by only a small part of even
the mining fraternity. But it re-
presented the researches in the
science of geology which have aid-
ed immensely in providing the
cheap and abundant mineral pro-
ducts upon which present civiliza-
tion is founded.

**TRY IT
TODAY**
Nyls Shaving Cream Lathers
freely and quickly. Fine for soft-
ening the beard and making a keen
razor cut better. Does not irritate
the skin. Makes shaving a pleas-
ure. The mussy "rubbing it in"
with the fingers is not necessary
with Nyls.
"MAKE THIS YOUR DRUGSTORE
FOR SHAVING NECESSITIES"
