

New Years Greetings

Your troubles for the year 1924 will be little ones if you send your family work to the
GLOBE LAUNDRY
Phone 141

HERE'S a page which bubbles over with enthusiastic sentiment—it radiates sincerity—and that sincerity is kindled by gratitude.

Each of these merchants is rebellious—he tells us the space allotted to him is not vast enough to convey his heartfelt thanks for the success which has come to him during 1923.

You have given loyal patronage. You have given enthusiastic patronage. You have given prosperity.

The wish of each merchant is that 1924 will be the richest ever experienced by you—not only in superb health but in great prosperity and in greater happiness—and it is loyalty each one of us loyal to each other, which can and will bring to each of our doors happiness and prosperity in 1924. Each merchant pledges he will do his share.
