A PROFITABLE BUSINESS.—There is no more profitable business at the present time than the cinematograph business. Everyone wants to see moving pictures of current events, of the war, of the drama, and so on. At present there is not a single cinematograph travelling the country districts in Prince Edward Island, while the people in the country are crying for entertainment. Any enterprising individual wishing to enter this business and reap a rich harvest can do so for an initial outlay of \$150. A complete cinematograph equipment for use in town or country may be obtained for that amount. Particulars may be obtained by application at the Guardian office. 6157.

HIS OWN TROUBLES.—The esteemed editor of the Pioneer has his share of the world's troubles and, accordingly, makes complaint as follows: Some people in these parts have a curious idea of what it is to be a newspaper man. They ask us how our columns should be utilized so as to give our valued subscribers the best newspaper value for their money; but we suppose we cannot all look upon things from the same viewpoint. For instance those who may have contributed in a weak moment an old pair of socks to the Belgian Fund now knock timidly at the door of our sanctum and, after passing the time of day, draw our attention to the fact that we did not mention it in the Pioneer. On the other hand the man who has figured in the police court walks boldly in without knocking and demands why he was not mentioned in the Pioneer. It is a curious old world, anyhow!

A PATRIOTIC PEOPLE.—Mount Stewart and vicinity has done most creditably in response to the several patriotic demands made upon them. For the Army Field Service, Mr. Green, the teacher, collected \$2.30 in cash and 350 bushels oats. The school also gave \$2.15 to the same fund. For the Belgian Fund, 9 large packing cases of clothes and bedclothes was collected, also \$183.48 in cash for the canned beef put up free of cost by R. Clark. Out of this amount \$67.40 was collected in the village while the remaining \$116 was liberally subscribed in Savage Harbor, Pt. De Roche, West St. Peter's, St. Andrew's, Hd. of Hillsborough, Allisary, Scotchfort and Pisquid. These districts did their share also in the fine gift of clothing and bed clothing. For the Red Cross the Ladies' Auxiliary sent in a large amount of material and \$319 in cash. While the school sent \$6.50. It might be added the school children made up a box of 40 pairs stockings for the Belgian Fund, in all \$741.34 in cash has been given from this section alone, not including the splendid gifts of oats by many in the respective districts.—L.

CANADA'S SOLDIERS ARE UNRIVALED

LONDON, October 24.—Never has Canada played so conspicuous a part in the London and British press generally as during the past ten days in connection with the arrival of the first Canadian contingent. Not a daily or weekly can be scanned which does not contain flattering eulogies on the Dominion's action, and the quality of the men sent over. The illustrated London News, published today, heads a page of varied snapshots: "Unrivalled Since William the Conqueror."

The portrait of the minister of militia appears in the centre of the page, which shows types of the contingent. The text at the foot of the page says: "In physique, smartness and sturdiness, the Canadians leave nothing to be desired."

Maj. Gen. the weedy illustrated, makes the minister of Militia the subject of its picture gallery this week, and copies of the portrait were seen in the windows of numerous city booksellers today.

Major-General the Hon. Sam Hughes was warmly congratulated on all sides on the news of his promotion, which appears in the evening papers. Sir Robert Per's had booked the new major-general to attend a popular concert at Westminster Central Hall, the Methodist headquarters, tomorrow, when the minister would have been expected to speak, but he has had to excuse himself, as he journeys to Salisbury Plain in the morning.

The Canadian banks in London have had an exceptionally busy time this week in coping with the business resulting from the arrival of the Canadian contingent. The bank managers have been surprised to find how comparatively wealthy are some of the members of the force as many privates have brought with them sums ranging as high as \$500. Early this week the Bank of Montreal sent down three men to the camp to effect exchange, and they were kept incessantly busy for three days, with the result that the cash box which they brought back contained \$125,000 in Canadian Currency. The Bank of Montreal considered the question of opening a branch at the camp, but was unable to do so, because its city staff is already very short and hard-worked, owing to the large number of clerks who have joined the colors.

The storekeepers of Salisbury regard the Canadians as a privileged class of soldiers, on account of their apparent affluence, as compared with their brother fighters of the old country, who receive less and have less saved.

ASSISTANCE FOR THE LABRADOR FISHER FOLK

ST. JOHN'S, Nfld., Oct. 24.—The fisher folk of Labrador, facing a hard winter as a result of the short catch of cod during the present season will be aided by the Newfoundland Government. Efforts also will be made to prevent a further spread of beriberi, several cases of which have occurred along the coast. It was announced today that during the remaining five or six weeks in which Labrador will be accessible to shipping the Government mail boat would make two trips, one to the northern and one to the southern section, carrying a stock of food-stuffs. Special arrangements have been made by the Government for the treatment of beriberi patients in hospitals in this city.

Need Better Diet

The disease has appeared in various parts of Newfoundland as well as in Labrador. In a letter just received here Dr. W. T. Grenfell, the Labrador medical missionary, says that cases of the becoming alarmingly frequent in that region. Dr. J. M. Little, in charge of the Grenfell Hospital at St. Anthony, Nfld., attributes the situation largely to the fact that the fishermen in many cases eat little but white flour bread during the winter. Patients in an advanced stage of beriberi, according to Dr. Little, have been cured simply by providing them with a varied diet.

CLIFFS OF ROVER WELCOME REFUGEES

A Belgian refugee, having reached England, recalls his experience thus: "I shall never forget as long as I live the white cliffs, the sapphire sea, the sun, and the smiling kind faces of the English whose hands stretched out to us in welcome at Folkestone. I broke down and wept like a child. Since then it has all been kindness, kindness. We have a flat tent to us until the end of the war, and I hope I may have pupils for French, and also to write for your English papers. Already the Daily Mail has published my verses on Tommy Atkins, and the soldiers of Belgium are singing my poem, 'Le Petit Belge'." Our soldiers, who have astonished the world! They were not serious, people though. Soldiers of parade—too well provided for—not ready for war. Well, the flower of our cavalry rode out, and not a man returned. Yes, we are proud of our soldiers and our king.

A VACATION FOR PREMIER OF DOMINION

OTTAWA, Oct. 24.—Sir Robert Borden left Thursday for the south on a three weeks vacation. The premier is much in need of a rest. He has been working hard for a long time and since the outbreak of the war he has been especially busy. He will probably spend a portion of his holiday at Virginia hot springs. Lady Borden will accompany him.

It is unlikely that the vacancies in the Senate, of which there are six, will be filled until his return. During Sir Robert's absence Sir Geo. Foster will be acting premier.

SYMPATHY.—"A few more smiles of silent sympathy, a few more tender words, a little more restraint of temper, may make all the difference between happiness and half happiness to those I live with."

KINGS DEFEATED MOUNT ALLISON.

WINDSOR, N. S., October 24.—King's College football team defeated Mount Allison by a score of 3 to 0. A very regrettable accident occurred near the close of the game, when Anglin one of the star halfbacks of the visiting team had his leg broke. He was in the act of blocking one of the home team, and received a kick which broke his leg. Anglin belongs to St. John's, McCormick scored the try for King's. Good feeling prevailed among the players, and the game was free from rough work. The weather was fine, and a large crowd witnessed the game. F. D. Graham was the referee.

Difference In Drug Buying

Drug buying is an art. There is truth in the statement that "Goods well bought are half sold." This is due to the fact that it is easier to sell people what they want than to attempt to sell them just anything. We are particular drug buyers, insisting on quality goods, and when goods are received they are stocked in a way to guard against deterioration. Customers never get inferior, impure drugs here and still our prices are as low as anybody's. If you are a particular drug buyer and appreciate right quality, right service, and right prices, come to our store.

YOU MAKE A BIG MISTAKE

If you allow anyone to tell you that we do not sell tickets over the Canadian Pacific Railway. We sell tickets over every line of Railway in Canada or the United States. We can sell you your ticket from any point to any other point connected by rail or passenger steamships. We make a specialty of planning circuit trips which will allow our passengers to take in the greatest number of points of interest. If you will favor us with your business we will promise you a service always the same. We will secure your sleeping car berths for you on any line or lines and will guarantee our rates to be as low and in some cases lower as those of any other agent. If you do not take advantage of this service which is offered by no other agency in Prince Edward Island, you lose more than we do.
