WAR AND PREPARATIONS FOR WAR.

There are many different opinions as to the wisdom of entering upon the creation of a Canadian navy.

so odious as to bring about a league of international peace. In any case the Opposition to Canadian navy building is strong and apparently growing.

Mr. Warburton, M. P. has given notice in the House of Commons that he will move for copies of correspondence and papers with regard to the Tunnel survey, the New London branch railway, the reduction of our representation and the Tatamagouche route.

The Opposition recently gained the Commons seat for North Essex at a by-election. This has no important significance. It is, we believe, the first seat gained by the Opposition since the general election of a year ago.

But you may make certain of this: That the values is extraordinary if we allow the blankets to be sold at 75c and 85c a pair for one day or two only.
