CITY & COUNTRY NEWS

ANY smart, steady boy with a fair education can obtain permanent employment by applying at this office.

PRINCE Edward Island potatoes are not so plentiful in Halifax just now as they usually are at this season of the year, but there are a couple of weeks yet before navigation is likely to close. The price rules between 30c. and 35c. Nova Scotia and New Brunswick potatoes bring more money, probably as much more as 10c. per bushel.—Halifax Herald.

MR. GEO. E. HUGHES, Nominated Monday night as Councilman

HOSPITAL CONCERT.—There will be a magnificent concert in aid of the P. E. I. Hospital fund by Prof. Watts and other favorites in First Methodist church, on Friday, Nov. 30th. Special anthems imported from abroad for the purpose. Prof. Watts will repeat organ selections, which he will play before a select audience in St. John on one of the greatest organs in the Maritime Provinces. This will be the great musical event of the season. No person can afford to miss it. Tickets for sale at Johnson & Johnson's, or from any of the members of the Ladies' Aid Society. Adults 25 cents, children 15 cents. (So as not to interfere with St. Andrew's Dinner, the above concert is to be held on Friday, Nov. 30th, instead of Thursday, as before advertised).

BRADALBANE CLIPPINGS.—Now that the great political appeal is over, and the respective parties are accurately informed as to the universal sentiments of Liberal rule the peasants and professional men have resumed their respective callings. No greater contrast could be imagined by the uninterested observer than, after the 7th ult, between the forlorn and dejected hopes depicted on the countenances of some of our leading business men and others whose predictions were superfluously extravagant as to the outcome of Tupperism and the other isms in connection therewith, and the increased and renewed faith so vividly portrayed by the joyful victors.—A. M. Ross of the Fishery and Marine Department, Ottawa, is touring through the eastern part of the island.—Samuel Kennedy, our enterprising trader has recently returned from Sydney, C. B. where he most profitably disposed of a mixed cargo, consisting of cattle, oats, hay, potatoes, etc. We need not be surprised at the hearing of marriage bells in the near future judging from the preparatory steps taken in that direction by some of our conspicuous young men.

WILL IT BECOME POPULAR.

How Do You Like This New Fad?

Vegetarians, anti-coffee drinkers and food cranks of every description, must now take a oack seat for a new fad has the floor.

A society has recently been formed, the members of which pledge themselves to eat no food whatever that has been cooked. They claim that uncooked food is the only rational diet; that our remote ancestors ate no cooked food and therefore if we do the same, vigor and health will be our reward.

Raw meat, raw potatoes, raw wheat, raw eggs—raw everything, is an enticing bill of fare held out to an enthusiastic food crank of the future and the society proposes to establish restaurants in the larger cities where this delightful menu may be served daily.

Modern cooking is often a dyspepsia producer, because we try so many foods which should be baked, roasted, broiled or boiled; fried food is indigestible because each particle of food is increased in hot grease which the digestive juices of the stomach cannot easily penetrate; but properly cooked food is more easily digested than the same food uncooked, and we predict for the new fad a very limited following.

The real cause of indigestion is the lack of Hydrochloric acid and pepsines in the stomach so that no matter how well cooked the food, it cannot be well digested unless the gastric juice is abundant and contains the necessary amount of pepsines to dissolve the food.

Therefore the most sensible cure for poor digestion is to take after each meal some safe and reliable digestive like Stuart's Dyspepsia Tablets, which supply pepsines to digest the meat and eggs and diastase to digest the bread, potatoes and similar starchy foods.

Laxative medicines never cure indigestion because they have no digestive effect whatever upon the food; on the other hand if food is properly digested there will be no need of laxatives; good digestion does away with constipation.

Stuart's Dyspepsia Tablets contain pure aseptic pepsin (government test) diastase and the digestive elements which weak stomachs lack and they cure indigestion by assisting the over-worked, rundown stomach in its hard work, until it is restored to its normal condition, when the tablets are no longer needed, but there are thousands of robust men and women who never eat a meal without taking one or two of Stuart's Tablets, because by so doing they can eat what they please and when they please and be free from any bad after effects.

Stuart's Dyspepsia Tablets are sold by druggists every where in the United States, Canada, and Great Britain.
