### 6 Reasons For Purchasing a Heintzman Piano.

1.—Mr. Heintzman and sons, all being practical piano makers, personally supervise in whole manufacturing.  
2.—All the Scales are drawn and Patterns made by themselves personally.  
3.—The Heintzman & Co. Pianos have always been awarded First Premiums wherever exhibited.  
4.—A majority of manufacturers and so-called "Associations" claim to make pianos exactly like Heintzman's, to have "Heintzman's" or "best workman, etc., etc., showing conclusively that the Heintzman & Co. Instruments are universally conceded to possess the highest degree of excellence.  
5.—Heintzman & Co., with their immense working capital, have at all times been able to command the choice of workmen, the employment of the most useful and costly machinery, the selection of the best and most essential necessary materials, and the thoroughness of their work.  
6.—The fact that the greatest caution should be exercised in the purchase of a piano; and that the established reputation of its maker should be as much relied upon as the apparent quality of the instrument and far more than its cost. A good and perfect piano is welcome in a home in every household and will remain a source of pleasure, while a poor instrument made of unseasoned material, will by continuing to get out of tune and order, soon become an intolerable nuisance, which if purchased from an irresponsible maker, can be spared only at a heavy sacrifice. Heintzman & Co. warrant each piano for five years, and their guarantee means as just what it says.

YESTERDAY morning the police experienced considerable difficulty in arresting William Power and while in the discharge of his duty officer Harper had his uniform torn. It will be remembered that one week ago officers Taylor and Harper arrested John Power and while getting the prisoner under control officer Taylor received injuries to his leg which has confined him to his house ever since.

CHARLES Gordon Rogers, private secretary to Prof. Robertson, was arrested in Toronto on Sunday on his way to Chicago with a young and attractive girl, Annie Philipps, who recently arrived from England, and who was a guest with Rogers and his family. He was arrested at an instigation of his brother Vivian V. Rogers, district manager of the Temperance and General Life Insurance company on a charge of having obtained money under false pretenses. Gordon Rogers obtained some reputation as a poet and writer of stories to the press.—Regina Standard.

On Sabbath morning, Oct. 6th, on the seventeenth anniversary of his induction, the Rev. W. H. Spencer conducted his last service as pastor of St. Andrew's Presbyterian Church, Montague. He dispensed the Sacrament of the Lord's Supper to 179 communicants. The congregation was large and the service very impressive. In the evening a farewell service was given by the congregation. The Church was filled to its utmost capacity. After appropriate opening services, short addresses were given by Revs. E. Gillis, R. McLean, A. Gunn and A. J. McNeill. J. M. Aitken presented Mr. Spencer with an address on behalf of the session and Miss Ella Cameron on behalf of the congregation, presented Mrs. Spencer with an address and a well filled purse, to which they feelingly replied. During the service pastor and people realized how hard it is to break the ties of seventeen years' work and association in the Master's cause. At the close of the meeting the congregation was given an opportunity of bidding Mr. Spencer and family farewell. During the cordial hand shake many tears were shed and affecting partings witnessed. Mr. Spencer and family left on Monday for their new field of labor, followed by the best wishes of his late congregation and community. They will be much missed, especially in the time of sickness and bereavement, where they were always on hand to render their kindly assistance and sympathy.

## What Shall We Eat

To Keep Healthy and Strong!

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet, of grains, fruits

and meats is undoubtedly the best, in spite of the claims made by vegetarians and food cranks generally.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables or grains.

Dr. Julius Remusson on this subject says: Nervous persons, people run down in health and of low vitality should eat plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three or four hours, while the malt diastase also contained in Stuart's Tablets cause the perfect digestion of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase so necessary to perfect digestion and any form of indigestion and stomach trouble except cancer of the stomach will be overcome by their daily use.

That large class of people who will come under the head of nervous dyspeptics should eat plenty of meat and insure its complete digestion by the systematic use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tablets, composed of the natural digestive principles, pepsin and diastase, which actually performs the work of digestion and give the abused stomach a chance to rest and furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for relief or cure of indigestion, because they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the indigestion is to make daily use at meal time of a safe preparation which is endorsed by the medical profession and known to contain active digesting principles, and this can truly be said of Stuart's Dyspepsia Tablets. All druggists throughout the United States, Canada and Great Britain sell them at the uniform price of fifty cents for full treatment.
