A monster dance was held in Morell hall Easter Monday night sponsored by the study club. Five young men from the R. C. N. V. R. who were returning to their duties next morning were guests at the party. The Navy boys were George and Frank Coffin, Frank Rana-han, Johnnie McGrath and Fred Blackland.

The byroads in the country that have been very good are about done now owing to the heavy thaw over the weekend.

Fishermen here are rushing the building of thousands of lobster traps. With the season only one month away and with the ice gone from the north shore there is every reason to believe herring fishing will start early.

Kid O'Brien, Morell heavyweight, who journeyed to Cardigan Thursday last for a match with a fighter called Sheppard O'Brien, was knocked out in the dying seconds of the last round. Your writer is informed this is the second time the Kid has been defeated by the Cardigan boxer.

The government snow plough opened the road to Morell bridge on Saturday but travellers claim the road is in a terrible state owing to the amount of ice and slush that is still on the pavement, the plough not going deep enough.

Hon. H. H. Cox, chairman of the Provincial Fishermen's Loan Board, was in Morell Saturday night after the plough came through. Residents here are of the belief the road is only ploughed when some of these government men want to visit their private business places or at least it looks that way. One Morell truck was stalled at Scotchfort for a week waiting for the plough to open the road and at last the driver was forced to ship his freight load by train.

Mr. Charles Devo, sewing machine repair man was in Souris last week on business.

Mr. Walter Squires has purchased a used engine for his boat and expects to skim along the brine at a fast clip this spring.

Mr. Dave Stafford who is considered the oldest fisherman at St. Peter's Harbor, has purchased one of the new boats built by the Boat Building Students at Morell under the direction of Frank McEwen.

Two weeks more and fishers will start for the shore and remain until cold fall winds drive them home again.

Black ducks have arrived here but owing to the amount of snow still on the marshes and along the streams the birds will not start nesting for a little while. In years

past ducks have started laying in March.
