FOX AND FUR NOTES

Foxmen Attention: Look out for advertisement of fox men's convention in tomorrow morning's Guardian.

The Big Day: Remember Monday, July 26 in Summerside. Make your arrangements now in order that nothing may prevent you from being present. Lot representatives from every part of the province attend the fox mens' convention at Summerside on that day. This day must live in fox history. The spirit of co-operation is abroad. This is the supreme effort to crystalize this spirit into something practical, something that we all have been longing for, something that will bring results.

The fox industry may be compared to a ship at sea with full steam ahead. It is making fast progress but there is no one at the helm .If it is not placed under control, will it make port or go on the rocks? There are rocks ahead in the fox industry. The industry is under full steam ahead but there is no one at the helm, it is not under control. Ranchers, the ship must be steered, must be got under control. Will you co-operate to this end?

Fox Meeting at Montague: All fox ranchers and others interested in Montague and vicinity are urged to attend the meeting on Thurs day, July 22 at 8 o'clock, p. m. and hear Hon. A. E. Arsenault's address on the Silver Fox Fur Selling Association. Show your sincerity and your faith in the industry by being present. All who have heretofore attended similar meetings have expressed their pleasure at being present. There is a message for you, come and hear it.

U., and, in conveying our thanks for the same heartily reciprocate their sanguine hopes for the future success of our united efforts for prohibition for the world.

5. That thanks be extended to Mayor Chapman and Council of Moncton for the elaborate banquet tendered us July 15th, the bountiful repast, the excellent orchestra, discoursing sweet music, the valuable "Menu Souvenir," all presided over by His Worship, all of which was a token from the citizens of Moncton of their desire to make our stay a very enjoyable one in the beautiful and prosperous city of Moncton.

BOARD OF COMMERCE IS EXPECTED TO BE ACTIVE

OTTAWA, July 15.—Chief Commissioner W. White, of the Board of Commerce, having returned to the capital from Montreal, where he has been carrying on some special investigations for several days, immediate resumption of activities by the re-constructed board may be expected by the public. When questioned by the Canadian Press Limited, this morning in reference to the plans of the board, the chief commissioner said he had nothing to add at present to the official announcement made ten days ago to the effect that the Board of Commerce will continue its activities in regard to matters in connection with which its jurisdiction is not questioned. This includes such matters as relate to combines, monopolies, trusts and mergers. The board will proceed with hearings which were postponed owing to the disorganization in April last. As previously announced, the board will not institute any new complaints as the assumption of the board is that it has jurisdiction in these matters—at least until such time as the privy council may decide otherwise.

TWO COLLERIES TO BE TIED UP

SYDNEY, July 15.—Numbers Five and Ten Collieries at Reserve will be tied up Friday by the first of a series of one day a week strikes decided upon by the U. M. W. locals in that town.

The object of the one day strikes is to induce the Company to instal a water system in its houses, which system is alleged to have been promised the miners some time ago.

At present the people are supplied with water by means of water carts which make the rounds of the houses with water in barrels from which each family is supplied.

Union leaders at Reserve state that the reason they choose Friday of each week for the series of strikes is because on that day of the week production is normally heaviest.

If opportunity were females more men would embrace them.

Baseball

The first game of the new series between the Abegweits and Veterans' at the A.M.A. grounds on Saturday afternoon proved a victory for the Veterans by the score of 14 to 9. Chester Garrett refereed and Fred Kelly was base judge.

TO FLY FROM HALIFAX TO QUEBEC.

HALIFAX, July 16.—Lt. Col. Leckie of Ottawa, accompanied by his pilot, Captain Glenn arrived in the city yesterday morning from Ottawa. Lt. Col. Leckie and Captain Glenn will fly in a Curtis Flying Boat from Halifax to St. John Lake, Quebec, with only one stop at Woodstock for fuel. They hope to accomplish the flight in five hours if wind conditions are favorable and there is no fog.

Lt. Col. Leckie outlines his route as follows: From Halifax to Windsor, then across the Bay of Fundy to New Brunswick where at Woodstock they will alight to replenish their gasolene supply. After leaving Woodstock the aviators will then crossing the River St. Lawrence to Fraserville, thence across the Saguenay to St. John Lake.

ADRIFT FIVE DAYS WITHOUT FOOD.

WHITE HEAD, N. S., July 14.—The fishing schooner Forrester, about 30 tons, of West Dover, Halifax County, left Canso Friday, the ninth for Bank Quero, with three men on board, Captain Young, his father, and a man named Herbert Morash. The vessel anchored on Quero Bank and Sunday morning Capt. Young and Morash left the vessel in a dory to look after their trawls, leaving Mr. Young, an aged man in charge. The fog became very dense and they got astray. After a vain attempt to regain their vessel, they decided to come to land, and succeeded in getting into White Head today apparently in fair condition after their hard experience, not having anything to eat from the time they left their vessel. Capt. Young was much worried about his father, but this afternoon received the glad news from Canso by phone that he arrived there safe on his schooner, in company with an American schooner. Members of the American schooner helped to bring the vessel into port.

STRANGE ADVENTURE WITH ARMED AND MASKED MEN

DUBLIN, July 13—A strange adventure with armed and masked men was described at Athlone quarter sessions when Sergeant Grimes of the Royal Irish Constabulary, was awarded $375 compensation for shock.

It was said that he and Sergeant Loden formed a cycling patrol in charge of the post office males between West Meath and King's county.

They were stopped on a lonely road by fifteen armed, masked men, and deprived of their revolvers and batons.

They were then tied together and taken to a spot where two graves had been dug in a sandhill.

Grimes said he was only saved by an appeal to his captors to spare his life for the sake of his wife and family. The men then tied him again to Sergeant Loden and carried them to some adjoining hills, where they were left, and from which they subsequently made their escape.

MARION, Ohio, July 15.—Senator Harding charged in a statement tonight that President Wilson has forced the Democratic presidential and vice-presidential nominees to accept hs view that the League of Nations should become the campaign issue. The President's one concern, the Senator said, is the "vindication of his foreign policy" and he insists upon "his issue regardless of costs of consequences."

"The Republican party and candidates gladly accept the challenge," the statement said. "We are more than willing to make the election a national referendum on the question whether we shall have four years more of the Democratic readiness of surrender of this republic.

The statement resulted from an announcement of Franklin D. Roosevelt, the Democratic vice-presidential candidate following his conference yesterday with Governor Cox that his campaign would be made chiefly on the league issue.
