AUSTRALIAN LINER BATTERED BY STORM

ST. JOHN, Jan. 26.—A party of thirty-eight Mormons, including missionaries and converts arrived here on the steamer Hesperian to-day and will go right through to Salt Lake City. The steamer Whakatane, 15 days out from Cardiff, arrived here to-night after a terrible experience on the Atlantic. She was in ballast, and in spite of the height of her decks the seas broke and carried away part of her deck work. The refrigerator room door was also battered, and the stores spoiled. For three days she was holed to, and on one of these she was in the trough of the seas and washed from stem to stern. She will load for Australia.

DRILLED OUTDOORS

WEST POINT, N. J., Jan. 25.—The Cadets of the United States Military Academy drilled out of doors to-day in mid-winter in weather so mild that they were without overcoats. With the battalion in full dress uniform an inspection was held on the grass plain, an event declared by Academy officials to be unheard of before at this season of the year.

CHINESE SELL THE "MYSTERY BLOCK"

TORONTO, Jan. 27.—At a price reported at \$4,000 a foot, the one outstanding property in what has become known as the "mystery block" bounded by Young, Charlton Church and Wood streets, and the entire block is now in the hands of the unknown syndicate. The property, for which \$100,000 is said to have been paid, is on the north side of Charlton street, just west of Church street. On it stands a Chinese laundry. The dimensions of the property are 25 feet by 100. It was assessed last year \$4,000 for the land and \$7,000 on the building. In addition to the high price said to have been paid for the lot, the purchasers have been put to high expense negotiating the transaction, the Chinamen having been very elusive and determined to get their price for it. To accomplish this object they returned to China, where they were followed by agents of the owner. The expenses, it is said, will run up into a large sum, estimated at between \$10,000 and \$15,000.

HOCKEY SPECIAL.—The Hockey special arrived from Summerside at 3 o'clock this morning, the senior Vics feeling jubilant over their victory, while the intermediates were somewhat more subdued in their demonstrations.

BUSINESS TRANSACTION.—It is understood a deal has been consummated between T. G. Edgett and W. S. Newsom, Charlottetown. The animal in question, while not black in color, still bears a close proximity to reynard for feistness and costliness.

BICYCLES OUT.—Charlottetown citizens were treated to a novel sight yesterday when a number of bicycles, ridden by young men, appeared on the public highways. This is somewhat rare for the last week in January.

HORSE DROWNED.—A horse, owned by Daniel Hurry of North River, while nearing home on Saturday broke through the ice and was only considerable difficulty extricated and died shortly afterwards from the effects of the cold water.

SUDDEN ILLNESS.—Mrs. (Capt.) Frank L. Gallant of St. Louis while on a visit to her sister Mrs. Cormier of Charlottetown was taken ill with apoplexy. She came to the city accompanied by her son, who intended to take the Short Course in agriculture.

THE RIGHT TRACK.—J. E. B. McCready, now Publicity Agent for Prince Edward Island has issued a circular letter to the press, says a Halifax Exchange, asking it to publish bulletins of the movements of the winter steamers between the Mainland and the Island, stating whether the steamers are crossing, and whether from Pictou or Tormentine or both, and whether the destination is for the time Charlottetown, Summerside or Georgetown. The Transcript by an arrangement with the I. C. R. publishes this information every day for the public convenience. The I. C. R. authorities also post this information at, not merely the leading stations, but at fifty stations along the route. The posting, of course, is very well, but the news paper publicity is the most desirable. Prince Edward Island's Publicity Agent, however, is on the right track. Note: The Charlottetown Guardian gives this information in full, telling not only the port or ports of destination but the hours of arrival and departure daily.

in the past month was perpetrated at midnight when the big plate glass window of Pearce's wholesale jewelry store was shattered and goods estimated at close on \$300 stolen. The jewellery consists mainly of small articles, watch cases, bracelets and chains. The thieves found every favorable opportunity. The window dresel had been absent from work yesterday, and the goods were not returned to the safe, but a clock was placed over the head had taken a drunk into custody and landed at the station at half past eleven. The relief did not go on the beat till midnight. The stolen jewellery is fully covered by insurance.

BATHURST WANTS SOME DREDGING.

CAMPBELLTON, Jan. 25.—A deputation from Bathurst was in Ottawa Friday and waited on Hon. Robert Rogers, Minister of Public Works, in regard to dredging work at Bathurst harbor. The deputation consisted of T. M. Burns, A. J. Stewart, M.P.P., Bennett Hachey, M. P., John J. Drummond and Angus McLean of the Edwards Lumber Company. It was pointed out that the Edwards Company intend to establish a large pulp and paper mill at Bathurst while the Drummond interests are expecting to ship large quantities of iron ore from Bathurst harbor, and considerable development in Bathurst as a port is looked for very shortly. In view of this development considerable dredging is needed to improve the harbor. The deputation was introduced by Hon. J. D. Hazen, Minister of Marine and Fisheries. It was given a sympathetic hearing by the Minister and it is expected the work will be undertaken.

Are Your Hands Chapped?

Read How Zam-Buk Heals. For badly chapped hands, cold cracks, frost bite, etc., Zam-Buk is the best known healer. Wash the hands or part affected in water as hot as can be borne. Dry with a soft towel, and then smear the Zam-Buk well over the part. If it is the hands, wear a pair of old gloves over night, by mering the pain will be gone. Then use Zam-Buk a few more times and the cracks will be healed. Mrs. A. F. Phillips, of Ayers Cliff, Que., says: "I suffered terribly from chapped hands. At times my hands were so sore that I could almost have cried with the pain. I thought I would try Zam-Buk and see what that wonderful healing balm would do for me. I obtained a supply, and in a very short time my hands were cured." Mrs. W. M. Ballant, of Port Hawkesbury, N. S., writes: "Some time ago my hands were very badly chapped. Ordinary ointments did not heal them, and I was advised to try Zam-Buk. To my great delight, it healed my hands in a remarkably short time." Zam-Buk will also be found a sure cure for ulcers, blood-poison, varicose sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises, and skin injuries generally. All druggists and stores sell at 50c a box, or post free from Zam-Buk Co. on receipt of price.

R. WARBURTON.—In a recent issue of a Montreal exchange appears, under the heading "Canadian students who showed all Europe how to play", a large photo of the seven members of the all-Canadian Hockey team at Oxford. One of the number is "Dick" Warburton, a son of Dr. George Warburton of Charlottetown.

LECTURE.—The C. M. B. A. of Vernon River entertained quite a number of friends to a concert, social and lecture in their hall last evening. Rev. Father Johnson of the Cathedral staff was the lecturer and his learned discourse on Thomas Moore was fully appreciated by his audience. The concert was a delight to all, many successful items, musical and vocal and readings, being on the program. The refreshments served at the social were dainty, palatable and plentiful, doing splendid credit to the entertainers. But the most delightful times must always have a closing and at a late hour the merry company departed for their homes.

CONFIDENCE VOTED IN NEW FRENCH CABINET.

PARIS, January 25.—In the Chamber of Deputies after the policy of the new government had been discussed, Premier Briand delivered a speech in answer to criticisms and explanatory of his program. While he was speaking the premier suddenly was taken ill and compelled to shorten his discourse.

On leaving the chamber M. Briand fell fainting into the arms of one of the deputies. Physicians who attended him say his condition is not serious. They attribute his fainting to the overheated air of the chamber.

The deputies voted their confidence in the new ministry, 324 to 77.

FIRE AT TRENTON

TRENTON, Ont., Jan. 25.—A fire which broke out early this morning, in the dry goods store of Sutcliffe and Son, completely destroyed two business buildings and the entire devastation. The fire started in the staircase, at the back of the Sutcliffe store, spreading to the adjoining building, occupied by the Haines Shoe Store and completely gutted both buildings. Chief Colborne of the local brigade considered the fire so dangerous that he telegraphed to Belleville for assistance and part of the brigade of the City was despatched. The loss will probably amount to about \$100,000 chiefly drygoods, stock, boots and shoes.

OTTAWA, Jan. 25.—E. M. MacDonald introduced a bill in the commons yesterday afternoon to amend the act passed three years ago providing for the adjudication of small claims for damages against government railways. The present act provides that claims up to a maximum of \$200 against the Intercolonial or other government railways may be adjudicated upon by the county courts. Mr. MacDonald's amendment proposes to raise the maximum to \$500. First reading was given to the bill without discussion.

SEINE NEARING FLOOD MARK

PARIS, Jan. 25.—The rising of the Seine to within six feet of the flood marks, caused by the disastrous inundations in 1910, has caused great uneasiness throughout the low districts of Paris. The suburb of Bercy, where acres of wine cellars are partially submerged, has suffered most up to the present. Rain has been falling intermittently for a week and still continues, causing the affluents of the Seine to be surcharged.

A DRUMMER'S TALE

They Sometimes Tell True Ones.

A quarter of a century "on the road" gives one some knowledge of hotel life and the old drummer's experience with food it worth listening to.

"After 25 years service as a commercial traveller with its vicissitudes I found myself about a year ago very much the worse for wear.

"At that time I was suffering from nervous dyspepsia, my appetite was poor and I could not sleep, finally reaching a state bordering on complete breakdown.

"As medicine had failed utterly to help me I was forced to look into the diet and of it and what I ordered induced me to try a course of Grape-Nuts and cream.

"When it was not on the bill of fare I asked for it and usually got it; so for several months I ate Grape-Nuts with breakfast and Grape-Nuts with tea and these a bit of toast.

"Improvement commenced immediately and my general health is fine, better than it has been for years and I attribute the improvement to the use of Grape-Nuts.

"I have proved in my own case this now my general health is fine, better than it has been for years and I attribute the improvement to the use of Grape-Nuts.
