Presentation To Mr. Lorne J. Howatt

A very interesting affair took place at the home of Mr. and Mrs. S. G. Peppin, on Thursday evening last when the Certified Seed Potato Inspectors staff met to wish their esteemed colleague, Mr. Lorne J. Howatt, adieu previous to his departure to MacDonald College, St. Ann De Bellevue, Que., to continue his studies.

During the evening the assembled guests listened in with considerable interest and a little excitement to the broadcasting of the Dempsey-Tunney fight, on Mr. Edward E. Jay's receiver specially set up for the occasion.

After the excitement of the great bout had subsided, Mr. R. R. Hurst, Pathologist in charge of the Laboratory read the following address: Mr. J. L. Howatt, City

Dear Lorne: We do not make this an occasion of regretful farewell, but rather take the opportunity to congratulate you on your commendable decision to pursue your studies further. We are happy to know that your departure is of a temporary nature, and that the pleasant associations of the past will be renewed in the future.

Be assured that you have our sincere wishes for a most successful University Session, and that a full measure of health and happiness will attend your endeavours.

From East Point to Tignish To find a fitting token To bear to your old wish.

But with bitter disappointment We turned from every shelf And we finally decided To let you buy the thing yourself.

Now when you do your shopping Whatever else you do Don't forget this little present Bears our GOOD-WILL to you.

We might make a suggestion That you buy a nice new car It would typify our feeling But the cash won't go that far.

Now what's the use of rhyming on You know we want to say That we wish you health and happiness All the time that you're away.

Your associates at the Lat. and Experimental Farm. S. G. Peppin, P. R. Hurst, M. E. Keir, R. McLean, H. McLaren, A. A. McEwen, R. Creed, E. E. Joy, C. Howatt, W. Ferguson, P. Godfrey, A. A. Dunn, C. McDonald, S. Goodwin, G. Ramsay, G. M. Ramsay, D. Ryan, A. Rayner, I. Linklater, T. W. Bradshaw, E. Stearns, E. Renten, J. A. Clark, F. Timney, M. McLennan, F. Roper, G. Warren, W. Burns, I. Mitchell, J. D. Schurman.

Mr. Howatt was then presented with a well filled purse and acknowledged the address and gift with a few well chosen words.

The party was brought to a close in the wee sma hours by the partaking of a very dainty lunch served by Mrs. S. G. Peppin, assisted by Miss Rose McGulgan.

McLEOD MOTOR SALE starts today in Summerside. 9344 9 24 31

McLEOD SEVEN DAY MOTOR SALE. Seven big bargains and seven small prices. See them at Central Street, Summerside. Buy a car at your own price at McLeod Motor Sales, Summerside. 9344 9 24 31

VALUABLE HORSE KILLED.—A horse owned by Gordon Ramsay of New Annan valued at over two hundred and fifty dollars was struck by a motor car on Thursday night near the store of H. R. Moase, New Annan, receiving such severe injuries the animal had to be shot.

LARGE LOBSTER SHIPMENT.—More than 42,000 pounds of live lobsters have been shipped to the Boston market this season by Mr. Andre Paturel of Summerside. These were all of uniform size mostly nine inches and over, which is the favorite with the American markets.

TENDER AWARDED.—The tender for painting and repairing the government building at Tignish has been awarded to Mr. Angus McCormack of Souris according to a telegram received by Hon. A. E. McLean, M. P., from Hon. J. C. Elliot, Minister of Public Works at Ottawa. The tender which was the lowest was for \$1,379. Work will be started immediately.

GOOSE BUYER IN SUMMERSIDE.—Mr. Lux of Woburn, Mass., is in Summerside on his annual goose buying trip. As the market is not brisk this year he expects to limit his activities to two carloads of live geese for the Boston market. There is practically no market in the United States for ducks this year he says, as there are millions of these birds being held in storage from last year.

HISTORIC HOME BURNED DOWN.—The large dwelling house of Mr. Harry Yce, Central Lot 16, with woodhouse attached was completely destroyed by fire on Thursday morning. The house was located at the approach to the Grand River ferry and was better known as the MacLaurin home. It was built at Pictou, N. S., hauled over the winter ice of Bay Monday Bay some fifty years ago and was a tavern or road house in the old stage coach days where travellers stopped for rest and refreshment. The loss is over \$5,000 with only a small insurance.

Mr. Nathan MacFarlane, Summerside, who was suddenly stricken with illness while working at a contracting job at Cape Traverse is on the road to recovery.

Mr. Sherren was a man of the strictest integrity, with a deep sense of religious values. In the affairs of the district he evinced at all times a helpful interest. He was a staunch Conservative and served the party well in many a hard-fought campaign. His death leaves a vacancy in the district which will not easily be filled.

The funeral which was held on Friday the 9th inst. was attended by over one hundred and forty carriages and cars, a striking tribute to the respect and affection in which he was held by those with whom he had so long been associated.

McDougall, Argyle Shore); Katherine (Mrs. Wallace Carson, Canoe Cove); and Christina in Providence, R. Address and Presentation

Miss Ada May, West Covehead whose marriage to one of the stalwart and prosperous sons of Tracadie, took place shortly, was the recipient of many beautiful and useful gifts at a "shower" given in her honor at her home on the evening of the 21st ult. Upwards of 100 guests were present to do honor to the fair and popular young bride-to-be. The house was tastefully decorated for the occasion and the evening spent in partaking of a delicious repast and listening to the singing and instrumental music supplied by members of the choir of which Miss May was the capable leader.

Among the presents was a well-filled purse accompanied by the following address read by Miss Helena Horgan the parishoner of St. Eugene's Church:

To Miss Ada May, Organist of St. Eugene's Church. Dear Miss May: We wish you what is the object of our visit here this evening we would have to answer that our special object is to express to you our deep appreciation of your service as organist in St. Eugene's. Only one short year ago, (for years are always short when looking back), His Lordship, Bishop O'Leary, in his wisdom, did so arrange matters that Mass would be celebrated at St. Eugene's every Sunday. Thus, as the choir of the Grand River and was better known as the MacLaurin home.

It was through your ability as an organist and leadership as a citizen that the answer came. There was no time lost, and that thrill of joy experienced by pastor and people on that first Sunday was made possible chiefly by your efforts. And that work you so courageously took up and so masterfully and faithfully performed was not your sole labor for our parish. At our concerts and socials your time and talents were cheerfully and efficaciously given for the training and performing of the musical parts of our programmes.

So, with feelings of thankfulness for your many ready helpful labors on behalf of St. Eugene's Parish, knowing that you are to change your parish as well as your name, we come to extend to your our good wishes and prayers that God will bless you in the new station of life and in the new home that you are about to enter.

In conclusion, we ask you to accept this purse as a slight token of our heartfelt gratitude for your many services to our parish, and for our sincere wishes for your happiness both in this life and for ever.

Signed on behalf of the parishoners of St. Eugene's Church, Covehead, P. E. I.

THE MARKETS

(Canadian Press) MONTREAL, Sept. 23.—There was some demand from the United Kingdom and the continent for wheat in the Montreal market today, and a fair amount of business was done. The trade in cash grain was of a limited character, sales being confined chiefly to carlots to meet immediate wants. The feeling was steady and prices were unchanged.

The undertone to the spring wheat flour market was steeper owing to the renewed strength in the Winnipeg cash wheat market. The demand from the United Kingdom and the continent continued good. The local trade was fair. A moderate amount of business was done in winter wheat flour and values were unchanged. The mill-fed market continued active and firm. The demand for standard grades of rolled oats showed no improvement, but prices were steady.

The egg trade was fairly active under an improved demand and prices were unchanged. The receipts were 1,019 cases. Prices for all grades of butter were firmly maintained under a moderate inquiry. The receipts were 2,896 packages. The local and export trade in cheese was inactive but the undertone was steady at the late reduction in prices noted. The receipts were 5,757 boxes.

EGGS

OTTAWA, Sept. 23.—The final statement of storage holdings in Canada on September 1st as issued by the Dominion Bureau of Statistics shows the total quantity in storage on the date to be 15,209,997 dozens as compared with a five year average on Sept. 1st of 15,450,381 dozens.

Toronto—Extras are in good demand with grades moving slowly. Dealers are quoting country shipments for ungraded eggs delivered cases returned, extras 47 to 48; firsts 41 to 42; seconds 34 to 35. Prices of extras to retailers are slightly higher at 54 to 55, but other quotations are unchanged.

Montréal—The egg market here is steady for fresh extras but is weak on fresh firsts and seconds. The latter grades are coming in direct competition with storage extras and firsts and are accumulating in consequence. A carload of firsts into storage all charges paid has been offered at 41-20 but there are no buyers at this price.

Edmonton—This egg market is unchanged. Fresh eggs are selling to retailers at extras 46; firsts 44; seconds 38, storage prices are 5 cents lower.

Vancouver—There is little change in the condition of this market al-

to be sold by public auction on the premises at St. Catherine's on Monday the 26th day of September instant commencing at ten o'clock in the forenoon, all the live stock crop, implements and movables of the late George Sherren, including the following:
