

A DISSOLUTION OF PARLIAMENT

Will be Followed by Resignation of the Balfour Ministry—Lord Londonderry Has Resigned—Mutiny in Russian Black Sea Fleet and Sebastopol Garrison.

LONDON, Nov. 24.—(Special)—Although no formal announcement has been made as to the result of today's Cabinet meeting it is understood that a dissolution of Parliament will come before the resignation of the Ministry.

A London despatch to Reuters Telegraph Company from St. Petersburg says it is persistently reported there that there has been a mutiny on the Black Sea fleet and that portions of the Sebastopol garrison have mutinied, killing the chief of the staff and wounding a colonel.

PARIS MARVELS AT EARLY SNOW

PARIS, Nov. 23.—A snowfall early in the evening resulted in the streets being a inch or two deep in a mixture of snow, mud and slush by the time the theatres were closing, about midnight, much to the dismay of woman in evening dresses, who offered the cabmen big prices for short drives. I heard a party of women outside the Theatre Francaise offer a cabman five francs to take them to the Cafe de la Paix.

CLOSE CALL OF EARLY SKATER

AMHERST, Nov. 23.—An employe of Rhodes, Curry & Co named Shears narrowly escaped drowning on Christie's pond. While skating he broke through the ice where there was a depth of water of ten feet. Fortunately he was observed by men working in Christie Brothers & Co's factory as he was clinging to the edge of the ice, and rescued by means of a ladder and ropes. The rescuers consisted of a young man named Fraser, A. W. Murray and Albert Barnes. Fraser showed great pluck, as he broke through twice, but persevered until he got a board within Shear's reach, which sustained him until the other men came to his aid.

BELIEVES MOTHER WAS MURDERED

NEW YORK, Nov. 23.—Mrs. Rosalie Tous, only daughter of Mrs. Margaret Todd, the aged woman found dead on railway tracks in Philadelphia a month ago talked with her lawyers, Theron Davis and George Gordon Hastings last night, and after the result of their recent investigation in Philadelphia announced that she had no doubt but that her mother had been murdered. Mr. Davis has just come back from Philadelphia where he went into the case thoroughly. "From what he tells me, I am convinced that my mother was the victim of murderers, and I will spend every cent of my fortune to clear up the mystery," said Mrs. Tous.

MORE WARSHIPS FOR UNCLE SAM

WASHINGTON, Nov. 23.—Three first class battleships of at least 18,000 tons displacement and 18 knots speed, three scout cruisers of 5,000 tons displacement, one gunboat of the Helena class and four other gunboats of light draught, two for use in the Philippines and two for service on the rivers of China with additional torpedo boats and torpedo-boat destroyers are the principal recommendations of the General Board of the Navy in its program of new construction to be authorized by the next Congress, which is now under consideration by the Board of Construction.

HOW TO CURE TOOTHACHE.

Any aching tooth can be relieved instantly by with Nerivine. Fill the cavity with Battling dipped in Nerivine and rub the gums with Nerivine also. If the face is swollen and sore bathe the painful parts with Nerivine and cover with a flannel. This can't fail because Nerivine kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment, Polson's Nerivine has been the largest seller for nearly five years; try it yourself.

SHIP LABORER'S STRIKE GROWING MORE SERIOUS

Daily in St. John, Twelve Hundred Men Being Out—Laborers Brought From Montreal Refuse to Work Saying They Were Deceived—Steamers Going to Halifax to Load, The City Much Exercised About It.

ST. JOHN, Nov. 24.—(Special)—The Longshoremen's strike assumed a rather more serious phase today. Forty-two men arrived this morning from Montreal to work on the Donaldson liner Alcides but only seven or eight of them would go to work.

doors were locked and detectives armed with pistols prevented them. The men threaten tonight to lay in formation against the detectives. Very few men are now at work on the steamers in port. The Donaldson line managers declared today that unless a settlement was reached very soon their steamers would go elsewhere.

The Intercolonial had made contracts for grain shipments from St. John but owing to the present strike the grain has been diverted to Halifax.

A COAL TRAIN BREAKS IN TWO

The Two Sections Collide Smashing Cars to Splinters—No Lives Lost

AMHERST, Nov. 24.—(Special)—The early morning freight on the Intercolonial approaching the Thomson Station broke in two and the rear section collided with the forward part of train, derailing six cars of which four were smashed to splinters. Three of the wrecked cars were loaded with coal and one with rails. Several other cars were damaged but the freight was transferred. The train consisted of thirty cars and the track was blocked for five hours.

FASTING KILLED "BACK TO NATURE"

CHICAGO, Nov. 22.—Unable to retain nourishment, due to long periods of fasting, John Kleinst, the "Back to Nature" preacher, died yesterday. Kleinst, who was fifty years old, had travelled all over the country, on foot, wearing only sandals, and clad in the thinnest and coarsest garments. When he did not fast he lived on roots and herbs. One of his beliefs was that the day of judgment was at hand, and frequently he would stop persons on the street, and with uplifted fingers, warn them to prepare for the last day.

He wore no underclothing, and for a few months, he was a familiar figure in the down town streets, in which he sold pamphlets, advocating his ideas of going back to nature. He was committed to the Danning Insane Asylum three months ago, by the Cook County Court for the insane. A friend in Peoria, Ill. said, procured his release, and took him to that city. He walked to Chicago, and arrived here two weeks ago in an emaciated condition from fasting.

MISERABLE NIGHTS.

Nothing so demoralizes an infant and enslaves the parents as to take a cross or wakeful baby from the bed and walk him up and down the floor during the night. The baby cries because it is not well—generally because its stomach is sour, its little bowels congested and its skin hot and feverish. Relieve this and baby will sleep soundly all night, growing stronger and better every day. Just what mothers need to keep baby healthy and make him sleep soundly is Baby's Own Tablets, which cure all stomach, bowel and teething troubles and thus promote natural healthy sleeping. Mrs. Wm. Holmes, Dacre, Ont., says: "My baby was troubled with sour stomach and was constipated most of the time, and was always cross and restless. I gave him Baby's Own Tablets and found them a complete success and would not now be without them." You can get Baby's Own Tablets from any druggist, or by mail at 25 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

COMBINE NOW IN HARDWARE

MONTREAL, Nov. 23.—A profound sensation has been caused here by the revelations regarding the existence of a hard and fast combine in the hardware business here. It has been ascertained that Messrs. Jenkins and Hardy have bound every wholesale hardware firm in the Montreal district in a close compact by which practically every line of goods must be purchased from companies with in the ring, and named in contracts prepared by them, while exclusive privileges and substantial rates are given in return, the whole thing being carefully devised to bleed the public with high prices.

PRAYING JEWS ON PARADE

NEW YORK, Nov. 23.—One of the most peculiar and impressive demonstrations, which has ever taken place in the popular east side was held today, when several thousand Jews, men and women with bare heads and lips moving in prayer, marched in a long parade through the Ghetto, as a sign of their grief at the massacres of their people, and a protest against the social condition in Russia. Before the parade a benefit performance was given in the Thalia Theatre on the Bowery for the benefit of the Jews in Russia, who have suffered in the recent outbreaks. Black banners waved over the procession and a playing organ preceded it. The march lasted two hours. The performance at the Theatre, a new play written for this occasion was entitled "The Bickers of Kishineff." It portrayed the horrors of the recent massacres in Russia.

GREAT BRITAIN'S ARMY AND NAVY

LONDON, Nov. 23.—Mayor-General Sir Bruce Hamilton, speaking at the Alder shot meeting, said that for the navy and army really to be serviceable in time of war a system of organizing the forces was necessary in which the colonies would consent to share. Britain's sea power really brought the colonies into close proximity. The colonies were beginning to realize the necessity of some common ground for organization. Mr. J. G. Colmer, in a letter to The Times, making a plea for reduced postage on British magazines and periodicals to Canada is being inundated with United States periodicals containing United States advertisements.

SCHOONER FROM CHARLOTTETOWN

The Columbine, Capt. Tibb, Loaded with Island Produce, Lost with All Hands Off Fortune Bay, N. F.—Coal Laden Steamer Ashore on Langley Island.

HALIFAX, Nov. 24.—(Special)—The schooner Columbine from Charlottetown for Newfoundland ports with a cargo of produce founded on Fortune Bay, Newfoundland during the gale of Friday last and her entire crew perished. The vessel was owned and commanded by Captain James Tibb. Another disaster in the same gale is that of the schooner Rigre from Sydney for St. Pierre with coal which drifted ashore on Langley Island and became a total loss. Her crew escaped.

ROYALTY FINDS KITCHEN JOB

VIENNA, Nov. 22.—After holding the rank of general in the Austrian army and being known as a good strategist, the ex-Archduke Leopold, who gave up his position in Austria to marry the pretty actress Mile. Adamovics and became a Swiss citizen, has just completed his recruit's course as an ordinary soldier. Leopold Wolfing, as the Archduke is now called, was initiated with some 40 peasants and tradesmen into the mysteries of the "goose" step. He also helped to clean the furniture and floor of the barrack room and took his turn in the kitchen with the rest of the soldiers.

ACTOR MANSFIELD IN A GREAT RAGE

DENVER, Nov. 23.—Because the Denver critics awarded high praise to Fuller Mellish, the leading tenor and Miss Eleanor Barry, the leading lady, in a torrent of rage, Richard Mansfield turned loose upon his company at rehearsal held at the Broadway Theatre yesterday. Mansfield said: "You're a disgrace. You're the worst support I've ever had." With that he discharged the members named and two or three others. They left for San Francisco the following night with the company, having had contracts which insured that three weeks' notice before final dismissal. Such is the control of Mansfield over his company that not one of the 125 members dared say a word. The information, however, eventually leaked out. Fuller Mellish, whom Denver critics credited with being the peer of the great Mansfield, was the innocent cause of all the trouble.

DEAD BODIES FOUND IN WOODS

CLAREMONT, N. H., Nov. 23.—A case of murder and suicide was revealed today when the bodies of a man and a woman were found in the woods near the Boston and Maine Railroad tracks, in West Claremont. Claspel in the man's right hand was a 32-calibre revolver, and two chambers empty. The bodies were recognized as those of a couple who registered at the Junction House on November 8 as W. H. Jones and wife, of Portland, Maine, and who left the hotel the following day.

In the man's pockets were found papers bearing the name of Harry W. Leavitt and W. H. Leavitt and a letter addressed to Mrs. Mary J. Leavitt, of Lisbon Falls, Maine. The coroner expressed the opinion that the couple had been dead about two weeks.

POLICE TAKE MANY RIFLES

HAVANA, Nov. 22.—Sixty rifles were seized by the police last night in a raid on a house near San Juan de Martinez. Province of Panar del Rio, in which fifty anti-government plotters were meeting. A dozen of the latter were captured. Col. Julian Cruz, a prominent citizen of Pinar del Rio, and prominent in Havana, has been arrested in connection with the anti-government movement, and will be taken to Pinar del Rio for trial.

THE VALUE OF CHARCOAL

Few People Know How Useful it is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of cararrth. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large pleasant tasting lozenges, the charcoal being mixed with honey. The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter and breath purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit. A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify breath, mouth and throat; I also believe the liver is greatly benefitted by the daily use of them; they cost but twenty-five cents a box at drugstores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

THE MYSTERY OF ROUND ISLAND

GLACE BAY, Nov. 21.—Yesterday Mr Hubbley of New Aberdeen, whose son disappeared about six weeks ago, called on Coroner Phelan and inquired closely concerning the clothing found on the dead body at Round Island. He decided from the description that the missing body was not that of his son. Another reason against the theory that the body was young Hubbley's is the fact that in the vest pocket of the man was found half of a Sacred Heart scapular. The Hubbleys are Protestants and hence would not be apt to have scapulars in their possession. No apparent progress is being made towards an autopsy, as up to the time of writing no instructions have been received regarding the matter.

CANADA TO BEGIN INVESTIGATION

OTTAWA, ONT., Nov. 22.—Although no definite announcement has been made to that effect, it is understood in well-formed circles that the Canadian Government is at present seriously considering the advisability of following the example of the American Government to institute an investigation of the methods of the Canadian Insurance Companies. It is privately conceded that the coming session of the Dominion Parliament will witness an investigation into the whole subject. This inquiry will probably be undertaken by a special parliamentary committee having power to summon witnesses. In his report to Parliament, the Superintendent of Insurance for Canada pointed out the necessity for the amendment of the insurance law, which is not now suited for the requirements of the business. Before the law is amended, the inquiry will be held, which will lay bare any irregularities and restore public confidence in the stability of the Canadian institutions, which has suffered as a result of the revelations in New York.
