**Do You Know**

That we operate the only Lens Grinding Plant on P. E. Island?

That we employ a skilled Surface Grinder, and are daily grinding from the rough glass—the most complicated kinds of lenses?

Those are facts, which mean a good deal to the Glass wearing public, doing away with the annoying delays caused by sending away for special lenses.

Send your glasses in by mail, you'll get them back promptly and in perfect condition.

Call in and look over our plant.

**LIFT OFF CORNS WITH FINGERS**

Doesn't hurt a bit and costs only few cents

You'll laugh. Apply a few drops then lift off sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or callus. Instantly that troublesome corn or callus stops hurting then shortly you lift it out, root and all, without any pain; soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait?

...STILL 14,000 WOUNDED CANADIANS IN ENGLAND

PORTLAND, Me., June 2.—Trans-

fer of wounded Canadian soldiers to their home districts from hospitals in Liverpool and vicinity through this port will be completed by September 1, an officer of the Canadian army medical corps stated today. There are still 14,000 wounded Canadians in England, but hundreds are returning daily on transports and passenger ships. Five thousand hospital cases will be transported by the hospital ships Aragona and Essequibo at the rate of about 1,500 a month and sent to Canada from here.

**Interchangeable Capacity**

"It's like getting a new separator for a trifle"

Every progressive farmer is bound to increase his herd sooner or later. If you do not want to buy an entirely new separator every time you have to increase your separating capacity, will it not pay you handsomely to own a

**Renfrew**

With its exclusive interchangeable capacity feature you can feel free to add to your dairy herd without the worry and expense of providing a new separator.

When you want to increase capacity all you have to do is to order a bowl of the size you need—450, 650, 800 or 1,000 lbs.—with attachments; we make an allowance for return to us of your smaller equipment. The cost of making this change is very moderate.

**Don't worry about increased capacity Get a RENFREW**

All RENFREW machines have the same size of frame. It is heavy enough for the largest capacity. Thus you could change your machine from 450-lb. capacity to 1,000 lbs. if desired, without increasing the strain on the machine.

RENFREW interchangeable capacity does not mean trying to make one size of bowl skim different capacities. If you order the proper size of bowl you have a full capacity machine that does the work just as thoroughly as if you had secured an entirely new separator. Isn't it worth any man's while to investigate this big saver of time, worry and money?

The RENFREW'S close-skimming record is unsurpassed, and it is proven by Government Dairy Schools' tests. In addition you get firmer, better butter, owing to the RENFREW'S exclusive wide-open bowl with curved wings.
