CANADIAN NEWS and SILLY SYMPHONY

KENSINGTON

Miss Ethel MacArthur leaves early next week for Montreal where she will receive expert medical treatment. Her father Mr. W. B. MacArthur will accompany her. Her many friends hope that the treatment will be successful and that she will be completely restored to health.

Heartiest congratulations to Mr. and Mrs. Joseph Davison of Burlington on the arrival on Oct., 23rd of a beautiful young daughter.

The condition of Mr. Robert MacMurdo who has been quite ill for the past week is now showing definite improvement.

The citizens of Kensington were shocked on Wednesday Oct 28th when the news was reported that a respectable citizen in the person of Mr. Lewis Wickett had died suddenly the previous night at the age of seventy-four years. Mr. Wickett is survived by his widow, also two daughters who reside in Oldtown, Maine. His daughters come home to be present at their father's funeral. The service was held Saturday in the United Church and the interment in the family plot in Margate Cemetery. The sympathy of the community goes out to the bereaved family in their sorrow.

Kensington folks are justly proud of the performance of Jack Griffith's at the interscholastic school sports held at the Rink on Tuesday evening last. His wins included not only three first prize bronze medals and three second prizes, but he also captured the gold medal for the highest number of points among all competitors. Jack is the fifteen year old son of Rev. D. L. Griffiths. It is predicted that he will go far in track sports.—X.

Must Respect Maritime Lien

(Canadian Press)

PROVIDENCE, R. I., Oct. 31 — Citing a United States Supreme Court decision rendered in 1824, the United States District Judge Ira Lloyd Letts in a memorandum decision today ruled that the Maritime lien of the Bridgeport Dredge and Dock Company, Bridgeport, for $2,239.55 must be respected when the rum-running boat "Pueblos" ordered forfeited by the judge, is sold by the government.

The "Pueblos" was seized last October, approximately seven miles southwest of Block Island with 500 sacks of liquor aboard. The government brought a libel of forfeiture.

IN MEMORIAM

MRS. W. F. STEVENSON

Many friends heard with deep regret of the death of Mrs. W. F. Stevenson, formerly Melissa Crabbe, aged 65 years, which occurred Monday evening, Oct. 12th, at her home in Pleasant Valley. The late Mrs. Stevenson who had not enjoyed the best of health for some time past, bore her long illness with patience and though her sufferings were severe, she never seemed to murmur or complain. Everything that was possible to do was done, but in spite of best medical skill, and tender nursing she passed away. God hath called and the command of the Divine Master to come up higher was too great for human efforts to combat, and on the evening of Oct. 12th, while her loved ones watched by her bedside, her gentle spirit returned to God, who gave it.

She leaves to mourn her loss, a grief-stricken husband, four sons, and three daughters. The sons are James Reuben, Eckman, N.D., Frank, Wiltshire, P.E.I., Willie, Berden, P. E. I., and Charles, at home. The daughters are (Minnie, Mrs. J. S. Hill, Fredericton, P.E.I.; (Della), Mrs. C. D. Morrison, and Bertha Gladys at home, who will ever cherish the memory of a faithful wife and mother. She also leaves to mourn, one brother and two sisters, namely, Joseph L. Crabbe, Concord, N.H.; (Alice), Mrs. John Pound, Bedford, Mass.; (Ida), Mrs. Arthur Palmer, Somerville, Mass.

The funeral, which was held on Wednesday, Oct. 14th, was largely attended by her many relatives, friends and neighbors and was conducted by Rev. Mr. Palethorpe, who spoke very impressive and sympathetically. The remains were laid to rest in Fredericton Cemetery. The pall bearers were John MacDowell, Willard MacDowell, Andrew Stevenson, Dawson Stevenson, William Pound and Everett Holmes.

INSTITUTE MEETING—The Annual monthly meteing of the Cornwall-York Point Women's Institute was held at the home of Mrs. Mack Vickerson. The meeting opened with the Creed. Twenty-five members answered roll call with current events. The minutes of last meeting were real and adopted. The music committee reported that Prof. Kendall would come out to Cornwall School once weekly to instruct pupils in music. After some discussion it was decided to secure Prof. Kendall's services immediately. A very fine talk was given by Miss Kathleen McLean, Junior Red Cross Organizer, on the work of the organization. She also spoke on Home Nursing Classes, first aid and allied subjects. It was decided to invite Miss Gillan to the next meeting. Mrs. E. J. McMillan invited the members to her home for the November meeting, roll call to be answered with jokes. Mrs. George McDonald and Mrs. Fred McLaren were asked to read papers on Early Settlers at this meeting. After a delicious lunch, the meeting closed with the National Anthem.

Mr. T. M. Fraser, of Messrs. C. Lampson & Co. Ltd., London and New York, is at present in the province in connection with Fall shipments to his firm. He considers the prospects reasonably good for sales on consignment.

MR. JAMES MCLELLAN

Mr. Sixtus MacLellan has received a wire stating that his brother, James had passed away in Longmont, Colo., after an illness of about four weeks.

The late Mr. MacLellan was born in Grand River fifty-six years ago. After receiving his early education there he removed to Summerside where he entered the employ of Mills & Gaffney, who conducted a general store, remaining in the employ of the latter after the firm dissolved partnership.

About sixty years ago he removed to Longmont, Colo., where he opened a large grocery business of which he made a marked success.

The deceased was taken ill about four weeks ago, and despite the best medical attention and careful nursing he passed away on Friday.

Besides a sorrowing widow, he leaves two sons, Leo, accountant, of Los Angeles, Calif., and Harold, teacher at Notre Dame University, Indiana, both of whom were at his bedside when he passed away.

Three brothers and two sisters also survive, viz: Alexander T., retired farmer at Richmond; Sixtus, merchant tailor of this city; J. D., of Grand River; Mrs. Murdock McDougall, Richmond and Mrs. J. J. McInnis, on the old homestead, Grand River.

The funeral was held Saturday afternoon.

The late Mr. MacLellan since leaving the province returned about every five years to meet his former friends and made his last visit, accompanied by Mrs. MacLellan, about three years ago.

To the family and relatives of the deceased The Guardian extends heartfelt sympathy.

DENY RUSSIA HELPING JAPS

(Associated Press)

MOSCOW, Oct., 30—Reports that Soviet Russia was lending military aid to the Chinese in Manchuria were laid before the Soviet Government by Japan and were promptly denied.

In calling the Soviet Government's attention to the rumors, Japan declared that if Soviet troops were sent into the Chinese eastern railway zone. Japan woud be compelled to "adopt necessary measures for the protection of its residents and the railway line."

The rumors were entirely without foundation, the Moscow government replied, and Soviet Russia, is keeping to a policy of non-interference.

Furthermore Russia said, she considers that "a policy of military occupation promoted even under the name of socalled support does not coincide with the interest of general peace".

The Japanese protest was presented to the Russian foreign office by Ambassador Hitora, who said there was "great danger that the sphere of conflict may widen." He cited "various rumors circulated in Manchuria" and quoted General Ma of the Chinese forces at Tsitsihar, as saying that an agreement exists under which he receives military aeroplanes, anti-aircraft guns and aviators from the Soviet union.

General Ma consulted with an officer of the Red army at Sakhalin in mid-October, the Ambassador added and also there were Soviet instructors in the Chinese General's army.

The Japanese statement also referred to reports that a Chinese army in the Kheluts Yan district on the northern banks of the Hunk ho River was receiving guns from the Soviet union.

Three hundred freight cars, it said, were being concentrated on the western lines of the Chinese eastern railway near Tsitsihar.

According to General Ma, it added, Soviet troops numbering between 20,000 and 30,000 were being concentrated near the Soviet station of Dauri, near the border, with from 600 to 700 freight cars, with the intention of sending them to Manchuria.

Acting foreign commisar Karakhan replied, on behalf of the Soviet Government, that the Japanese statements were based on unfounded inventions, and rumors emanating from irresponsible persons who apparently were interested in spreading provocative propaganda about the situation in Manchuria.

Slain Man Not On Yacht

(Canadian Press)

PATCHOGUE, N. Y., Oct. 31 — District Attorney Alexander G. Blue, of Suffolk County, last night asserted that Benjamin P. Collings of Stamford, Conn., yachtsman, was not aboard his cruiser Penguin when he was slain the night of September 9.

Collings' body was washed ashore at Lloyd's Neck, L. I. several days after the killing, which Mrs. Collings said was committed by two men who boarded the cruiser on Long Island Sound.

Blue said he based his statement on a report he has just received from Dr. Alexander O. Gettler, of Bellevue Hospital, New York.

Dr. Gettler, Blue said, found that there were no blood stains on any articles taken as exhibits from the Penguin, with the exception of fragments of a shattered milk bottle.

Steady Rise In Wheat Prices

NEW YORK, N. Y., Oct. 31—A news despatch to the New York Times from Chicago says the rise in wheat prices on the Board of Trade there "is attributed to increased buying in Europe following the realization that the sole available supplies are now being held in the United States and Canada."

The despatch continues in part: Boats bulging with American grain have been leaving daily from seaboard and lake ports, which fact, according to today's reports from all corners of the world, is the forerunner of a massed improvement that in the next few weeks would rival the heavy shipping of grains existing in the Great War days.

Chairman J. C. Stone of the Federal Farm Board, admitted in Washington that the government financed grain holdings had been moved at an accelerated rate. He said the Farm Board has authorized its grain stabilization corporation again to enter the futures trading market, a fact confirmed by George S. Milnor, head of the corporation in Chicago.

Savings Bank Closes Its Doors

(Canadian Press)

NEW YORK, N. Y., Oct. 31 — The Federation Bank and Trust Co. depository for the savings of laboring men, was closed today. The State Banking Department deemed it unsafe in view of a non-liquid condition, depreciation in the value of its assets and seepage of its deposits.

William Green, president of the American Federation of Labor, had since September been chairman of the board of the bank, which was sponsored by the Central Trades and Labor Council and the State Federation of Labor, and was the largest of its kind in the country. Its deposit liabilities yesterday amounted to $12,770,000. Its total resources were $18,143,053. It was a member of the federal reserve.

Jos. A. Broderick, state superintendent of banks, issued a statement shortly after notice of the closing was posted at 1.15 o'clock, saying that arrangements had been made with the Manufacturers Trust Company, the Clearing House Association participating, by which the depositors would receive an immediate credit of 66 2-3 percent of their funds. The plan is subject to approval by Supreme Court.

Liquidation is to be commenced immediately by Frederick C. Metz, a special deputy superintendent of banks, and the amount of depositors' credit with the Manufacturers Trust Company is to be increased from time to time as liquidation progresses.

President's Appeal

(Canadian Press)

BERLIN, Oct, 30.—(AP)—President Paul Von Hindenburg appealed today to the men who ruled Germany's industries to drop all partisanship and join in a domestic truce that the nation may weather its economic crisis.

The aged head of the Reich voiced his appeal at the first session of the economic advisory council, formed two weeks ago for the purpose of laying down a concerted economic programme for the nation. Its twenty-five members include the industrial and commercial powers of Germany.

"I expect," he said, "that you will be animated by an inflexible will to ward off from our people whatever can be warded off by Germany's own strength.

Only the consciousness of devotion to duty and of supreme effort will enable our people to bear with dignity, and with a feeling that all belong together, whatever proves to be an inescapable fate.

None of you will fail to realize to what extent Germany's situation is determined by world political and economic considerations. These constitute the great tasks of Germany's foreign policy."

There can be no help from abroad, the President declared, unless there is union of the divergent factions at home. He warned that collaboration between the Government and the economic elements of the nation is indispensable if the condition of the country is to improve.

Those who hear the 84-year old president's appeal compared it with two other public declarations he has made since he became head of the Reich—His famous war guilt speech on his 60th birthday in 1927 and his address in March, 1930, in explanation of his reasons for signing the young plan. Only on these three occasions has he sharply broken his rule of reserve.

MAKING MORE BUTTER

The current News Letter of the Dominion Dairy and Cold Storage Branch states: "The calculated butter production in Canada during the 8 months ending August 1931 shows an increase of 29,289,660 lbs. or 15.1 per cent over the corresponding period last year." Production of creamery butter in Ontario showed an increase of 20.63 per cent for August 1931 and an increase of 16.45 per cent for the eight months period as compared with last year. Manitoba reports an increase of 32.8 per cent in fat received by the creameries for September 1931 as compared with last year. Saskatchewan shows an increase of 1,797,475 pounds or 39.5 per cent in production of creamey butter for 1931 as compared with last year. Alberta figures show an increase of 13.9 per cent in receipts of fat at creameries for September 1931 and an increase in receipts of fat for the first nine months of 1931 of 30.1 per cent over the same period last year.
