

One Doctor Have only one doctor—just one! No sense in running from one doctor to another! Select the best one, then stand by him. No sense in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it.

Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Doctors have prescribed it for 70 years. J. C. Ayer & Co., Lowell, Mass.

TAKE CARE OF Your Eyes

Few people have any idea of the complex and delicate construction of the human eye.
As a result very few persons give to their eyes anything like the care that their importance calls for.
Many persons continue to suffer from pain in the region of the eyes, headaches, blurring of vision and other symptoms of serious eye strain to ignorance of the fact that such foolish treatment may cause these symptoms to develop into a diseased condition of a very serious nature.
If you have any reason to suspect the presence of eye strain, we are competent to advise you as to what is best to do in the interest of your eyes.
