**C. W. L. Sub Division Sours Holds Annual Meeting**

The annual meeting of the Sours Sub-Division of the Catholic Women's League took place in the McQuaid Building on Sunday, April 2nd. A full attendance of members was present. The President, Miss Marion Conway, occupied the chair. Reports of the various officers were read, the principal one being that of the Treasurer, Mrs. J. W. Brennan.

Although this Sub-Division has only been organized six months the total receipts amounted to \$224.65 and the expenditure \$200.12. All assessments and bills were paid and a balance of \$24.53 is in the bank.

The Charity Committee gave a splendid report, dealing with the work of the sewing circle and the distribution of clothing, etc., to the deserving poor.

The activities of the entertainment committee are to be highly commended and the receipts speak volumes for their untiring devotion to their particular duties.

The Chaplain, Rev. Fr. Murray, congratulated the officers and members of the Society on the wonderful showing that they had made for the short time the Sub-Division had been functioning, and warmly commended the spirit of co-operation that was so strongly in evidence. Fr. Murray's interest in the welfare of this society has been a source of encouragement and an inspiration to all. He has been present at all of the meetings and has very largely contributed to that enthusiasm which is so manifest amongst the members. Mrs. Adrian McInnis moved that a vote of thanks be tendered to the retiring President, Miss Marion Conway, and other members of the executive, which was unanimously adopted. Miss Conway thanked the officers and members for the interest they had always shown for the benefit of the society and for their splendid co-operation. She also expressed the hope that the same spirit would be extended to her successor.

Many thanks are due Mr. A. F. McQuaid for the use of the rooms and light in the McQuaid Building. The following are the officers el-

**C. N. R. Offers Excursion Rates To Boston**

(Special to the Guardian)

MONCTON, N. B., April, —A popular low fare excursion is being operated by the Canadian National Railways from stations in the Maritime Province in conjunction with the Eastern Steamship Lines to Boston via Yarmouth, N. S., and Saint John, N. B., for the Easter holidays. It was announced by R. J. S. Weatherston, General Freight and Passenger Agent. The excursion will be good going by steamer sailing from Yarmouth, April 14th, at 6.30 p. m. and from Saint John April 15th, at 7.30 p. m. returning to leave Boston, Central wharf for Yarmouth not later than 4.30 p. m. April 24th, and India wharf for Saint John not later than 4.30 p. m. April 25th. It is expected that a large number of Maritimers will take advantage of this excursion to visit relatives and friends in Boston for the Easter holidays. In connection with this excursion passenger should secure letter from clergymen or civil officials certifying as to ability to return within time limit of ticket and are not liable to become a public charge and this letter may also be used when re-entering Canada. No difficulty is experienced in passing immigration officials if regulations are carried out as previous excursions operated by the railway to Boston have emphasized.

**THE BEST WAY**

If the candle is too large for the hot water and you will be able to handle stick just hold the end in easily press it to fit the sande stick. This gives a nicer finish than shaving it with a knife.

ected for the ensuing year:  
Mrs. Philip Roy, President.  
Mrs. Adrian McInnis, 1st Vice President.  
Mrs. Daniel Mooney, 2nd Vice President.  
Mrs. Howard Paquet, 3rd Vice President.  
Mrs. J. W. Cheverle, Treasurer.  
Miss Marion Conway, Rec. Secretary.  
Mrs. William J. Paquet, Corr. Secretary, (re-elected).

**FROM TEARS TO CHEERS FOR MARY.** by C.A. Voight

HASN'T MARY AGED FAST! SHE USED TO BE SO GIRLISH. NOW SEE HOW DRAGGY SHE IS!

NO WONDER! THE POOR GIRL WORKS LIKE A HORSE ON WASHDAY WITH HER SCRUBBING AND BOILING. LET'S TELL HER OUR WAY!

MARY, IT'S SILLY TO SCRUB YOUR LIFE AWAY WHEN THERE'S A HARD WATER SOAP LIKE RINSO THAT SOAKS CLOTHES CLEAN!

BESIDES, DOCTORS SAY SCRUBBING RUINS THE FIGURE!

I'VE HEARD A LOT ABOUT RINSO—LET'S TRY IT NEXT MONDAY!

WELL! WELL! THIS IS ALMOST TOO GOOD TO BE TRUE. I NEVER DREAMED A SOAP COULD SAVE SO MUCH WORK. I MUST TRY IT FOR DISHES, TOO!

JUST IMAGINE, DEAR. I GOT THE SNOWIEST, BRIGHTEST WASH TODAY AND I DIDN'T HAVE TO SCRUB OR BOIL A BIT!

THAT'S GREAT, DEAR. AND YOU LOOK AS FRESH AS A DAISY. TOO. LET'S WRITE FRED AND TELL HIM ABOUT THE EVENING!

**These wonder-working suds delight thrifty women**

WHY do so many women insist on Rinso? Because they know it washes clothes whiter—gets washable colored things brighter. Because it saves scrubbing and boiling—and how that saves the clothes! It's the suds that do it—thick, creamy, lasting. Twice as much as from light-weight puffed-up soaps—even in hardest water. The makers of 40 washers endorse Rinso. Great for dishwashing, too. Get the BIG size.

The hard-water soap for tub, washer and dishpan

**INCREASED ACTIVITY OF OCEAN PORTS**

During Past Twelve Months Has Been One Of The Outstanding Features Of The Dominion's Economic Situation.

(Canadian Press)

OTTAWA, April 8.—Increased activity of Canadian ocean ports, particularly Canada's year-around ports, during the past 12 months has been one of the outstanding favourable features of the Dominion's economic situation, says the weekly letter of the Department of Trade and Commerce. During the year ended February, the total tonnage cleared from the port of Halifax was 7,250,000 tons, an increase of more than 2,000,000 tons over the preceding 12 months, and clearances from the port of Saint John increased by nearly 200,000 tons to 2,100,000 tons.

Total ship clearances from Vancouver in the same period amounted to over 11,000,000 tons, a slight decrease, however, from the preceding year. For the nine months that the St. Lawrence River was open, ship clearances from Montreal totalled nearly 8,000,000 tons, an increase of 200,000 tons while clearances from Quebec amounted to 2,800,000 tons, a slight decrease.

The larger export shipments of wheat contributed mainly to this increased activity. For the eight months of the current crop year as compared with the corresponding period in the preceding year, wheat clearances from Vancouver increased from 48,000,000 bushels to 74,500,000 bushels; from Halifax they increased from 45,000 bushels to slightly over 1,000,000 bushels and from Saint John from 1,972,000 bushels to 6,564,000 bushels.

For the four months of the crop year that the port of Montreal was open clearances totalled over 45,000,000 bushels as compared with 25,000,000 bushels in the corresponding period of the preceding crop year, and from the port of Quebec from 120,000 bushels to nearly 1,218,000 bushels.

**IN MEMORIAM**

**JOHN B. MACEWEN**

There passed away on Saturday morning, March 25th, after a short illness, one of the oldest residents of Greenwich in the person of John B. MacEwen. He was a hard-worker, honest citizen, a good neighbor, a kind husband and father. The late Mr. MacEwen was married twice, first to Jennie Stewart, of this marriage four children are living. His second marriage was to Martha Leslie who with five children survive him. Mr. MacEwen was for many years secretary of Greenwich School, also a manager of the Church when his sage advice was always sought. He was a life-long Conservative and always took an active part in politics. The community is the poorer from his death but his labors are over and has entered into rest and peace. He was 79 years old on March 24. One sister, Mrs. Davison, City also survives.

**Bruising Hogs**

Letters have gone forward to Club Secretaries many times in the past indicating the loss to farmers through bruising of livestock, especially hogs. That the percentage of bruising has not been materially lowered because of this information goes to show that it is a fact and as the losses are heavy we are concerned as to what can be done to correct the trouble.

No doubt, a percentage of the bruising is from causes that are relatively uncontrollable, but we feel sure that much of it would be prevented if the farmer shippers could see the dressed carcasses on the rail, or being cut up, that have been handled a bit roughly in getting them from farm to railway car.
