

Acknowledgment!

Summerside, P. E. I. Aug. 30, 1902.

J. K. ROSS, ESQ.
Provincial Manager
North American Life Assurance Co.,
Charlottetown,

Dear Sir,—I have pleasure in acknowledging cheque for \$1498 handed me this day by your agent here, Mr. R.H. Montgomery, being proceeds of my twenty-year Endowment policy in your company.

This result is highly satisfactory, giving me an investment of four per cent compound interest on the full premiums paid in, besides carry ing risk of \$1000 on my life during the twenty years. The other options are equally favorable, viz: a paid up insurance for \$2555, or a life annuity \$114.30. To young men seeking a safe and profitable investment I would recommend an Endowment Policy in this well managed Canadian company.

Respectfully yours,
JOHN D. GOSS.

A Clue That Failed.

Deductions in the manner of Sherlock Holmes do not always work out successfully. They did not in a case reported by the Washington "Post." A group of reporters were talking together, and one of them, who liked to play the amateur detective, devoted part of his time to watching a man standing some distance away.

"That man used to be in the army," he said.

"How do you know?"

"See how he puts his hand into his trousers pockets. He lifts up the side of his coat—look! he's doing it now—instead of pushing the coat back as we do. He acquired the habit from wearing a fatigue coat in the army. A fatigue coat, you know, is cut square about the body. To put the hand in the trousers pocket, one must lift up the side."

Some discussion followed, with the result that one of the reporters volunteered to lay their speculations before the stranger. He proved to be a worthy real estate dealer. After listening to the reporter's explanation, he replied, with much amusement:

"I'll tell you why I put my hand in my pocket that way. I used to be a butcher in New York thirty years ago, and I got that habit raising my butcher's apron to make change."

JAMES J. WISNER, Manager.

Charlottetown, Oct. 1st, 1902.

OF COURSE YOU WOULD

Suppose you had \$10,000

cash capital, and were seeking a mercantile connection, and that Mr. Smith, who had a similar amount of stock, but with an indebtedness of \$3,000 on it, invited you to become his equal partner; and suppose further that Mr. Jones, who had a stock worth \$10,000 wholly paid for, together with a business connection as good in every way as Mr. Smith's and probably better; suppose Mr. Jones also invited you to become an equal partner, would you hesitate a single moment before accepting the offer of Mr. Jones in preference to that of Mr. Smith?

Let us Suppose Again

you have a certain sum to invest in life insurance. Would you be inclined to invest it in a company whose surplus earnings for years to come will be pledged more or less towards a stronger reserve basis, or would you unhesitatingly cast your lot with that company whose policy reserves are ample for the next generation at least, and every cent of whose surplus earnings is genuine surplus, free from any obligation or charge on account of reserves?

You Would of Course, Choose

the company with strong Reserves, especially when with this advantage went also liberal policy conditions and a long record of good management.

You would in a word choose the Canada Life, for it is the only Company on this continent which fully complies with the above specifications.
