## PATONS THE HOUSE OF QUALITY

### Invest to-day in Strathcona Silver Black Foxes Ltd.

Decidedly the best 1915 proposition. 10 pairs "Class A" Foxes--\$16,500 per pair

STRATHCONA SILVER BLACK FOXES LIMITED offer an extremely attractive investment—low capitalization—moderate charge for ranching—careful and skilful management—medical attention daily by a skilled expert.

#### The Foxes The Ranch

There are no better foxes now on earth than those owned by STRATHCONA SILVER BLACK FOXES LIMITED. They are all from Dalton, Oulton, Rayner, James Tuplin and Gordon blood, with a fine record for production. Every animal is a choice one—perfect in every respect.

The foxes owned by Strathcona Silver Black Foxes Limited will be ranched on the famous WOODMAN-JOHNSON ranch near Charlottetown.

This is one of the best equipped ranches in the world to-day. Electric lighting, complete water system, perfect sanitation.

#### Making the Capitalization Low---Makes Profits Large

The policy of the directors of this company has been to put the capitalization at the lowest possible point thus making it possible to pay the greatest possible proportion of profits. Foxes are capitalized at 16,500.00 per pair—and all and every cost of organization, advertising, etc., comes out of that amount—there is no addition for such purpose. The issue is all common stock—and is not assessable.

#### Ranching--Care Medical Inspection

The foxes will be under the personal attention of Mr. T. B. Woodman—manager of the Woodman-Johnson Ranch—and President of STRATHCONA SILVER BLACK FOXES LIMITED. Some idea of Mr Woodman's success in this line may be gathered from the fact the two other companies under his charge expect to pay a dividend of SIXTY PER CENT.

Dr. A. Compton Lundie a specialist in the habits of small animal life is the veterinary in charge.

He gives sedulous daily care to the foxes in this ranch—providing the best possible prevention of disease of any sort.
