

SUMMERSIDE TOWN COUNCIL

(Special to The Guardian)

Regular monthly meeting of the Summerside Town Council was held Tuesday in the Town Hall, Mayor Lidstone presiding over a full council board. After the reading of the minutes of the previous meeting were read and adopted, paid and unpaid bills were passed as follows: Town paid bills amounting to \$6,226.92. Unpaid bills, \$6,401.63; Electric light paid bills, \$799; unpaid, 1956.10. Communications were read from different clergymen of the town, asking for the closing of business places and restaurants during certain hours on Sunday as the late closing is detrimental to the town. This was laid over for a later date.

Reports from the different committees were brought in. Councillor McNeill reported for finance committee that all departments were keeping within their estimates, which were a little lower than last year. Mr. McNeill said that he had received an application from a party in Alberta wishing to purchase bonds from the town of Summerside. A resolution was passed to accept the tender of the Bank of Nova Scotia 102.70 and accrued interest for the full issue of \$30,000.00 town of Summerside debentures, moved by Councillor McNeill, seconded by Councillor Strong. Councillor Phillips reported on streets. A motion was passed to lay a concrete street from Green street to Beaver street, on Central street, which would be a continuation of the permanent street already laid. This motion was at the request of citizens living on that section of Central street. A motion was passed to communicate with the Dominion Department of Agriculture, requesting permission to have the spruce hedge on the east side of Central street, adjoining the property of the experimental fox farm removed. Motions were passed to appoint Mr. James Millman, foreman in charge of permanent street work at a salary of \$24.00 and to place a light on Notre Dame street at or near railway crossing and one on Duke street north to North Market. Motion to reappoint Mr. Mark Gaudet a trustee of the school board for the town as his

term had expired. A tender was accepted from Mr. Frank Arsenault for the painting of the woodwork of the civic building at a cost of \$58.00.

Councillor Strong for police department, reported as follows: Convictions for drunkenness, 20; fighting, 2; stealing, 1; vagrancy, 2; stealing cars, 2; fines and costs collected, \$151.15. Councillor Strong said complaints had been made in regard to the increase in corner loafing and that he had instructed Chief of Police Kane to take severe measures to put a stop to this nuisance. A communication from Mr. Strong of Cape Wolfe for position as Police Officer was filed.

Councillor Kelly for fire and property department, reported that the firemen were in need of 400 feet of hose to replace that which was worn out. This matter was laid over. A motion to call a meeting of the Board of Health tonight, July 14, to close unsanitary places, was duly passed.

Councillor Schurman, for electric light department, reported an increase in consumption and asked for the purchase of necessary requisites. A resolution was passed in regard to rate for uses of electric stoves. Whereas, certain citizens, takers of electric light are making inquiry with the view of installing electric ranges for household purposes and under the regulations same may be installed, therefore, resolved that the rate for these customers be as follows: Service charge, \$1.00, first 30 K.W.H. at 10¢ next 60 K. W. H., at 5 cents balance at 4¢, and that connection and installation of these ranges be subject to the supervision and in all respects to the direction of the engineer in charge of the electric light plant, and in accordance with the provisions of the Canadian Electric code, such inspection by the engineer to be subject to charge of \$1.00. Moved by Councillor Schurman and seconded by Councillor Wilfred Kelly. The meeting adjourned to Monday, 20th.—S.

RARE SPECIMENS IN CORNER STONE

MONTREAL, July 13—(By The Canadian Press)—A collection of coins of the denominations in use before the decimal system was introduced into Canada, a "Congregational Calendar and Family Almanac" of 1843 and an old theological text-book, out-lining the doctrines of the Congregational church, were found sealed in a bottle when the corner-stone of old Zion Church, Beaver Hall Hill, the home of the first Congregational group in the city, now being demolished to make way for the Canadian General Electric Company's offices, was opened recently.

Among the coins is one dated 1787, others bearing the effigy of Queen Anne, the lettering and devices in the latter ones being difficult to decipher, and several of the tiny three-ha-penny pieces used during the reigns of George II., George IV., and William IV. Some of the pennies in use during the early days of the nineteenth century, bearing the picture of the Bank of Montreal and the coat of arms of the city, and one or two bearing the legend "Province of Canada," and the words, "Bank Token" are among the collection.

About 1844, Zion congregation secured a site for a church home on what was then known as Ravengonde street, and the building which is now going the way of all things earthly was erected, the opening service being held on November 8, 1845, with a membership of two hundred and seven. A year previously a brick building for a Sunday school had been built on Mountain street by this congregation. The old minute books record that 1840 was a year of "Fearful depression and misery from which people and church did suffer much." In order to keep the congregation together the pastor Rev. Mr. Wilkes, visited Great Britain, and collected about one thousand pounds. By 1854, it is stated in the minutes for that year, there was only one of the original members "remaining in Fellowship."

It was in Zion Church on June 9, 1853, that the Gavazzi riot occurred, in which about forty people were killed or wounded. Feeling at that time ran very high on the subject of Father Gavazzi, a former Italian priest, who, having left the Roman Catholic Church, was giving lectures and preaching in other churches. The military were called out to quell the disturbance following his evening sermon at Zion Church, with Major Wilson reading the Riot Act. This Major Wilson and Lieutenant-Colonel Hogarth of the 26th Rifles, denied having given the order to fire, and a Captain Cameron was praised for striking his company's guns at the risk of his life. In February of the following year the rioters were acquitted and Gavazzi's effigy burnt.

The records give a fascinating glimpse into the church life of that day, such entries as those dealing with church members being called to account, for non-attendance at church "Last Lord's Day, both morning, afternoon and evening," and their regret for having "thus grievously given offence and are now contrite and most repentant," being full interest. One particularly full account deals with the punishment of a church member who had "talked querulously and in a manner unbecoming a Christian" to the pastor and deacons, and (as he could not offer what the offended parties considered a fitting explanation of such heresy, he was suspended from membership until he did "show regret for such behavior, and with before the church members in full session." As he declined to do this a subsequent entry states that he was expelled as not being worthy of Christian fellowship, following further unbecoming conduct.

For "conversing with his landlord in a manner not becoming to a Christian, even to the extent of calling him out of his name" a member was advised to remain away from Holy Communion, to consider himself in a "state of suspension" and to consider his sins very solemnly, reporting to the members in full session" the results of his meditation.

Labels Show Things Planned for Canada

(Canadian Press)

LONDON, July 14—Specially designed colored labels issued by the Empire Marketing Board and bearing the words "Made in Great Britain for Canada" were used for the first time on a recent consignment of steel forgings despatched to the Dominion from the Vickers works of Sheffield. Previously Canada had obtained steel forgings from the United States.

The labels, which are printed in green, red, white and grey lettering against a blue background and show the Union Jack and the Canadian flag, serve a double purpose. "Canada sent up this order—buy Canadian produce," is the message, according to a statement of the Empire Marketing Board, which they will convey to all those who may see the material to which they are affixed either at the workshops before departure or in the course of its journey to the port of shipment. The labels, says the statement, show Canadians how people in the Home Country are working to help forward the sales of Canadian produce.

Similar labels have been prepared for use on exports to Australia, New Zealand, South Africa, and the Irish Free State, and will be issued by the Board to any firms working on overseas contracts who may desire to use them. More than 1,000 of the leading industrial firms in this country are already displaying in their workshops and factories special posters showing that they are working on orders for the overseas market.

Labels Show Things Planned for Canada

Canada and Contract with Great Britain

MANCHESTER, England, July 14. (By The Canadian Press)—Impressions of Canada and her contract with Great Britain have been given to The Manchester Guardian by Miss M. G. Clarke, head mistress of the Manchester High School, who was one of a party of 12 head mistresses of public and secondary schools for girls who visited the Dominions recently under the auspices of the Overseas Department.

"The desire among Canadians to maintain their great country as a part of the British Empire was the point most stressed by Miss Clarke. "They are quite clear about it that they are Canadians and want to be nothing but Canadians," she said, "but that does not mean that they don't want to maintain the British contract."

Miss Clarke commented on one feature of Canada that particularly pleased her. "They are at the developing stage when when they are not in the least hidebound, so that if a thing does not work they change it. It takes half a century to get anything changed in this country, but in Canada they readjust and change to expanding needs with hardly any hesitation. We found new ordinances and new regulations in process of being made to fit new needs, and, to my radical mind it was quite delightful.

"On the material and practical side there is a great challenge to creative enterprise. We have got a great deal to learn from the Canadians, particularly in the matter of domestic appliances. Everything is labor-saving" (Miss Clarke mentioned an electric toaster that made toast on the table while you waited, "and in their houses the kitchen is always next to the dining-room."

"I passed Mrs. Snobb in the street today, but she didn't see me. I wonder if she slighted me intentionally?"

"Oh, I don't think so. She hasn't been seen long enough to know how to read."

Boy Scouts At Gilwell Camp

The Gilwell Scout Training Camp for Scout Leaders and Scout Masters, officially opened last evening at Fairview on the beautifully situated farm of Mr. MacMillan.

These training camps are held annually in various parts of Canada, the one being held here now is for the three Maritime Provinces and Newfoundland. Those attending will be under the control of Mr. F. E. T. Coombs Deputy Camp Chief, Ottawa who is acting as Scoutmaster. Assistant Camp Scoutmaster, Mr. Sid. J. Timbrey, director of Scouting for Nova Scotia and Assistant Commissioner Ely Boyaner, St. John N. B. Camp Headquarter Orderlies, James E. Burnett, 3rd Charlottetown, Joseph T. Hunter, 3rd Charlottetown, and Ivan Walsh, 6th Charlottetown. Those attending the Gilwell course are as follows:—

FROM PRINCE EDWARD ISLAND

Rev. Alex R. Gibson, Montague. William R. Burnett, Charlottetown. William Warren, Charlottetown. Rev. A. G. Crowe, Central Bedeque.

J. B. Lewis, Central Bedeque. Clarence E. Walker, Charlottetown. W. F. P. Bradley, Charlottetown. (part time).

FROM NOVA SCOTIA

Wesley McLellan, Glace Bay. Donald Anderson, Glace Bay. Walter M. Barkhouse, Chester. Holly Fraser, New Glasgow. Trevor Burdon, Liverpool. Malcolm D. McIvor, Tatamagouche.

Donald Scavins, Scotts Bay. C. E. Slavin, Halifax.

NEW BRUNSWICK

Lionel J. Anderson, George Enos, Gerald McGill, Bernard A. McCarthy, Walter L. Ripley, Alex Kerr Leonard Leger, Gerald Forest, Emory Doucet, Philip Robichand, Frederick Cormier, Donald Perry, Edward Rogers, all of Saint John. Robert Fawcett Jr. Sackville. Wm. L. Blenkhorn, Sackville. Arthur H. Callaghan, Colebrook. William F. Edwards, West Saint John.

Frank Hughes, St. Andrews. Lawrence Mills, Sussex. Borden Denley, St. Andrews. Edward Williamson, St. Andrews. William Fisher, Sackville. Rev. H. R. Perkins, Fredericton.

ONTARIO

George Ferguson, Ottawa.

COMPLETE ARRANGEMENTS FOR 1931 PATROL

DEPARTMENT OF THE INTERIOR'S ARCTIC EXPEDITION WILL SAIL ON S. S. BEOTHIC ON JULY 29.

The S. S. Beothic carrying the Department of the Interior's 1931 expedition to the pole in the Arctic archipelago will sail from North Sydney, Nova Scotia, on July 29. The date of this year's sailing is practically the same as last year and from experience it has proved the most satisfactory for the carrying out of the work of the patrol.

This year's expedition by officers of the North West Territories and Yukon Branch will be in charge of Major L. T. Burwash, an Arctic explorer of long and wide experience. Captain E. Falk will again be ship's master, while Captain J. D. Morin will be the ice pilot. Dr. L. D. Livingstone, Medical Health Officer of the branch will be ship's doctor on the voyage as far as Pangnirtung, where he will replace Dr. H. A. Stewart, who has completed a two year period among the natives of Baffin Island. Dr. Stuart will act as ship's doctor on the return voyage.

Inspector A. H. Joy and four constables of the Royal Canadian Mounted Police will accompany the expedition to effect changes in the personnel at the posts visited. Members of the force who have completed their tour of duty will be relieved. Two of the constables going North will remain at Pond Inlet at the northern end of Baffin Island; another will relieve one of

the two stationed at Bache Peninsula, Ellesmere Island; and the other will replace a constable coming out from Lake Harbor, southern Baffin Island.

The same itinerary as last year will be followed, with the first call being made at Godhavn, Greenland. The Beothic will then be headed north along the Greenland coast for the farthest north post of Bache Peninsula on Ellesmere Island. By following this route much time is saved and the dangerous middle ice pack of Baffin Bay is avoided.

On the return trip the first stop will be made at Dundas Harbour, Devon Island. Although not yet definitely decided, it is possible that after completing the work at this post, the Beothic will turn westward into Lancaster sound to again attempt to reach Winter Harbour, Melville Island, to re-provision the cache established at that point by the 1908-09 expedition. Last year heavy ice conditions prevented the Beothic from reaching Winter Harbour. If it is decided to make this patrol, caches will be laid down at Beechey Island off the southwest corner of Devon Island, and at Cape Cockburn, Bathurst Island. These will be for the use of Royal Canadian Mounted Police patrols and others travelling in the area.

Returning eastward to Baffin bay the ship will call at Pond Inlet, River Clyde, Pangnirtung, and Lake Harbor, Baffin Island; Chesterfield, Hudson Bay; and Port Burwell, Hudson Strait. The work of re-provisioning the posts and effecting changes in the personnel will then have been completed and the Beothic will turn southward for the final leg back to North Sydney.

SOURIS

Mr. Lorne Good, of Charlottetown, was a visitor to Souris on Wednesday.

Mr. Wendell Yeo, of Union Road, is at present in Souris, visiting at the home of his brother, Mr. Bruce H. Yeo, of Souris. Mr. Yeo's many Souris friends are pleased to see him back in our town on a visit.

FAREWELL

A very large number of people from all over the Bedeque United Charge met in the Church at Bedeque Wednesday evening July 1st to say good-bye to their pastor Rev. A. J. Reynolds, Mrs. Reynolds and family who are leaving their present charge. Thos. Moysie was chairman. The opening of the program was a devotional kind. The choir sang with their usual impressiveness and solos were greatly enjoyed which were sung by Miss Winn-

fred Wright, Mrs. W. W. Jenkins and Gordon McCallum. A very kind address was read and a money presentation by Hon. Horace Wright, who made special reference to the large place Mrs. Reynolds had held in the service of the church and community. Miss Selma Myers presented a beautiful Jaeger rug to the pastor from the Y. P. League and gave a splendid address expressing the appreciation of the young people for their pastor.

Very kind addresses were given by Rev. J. W. A. Nicholson, representing the United Church and Rev. A. G. Crowe who represented the Baptist Church. Refreshments were served at the close.

The societies with which Mrs. Reynolds has been associated have shown much appreciation of her co-operation on the eve of her departure for their new field. The

Mission Circle of Lower Bedeque presented her with a copy of Pauline Johnson's book of Poems, "Flint and Feathers." The W.M.A. with a leather bound copy of the new Hymnary, and the Bedeque Mission Circle with a fountain pen.

UNEMPLOYED BUILD CHURCH

LONDON July 13 (By The Canadian Press)—A new wooden church at Huncoat, near Accrington, Lancashire, was blessed and opened recently by the Bishop of Salford, Fr. T. Henshaw, who dedicated it to "Our Lay of Huncoat." The unemployed men of the district helped in the erection of the building, their only payment being meals supplied them by a local magistrate. The altar and church furniture were supplied by the parishioners of the Sacred Heart, Accrington.

DISTRIBUTORS

IT'S LIKELY YOU NEVER CALLED IT

"ATHLETE'S FOOT"

MORE THAN LIKELY YOU HAVE IT

TOE itch, golfer's itch, ringworm of the toes, "Athlete's Foot"—it's a Canadian epidemic caused by the ringworm parasite, *Trichophyton*. It's a germ which has certainly made a nuisance of itself in these Provinces but—it cannot live in the presence of Absorbine Jr.

Look between your toes tonight! If the skin is slightly red, or unnaturally white and moist—if there are cracks, or tiny itchy blisters, or dry scales—then you, too, probably have the beginning of a case of "Athlete's Foot"! Absorbine Jr. kills *Trichophyton*! Exhaustive laboratory tests prove that this famous antiseptic penetrates deeply into

flesh-like tissues and, wherever it penetrates, it kills the ringworm germ. At the first hint of infection, douse your feet generously with Absorbine Jr. morning and night—every day. And guard against infection by treating the feet after every exposure to any damp floors, even in your own home. If it does not yield readily to Absorbine Jr., see your doctor.

You have always found Absorbine Jr. fully efficient in relieving strains, sore muscles and bruises, and in healing cuts, abrasions and burns—you will find it just as good for "Athlete's Foot." At all drugists—\$1.25. W. F. Young, Inc., Lyman Bldg., Montreal.

Absorbine Jr.

For years thousands have found Absorbine Jr. unequalled for sore muscles, rheumatic aches and pains, sprains, bruises, burns, cuts and sunburn. Always have a bottle handy.
