

Throat Coughs

Ask your doctor about these throat coughs. He will tell you how deceptive they are. A tickling in the throat often means serious trouble ahead. Better explain your case carefully to your doctor, and ask him about your taking Ayer's Cherry Pectoral. Then do as he says. Get the best medicine, always. We have no equal. We publish the formulas of all our preparations.

The Correct Adjustment

of glasses is a matter of considerable importance. The beneficial effect of one's glasses may be largely nullified by ill-fitting mounts. We pay particular attention to the correct fitting of mounts, so that the full benefit of the lenses will be obtained. We suggest the lenses of such shape and size as will be most becoming in each individual case. This is possible because we grind our own lenses and make them any desired shape and size. Our methods of examination give best results. Try us.
