HARD FIGHTING WITH KOREANS

For Three Days Results In Japs Capturing Kangwher Forts, Killing Or Making Prisoners Of All The Garrison.

Shou, Korea, August 13—(Special)—After three days' hard fighting with the Korean soldiers and mob the Japanese troops succeeded in capturing Kangwha Island at the mouth of the Han River, capturing the forts. They killed or captured all the Korean soldiers. Incomplete reports say forty Koreans were killed and probably several hundred were wounded.

The whole north Kyong province near Yalu is reported in a state of insurrection. Troops have been hurried to the scene. Frequent clashes have occurred in the mountain districts. While this contest is likely to prevail until the Korean ammunition is exhausted, the military authorities regard the capture of Kangwha as marking the end of anything like organized resistance.

MOORS ATTACK CASA BLANCA

Four Thousand Strong But Are Driven Off; the Governor Made Prisoner for Abetting the Massacre of Europeans.

TANGIER, August 13—(Special)—Four thousand Moors attacked Casa Blanca yesterday but were repulsed. Sihanbaker, Governor of Casa Blanca, has been dismissed for having abetted the massacre of the Europeans at that place. He is now a prisoner on a French warship. Letters received here from Fez under date of August eight says that when the news of the massacre at Casa Blanca reached the Moroccan capital the government officials in order to gain time asked the French legation to postpone coercive measures and leave the punishment of the guilty to the Sultan, who promised to go to Casa Blanca as soon as his health would permit.

Terrible Scene At Casablanca

Arabs Continue Their Savage Attacks—Jews Slaughtered Without Mercy and Girls Carried Away Captive Brave Sortie By the French.

LONDON, Aug. 11—Belated Casablanca dispatches reaching here today throw terrible pictures of the scenes of desolation and horror there, besides confirming the seriousness of the danger while the Arabs were fiercely attacking the consulates, owing to the small forces landed from the French cruiser Du Chayla for their defense.

It seems that having completely plundered the Moorish and Jewish quarters the Arabs found that they must first of all drive away the guards around the consulates, which would place the European shops and stores at their mercy. It needed all the courage and resources of Lieutenant Greener, who with 30 men, was sent to the situation. The Arabs became bold they succeeded in occupying a deserted French house, a high stone building inside the British consulate, and also occupied the Spanish consulate, from which they poured a furious rifle fire. Smaller houses between both consulates were shelled and captured. It was then that Lieutenant Greener, with his small band of brave men, returned from the scene from the French cruiser Gallie, to assist with the fighting. The Arabs were taken the Arabs completely by surprise. They fled in confusion from the scene with a machine gun, which was placed in position upon the roof, and did effective execution. Then the Arabs continued their attacks upon the consulates, which was only stopped by the arrival of additional warships that night.

According to correspondents 2,000 Jews were driven to the country, where their fate was uncertain. Two hundred Jewish girls were carried off by the Arabs, and over 100 Jews were slain in the most horrible manner. Even women and children were murdered. The great difficulty, when they refused or were unable to reveal

the hiding places of money and valuables. Survivors are now creeping out with wallings and lamentations seeking food among the debris.

CONVICTS FIGHT IN PENITENTIARY

Charles Piche Charged With Smiting Fellow-Prisoner With Hammer

MONTREAL, Aug. 12.—In the cell of the St. Vincent de Paul penitentiary, convict Charles Piche appeared today before E. A. B. Ladouceur, J. P., charged with having, on July 23, wounded a fellow convict named William Girard by striking him over the head with a hammer of the kind used by the convicts at the stone pile. When charged with the offence Piche pleaded guilty to simple assault. The magistrate would not accept this plea of not guilty. Piche will appear on Thursday on the charge of wounding on Thursday.

A BIG REVIVAL ON IN GERMANY

BERLIN, Aug. 11.—One of the most remarkable religious revivals that Germany has ever experienced is now winding thousands of adherents in Cassel and the vicinity. The leaders of the movement are two Swedish women, who are supposed to possess exceptional spiritual powers. The meetings have steadily increased in numbers and interest. The services are held in the evening, and are attended by men and women. Some fall unconsciously into the hands of the evangelists, while others, thinking the evil one vanquished, jump up and, seizing a companion, rapturously swing off in a wild dance of triumph. Women tear off their hats and men their caps and collars, to symbolize their renunciation of worldly vanities. The orgies go on regularly until long past midnight. Large numbers of peasants are pouring in from the provinces of Upper and Lower Hesse in the hope of seeing wonders worked by the leaders of the movement.

SCOTLAND YARD GETS TELEPHONE

LONDON, August 12.—Scotland Yard is famous for the most up-to-date chief of police in the world. And yet it is interesting to note that it was only a few days ago that a telephone service was installed there. So conservative are the British officials. Now and hereafter however the Scotland Yard telephone will be open to any citizen who has suffered wrong or who has important matters to communicate to trained detectives.

Minard's Liniment. Take no other

NUMBER 6 COAL IS NOW TESTED

SHE FOUND OUT HER MISTAKE.

New York, August 12.—According to news which has reached here, the awakening has speedily come to Miss Floretta Whalen, the seventeen-year-old girl who eloped on April 16 with her guardian, the Rev. Jere Knudde Cook, the rector of St. George's Episcopal Church at Haverhill, Mass. Miss Whalen, it is said, had been deserted by the unfortunated minister, and is reported to be in a sanitarium in Canada, a nervous wreck. The whereabouts of Cook has not been learned.

NAVAL PAGEANT ON THE SOLENT

PORTSMOUTH, England, August 11.—The ships of war constituting Great Britain's home fleet, recently paraded before King Edward and Queen Alexandra on the Solent and incidentally furnished a magnificent pageant for the opening of the annual Cowes regatta. Spread out in seven long lines between the Isle of Wight and the Hampshire shore, this magnificent array of vessels, great and small, formed a floating fleet city with a population of 35,000 officers and men. Never before have so many British men of war been seen together under the control of a single admiral. From the battleship Dreadnaught down to the smallest submarine, every vessel was decked from stem to stern with flags. Crews assembled on deck, and as the King and Queen aboard the royal yacht Victoria and Albert passed down the lines each ship's company gave a rousing cheer. For eleven miles up and down the King and Queen steamed between the steel walls. This lot of warships forms the largest home fleet in the British navy.

KOREANS CLASH WITH JAF TROOPS

SEOUL, Aug. 12.—A company of thirty eight Japanese troops with two machine guns had five men killed and five others wounded last night on landing at Kang Wha Island twelve miles north of Chemulpo made for the purpose of disarming a mob Korean garrison of forty men who were supported by several thousand rioters. The landing party was reinforced this morning by another company from Chemulpo. A Japanese fishing fleet which was driven off this island with several casualties reached Chemulpo August eleventh.

Witnesses See It Drive Engine With Heavy Load And Swear It's Good Steam Coal And Strictly Commercial

SYDNEY, August 13—(Special)—The proceedings today in the County Court house were largely taken up with the evidence of the trial run made Thursday of last week by the S. and L. Railway, using No. 6 coal. Numerous witnesses testified to having followed the coal from the pit mouth of the new famous colliery to the tender of locomotive 50, where it was employed to produce steam for the experimental run. The locomotive drew an unusually heavy load from Glace Bay to the shipping piers satisfying the witnesses examined today beyond a doubt that the coal of No. 6 could only be regarded as good steam coal and strictly commercial. The evidence of Blake Walker, an eminent geologist, was listened to with a great deal of interest. He swore that in England coal containing eighteen per cent of ash was regularly sold. Judge Longley is doing all in his power to conduct the proceedings with as much dispatch as possible. There was a considerable progress made today.

TROOPS CHARGE BELFAST RIOTERS

Two Men and a Woman killed. Those Captured Taken to Court at Bayonets Point—More Trouble Yet Expected.

BELFAST, August 13—(Special)—During the rioting last night one woman and two men were killed, and a number wounded. A recurrence of the disturbance is expected tonight. The captured rioters are taken before the magistrates at the point of the bayonet. R informants are now coming here from various points. Some of the streets were stung with wires to entangle cavalry and the gas mains were cut last night. The troops charged the mob last night no less than forty times and fired six volleys, but more for the purpose of intimidation than for fatal results.

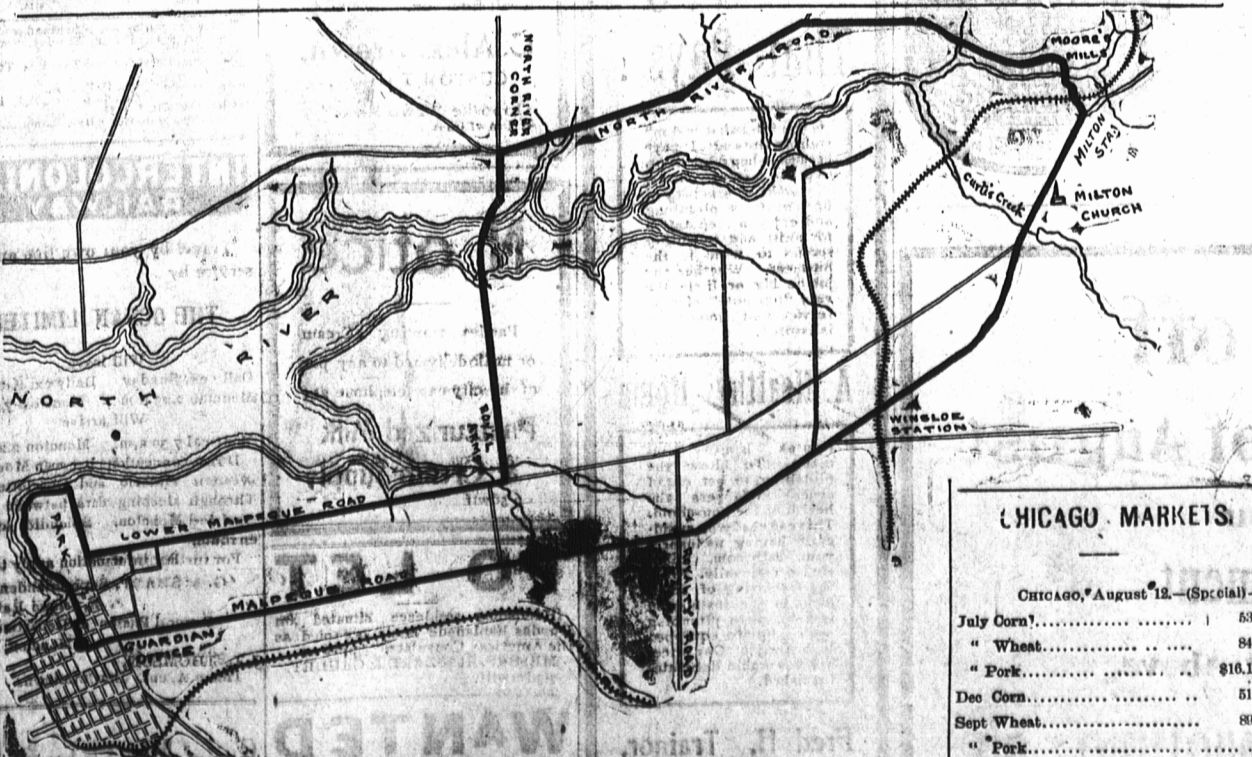

Fine Rowing By Canadians

Won Four Firsts, One Second and One Third at Philadelphia—Bennett Won the Championship Single with Greer Second.

PHILADELPHIA, Aug. 10.—True to the form they exhibited in the preliminaries of the annual regatta of the National Association of Amateur Rowers, yesterday the Canadian crew today swept everything before them in the final. All told the Canadian crews were first in four races, second in two, and third in another. It was a notable fact that the victors from the north won or scored in every event in which they competed. The Argonaut Rowing Club, of Toronto, made the best showing of any individual club, this organization having three firsts and one second. The Argonauts won the senior eights, one of the features of today's programme, the senior four-oared shells, also rowed on Friday. Of the other Canadians, the Don Rowing Club, also of Toronto, won the senior double sculls; John O'Neill of St. Mary's A. A., Halifax, N. S., was second in the Association singles on Friday; while the Argonauts were second in the intermediate double sculls, which race was won by the Uadine B. C. of this city. The feature event of the day was in the inter-city octo-pede race between New York and Philadelphia. The race was bitterly contested until the very end. The Philadelphians managed to get into the lead half a mile from the finish, and they beat out the New Yorkers in the last spurt by nearly three quarters of a length. There was an upsetting of champions.
