Western Guardian

—ROBIN HOOD FLOUR—All sizes wholesale and retail. Holman's, Summerside. 4-21-dft.

—I WILL be loading live hogs at Kensington, Tuesday, May 24th. Alden Moase. 5687 5 17 61

—LOADING LIVE HOGS.—Emerald, May 26th., forenoon. Intending shippers list hogs with Sec'y at once. D. N. McKay, Sec'y. 5621.5.19.31

—FERTILIZER FOR SALE.—We still have on hand a few tons Commercial fertilizer, also car load ground lime stone, which we are distributing at low prices for spot cash. J. B. Millman, Kensington, P. E. I. 5602.5.19.41

—FOR SERVICE—Two keen scented Foxhounds. Will run down any fox, always ready for a call, personal or telephone. Levie Arsenault, Kensington. 5644-5-20-21

—STEAMERS SAIL.—Two of the steamers loaded with fertilizer have been in port and discharged their cargoes, these were the S. S. Wagland, with 35000 tons and the S. S. Yerge with 2000 tons, the third cargo is expected here on Friday. H.

—PROPERTY FOR SALE AT LONG RIVER.—I offer for sale my property at Long River containing 5 acres of land, good dwelling house and several outbuildings also a fox ranch with accommodations for seven pairs foxes, situated within five minutes to Church, school, store and mill. D. M. Johnston, Long River 5618-5-13-41 eod

—WORK TO START SOON.—It is expected that work on the new station here, will begin shortly, as engineers were again here on Monday, making further surveys, the plans which were recently submitted here, seem to have the approval of the citizens and public in general. H.

—NEW HOMES.—A number of carpenters and laborers are employed at building residences on the Brooman property, near the High School, the frame is now up on one house, and the foundations of two others are well under way, after the extension of Beaver Street through this property, the location will be one of the best in town. H.

—OPERATION SUCCESSFUL.—Mr. Joseph Griffin, Glengarry, Lot 7, came to town on Tuesday, in company with his son Raymond, who was suffering from an acute attack of appendicitis. The attending physician from Alberton, had the patient removed to the P. C. Hospital, where a successful operation was performed. The young man is recovering as rapidly as can be expected. H.

—BACKWARD SPOTS.—The level in several sections of West Prince is still heavy and wet from the effects of showery weather, some patches of low land are covered with water which will require several days of fine drying weather before teams can travel over it. There has practically been no farming done as yet, around these parts. H.

PERSONALS

—Mr. Fred Rennie, merchant at Alma was in town on Tuesday. H.

—Messrs. Charles Burke, Elmsdale and Lawrence Butler, Lot 7, were in town on Monday, procuring their requirements for farming operations. H.

—Mrs. Elbert J. Read and daughter, Miss Frances Read, who have been attending McGill University, are visiting the former's parents, Mr. and Mrs. Frank A. Sweet, Cas-cumpeck.

Eastern Guardian

—EASTERN AGENT—Mr. J. W. Murdoch is now Guardian agent in Montague and will be pleased to receive news items, advertising, new and renewal subscriptions.

—A JOINT MEETING of the Conservative Electors of Murray Harbor, High Bank and Glen William Polls will be held in the Temperance Hall at Murray River on Saturday, May 21st, at eight o'clock. P. M. 5635-5-19-2.

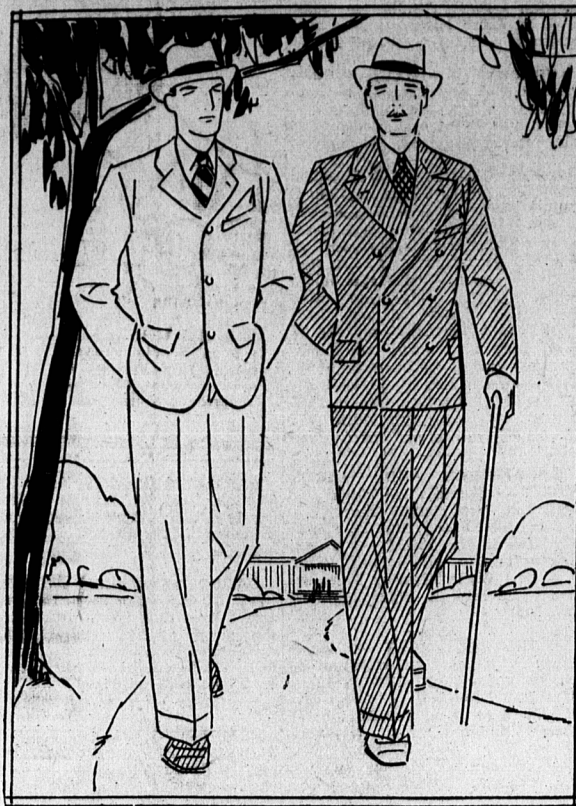

—BAPTIST SERVICES.—Rev. F. M. Clay will preach in the Baptist Church at St. Peters Bay on Sunday at 3 p. m. and will have a special message. Use your phones and voice to let your friends know of the services. Mr. Clay will sing at this service.

—WATER WORKS.—There is much activity at Harmony Station where the railway is building a Water Works system that is expected to work automatically, a dam is being built on the site of the McVarish-McLaren mill. Many cars of material are at Harmony and a number of men at work.

—EVERYBODY GOING INTO POTATO GROWING.—It is to be hoped the potato market next fall will hold out, for everybody appears to be going into this business of growing white potatoes with fertilizer. All or nearly so of the farmers who used to fish lobsters have quit and gone into potato growing, while those always farming, are all in it.

Bunions Quick relief from pain. Prevents the pressure. All aches and sore spots. Dr. Scholl's Zino-pads Put one on—the pain is gone.

You're the judge in any transaction here; if you're not satisfied we refund your money.

—ISLAND GRADUATE—In the past list of the successful students at Dalhousie, Hubert M. Mabon, of Montague, passed in all his examinations, Chemistry I A Theory of Pharmacy I, Elementary Organic Chemistry Prescriptions.

—MORE FERTILIZER.—On Friday, two or three carloads of fertilizer, consigned to customers who have their orders in, by the J. J. Hughes Co., Souders, arrived at Harmony Station. These are all unmixer fertilizers and a direct importation. Evidently the acreage of potatoes on the North Side and Souris Line road, this year, will be unusually large.

—MISFORTUNE FOR LOBSTER MEN.—The wind, now over two weeks, continues northerly, and the Gulf remains full of ice. The majority of the traps and rope are out in the ice. No nets can be set for bait, and ice conditions are worse as you go further north to the Magdalen Islands. Another disastrous feature is, that should considerable of the rope be carried away by the ice, no more rope can be procured, as the regular quantity has been already all distributed, and there is no more available on the market.

—FIVE CARS OF FERTILIZER.—Almost 100 tons, are now, this week, being unloaded at Harmony Station by the farmers of the North Side, Rockbarra to Black Bush. This is a part of the cargo, direct from Baltimore, landed at Souris for the members of the Potato Growers Association. These farmers have had a strenuous week hauling the heavy fertilizer to the North Side, some four to six miles on the soft, muddy roads. Almost every North Side farmer, with scarcely a single exception is taking more or less fertilizer, some as much as five tons and few less than two. As Harmony Station is situated in a swamp, and the switch is extended away up into the woods on the swamp ground, west of the Station, one can realize the difficulties of the farmers in unloading these cars. Something should be done by the railway authorities to improve loading and unloading conditions at Harmony.

PERSONALS

—Mr. Charles Hibbett, student of Acadia University has arrived from Wolfville to spend his vacation at his home in Georgetown.

Memorial Pictures Unveiled at Montague

A very interesting and patriotic event took place in the New Montague Memorial School, on April 9, 1927, when a large assembly of relatives and friends gathered, to participate in the unveiling of a memorial picture of our fallen heroes, in the Great War, viz.—Centre, Maj. Atwood McKay, D.S.O.; Pte. Harry Duke; Gnr. Homer Campbell; Pte. Colin Wright; Gnr. William Heckbert; Pte. Wm. Gordon; Pte. Richard Poole; Pte. Peter Gillis; and Lieut. Foster Rhude.

In the spacious corridor of the school an elevated platform had been erected, and upon it sat the speaker of the occasion. The programme was as follows: Opening remarks, His Worship Mayor McKinnon; Hymn, "Oh God our help in ages past"; Unveiling memorial picture, by Major W. H. Poole, who recited "In Flanders Fields," very effectively. The dedication prayer followed, by Dr. Genge.

Speech—Mayor C. C. Thompson (returned man) on the Anniversary of Vimy Ridge, and other battles and the splendid work accomplished by Canadians in the recent great war.

Dr. McLean, (evangelist), who was the next speaker, emphasized the sacrifice of the men who fought and died, that we might enjoy liberty.

Rev. John Stirling followed with remarks on other phases of war conditions, and pointing out that all were not sacrificing, while the war was going on, as "our boys" did, but that many were getting rich by various means.

"Oh Canada," by the school children and "God Save Our King," by all present, were sung, with much enthusiasm and reverently bowed heads the entire assembly kept two minutes of solemn silence, in honour of our fallen heroes, after which Rev. Mr. Stirling pronounced the benediction.

This memorable event was made possible by the efforts of the Women's Institute of that flourishing town. In the last two years they have succeeded in raising almost three thousand dollars for the plumbing and heating system of their beautiful new school; they are now beautifying the school grounds, with flower beds, shrubbery, trees and a suitable driveway around the building.

es of the beautiful memorial picture, have been obtained from Mr. Bayer, Charlottetown. The families of "the boys" each received one, also every member of the Women's Institute. The president of the Institute, Mrs. L. H. Coffin, is to be congratulated on carrying out so completely and effectively the programme of such an auspicious occasion.

Many persons in Montague and elsewhere in P. E. I. regret to know of Dr. McLean's (evangelist) illness, and his necessary return to his home in Vancouver for a complete rest for a few weeks. While in Montague, Dr. McLean spoke in large audiences, even on very stormy nights. He brought a complete gospel message to the people, he preached a "born again" religion; he was a spirit-filled man with a passion for the salvation of lost souls. Wherever he preached, churches have been enriched and taken on new spiritual life. He is a great man, with a great message from a great God.

Miss Eaton returned missionary, from India, spoke in the Montague Baptist Church Sunday evening, May 15th. Miss Eaton is a very pleasing speaker and held her audience spellbound while she portrayed India and her needs. Miss Eaton also spoke at Sturgeon on Sunday morning.

Mr and Mrs. L. H. Coffin, Montague, sailed from Quebec on April 27th, on a trip to Europe. Mr Coffin has for more than twenty years been the manager of the Canadian Bank of Commerce in the above town. He and Mrs. Coffin will be much missed during their absence.

Mrs. Coffin has two or three times been the active and worthy president of the Women's Institute, and has seen that society prosper under her leadership. She has for the past three years been on the school board, where she has worked faithfully for the best interests of the pupils at all times. In Lodge and church and everywhere she has given of her best and we feel a distinct loss in her going away, even for a short time. However, we are glad the opportunity to go was hers and hope she will have a "grand time" and return to us, with new energy, to take up her different activities again.

Her many friends in Montague and elsewhere are delighted to know that Mrs. Herbert Poole is steadily improving, after her re-

cent severe illness in the P. E. I. land hospital.

- Grade I (b)—1, Emerson Mayson.

Do you get a sensation of pressure on the head? Don't be frightened it's not heart disease. Seigel's Syrup will help.

IT PAYS TO GET THE FACTS

A large proportion of all the nerve energy generated in the normal body is expended in the act of seeing.

Eyes are often found to be defective so that although the vision is still good, they are causing strain twice or three times their normal portion of nerve force, robbing other vital organs their motive power.

The result is serious physical disorders—often in remote parts of the body.

Two out of every ten people are in this fix, yet the real cause of their trouble is often not suspected until a thorough examination discloses the fact.

GET THE FACTS ABOUT YOUR EYES. H. J. MABON OPTOMETRIST, Montague, P. E. I.
