**RHEUMATISM FOR OVER 16 YEARS**

No Return Of The Trouble Since Taking "Fruit-a-tives"

108 Church St., MONTREAL.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

**Y.M.C.A. Field Day**

The Summerside Y. M. C. A. committee held a meeting in the "Y" on Wednesday night to arrange for a Field Day to be held on the 24th of May. The object of the meet is to create an interest in athletics not only on the part of the younger boys of Summerside but those of Prince County as a whole and in order to accomplish this end, a list of events has been made out which gives every boy in the county a chance to compete in his own class.

A list of the events covering the different ages from 12 to 22 show something of what is being attempted for the boys:

**ADDRESS AND PRESENTATION**

On Thursday, May 5th a very pleasant social evening was spent at the home of Miss Hattie MacLeod, French River, when a number of her friends met to say "good-bye" previous to her departure for High River, Alberta, where she goes to remain for some time with her father Mr. Benjamin MacLeod, formerly of French River. The following address was read and an ivory mounted brush comb and mirror set was presented to her.

To Miss A. H. MacLeod  
Dear friend Hattie, we your friends and neighbors could not let you leave our midst until we met to express our regret and sorrow to your departure and to let you know in some measure how you will be missed among us.

We, who have known you from childhood, seen you in your girlhood, growing into womanhood have admired and honored you for your care and devotion to those of your own kindred who have "gone before," we are assured that your loving thoughtfulness eased the pathways of their feet and made happy their last days.

Your help was ready at all times in all our social activities, and during the war you were one of our most energetic workers in all that helped to make easier the life of our boys "over there," you have still continued in our women's work for the Protestant Orphanage and will be much missed.

We cannot express in words how much you will be missed in the many activities in the social and religious work of the church, especially in the Sunday School where you were one of our most valued teachers. You put untiring energy in Mission work, particularly the mission band. At present we cannot

**ARE "AMERICANS" NOT CANADIANS?**

**A Geographical Curiosity in Western Canada**  
(Cleveland Plain Dealer)

Many Americans have worried about a stubby little peninsula which extends from Canada into the Lake of the Woods north of the forty ninth parallel which marks the established boundary between Canada and the United States from the Lake of the Woods to Puget Sound. Disregarding Alaska it is the northernmost land of the American Republic.

No map shows any town or village in this remote and isolated region. It appears merely as a trackless forest wilderness. Now it is indicated that there is a village in this forgotten enclave for a postoffice has been established at Penesse and a weekly mail service is maintained. During the summer the service will be by horse and sledge across the ice of the lake. In the summer a motor boat will be used.

The chunk of land which Uncle Sam holds in defiance of all considerations of geographical propriety is commonly known as the "Northwest Angle". It is nearly square and measures about twelve miles each way. The population of Penesse is 150 and the population of the entire region is but little more. It is pleasing to know that the Penassians most hyperborean of all non Alaskan Americans are at last officially and comfortably connected with the rest of the country. It becomes unnecessary to worry about their isolation. Instead we may welcome them as brothers since a whimsical geographical quirk makes them Americans instead of Canadians.

Hence is the bridge over the stream of disappointment.
