Lovely Exhibit Of Art And Needlework At Notre Dame Academy

After a lapse of several years, Notre Dame Academy has resumed its Annual Art and Needlework exhibits, the first taking place June 19th and 20th. As in years past, the Academy was thronged with visitors, who did not fail to evince their appreciation of the pupils' work.

In the collection of paintings were water colours, oils, pastels and charcoals, and, as a spacious hall was used for the exhibition, the pictures were seen to the best advantage.

Cabinets and tables containing hand painted china elicited much favorable comment, as did a number of beautifully designed lamp shades and trays.

No small portion of interest centered around the splendid display of both plain and fancy needlework, while the work of the Business Department was greatly admired.

The Sisters are to be heartily congratulated on the fine showing made by their pupils.

With a number of uses in view an electrically operated vacuum cleaner weighing only three pounds has been invented.

Take Your Corns Off In Hot Foot Bath

The hot water extraction of corns is the surest, quickest, simplest way ever thought of. It takes only a minute to apply a covering of Putnam's Painless Corn Extractor, and it soon frizzles the corn or callous so that a foot bath shells them right off. You must be sure and get Putnam's Painless Corn Extractor; it's a wonderful antiseptic corn softener. It costs little. Obtainable at druggists everywhere, and is absolutely sure to give you the desired results for corns, thickened foot lumps or sore callouses.

NOT IF HE ONLY TRIED

He: You won't have anything against me if I try to kiss you?
She: Not if you only try.

A HIGH AVERAGE

"How is it that you, a baseball player, allowed your wife to beat you?"
"Well, you see, Judge, she is a three-hundred hitter."

BETTER THAN NO ACTING

"That stage girl is always acting foolish."
"Well, that's something—didn't know she could act at all."

IT NEVER FLOWERED

She: You say he wanted to be a florist and buried all his money in a lot and greenhouse? What did he get out of it?
He: Not a blooming dollar.

CARELESS SHAMPOOING SPOILS THE HAIR

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for the hair is Patsy Ruth Miller's steady use of her beautiful hair Mulsified coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use. Two or three teaspoonfuls of Mulsified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy, wavy and easy to manage.

You can get Mulsified coconut oil shampoo at any drug store. It is inexpensive and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified. Beware of imitations. Look for the name Watkins on the package.

*Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

Stylish New Hats \$1.98

Eastern Guardian

EASTERN AGENT.—Mr. J. W. Murdock is now Guardian agent in Montague and will be pleased to receive news items, advertising, etc.

NEW COAL SHED.—Work has begun on the new coal shed at Georgetown, Mr. Roach being in charge of the work.

FINE SHIPMENT.—On Wednesday last Mr. D. P. McKinnon, of Georgetown shipped to Harry Jenkins & Son, Charlottetown, five beautiful lambs. The lambs which were exceptional for the time of year, weighed in the vicinity of 90 lbs. each, and needless to say Mr. McKinnon received an excellent price. Mr. McKinnon is president of the Georgetown Exhibition Association, and is one of the most popular as well as one of the most successful farmers of this district.
