Metropolitan Opera Auditions

As the 1935-36 radio auditions of the Metropolitan Opera created a wide interest, they will be repeated this year on a coast to coast hook-up over the N. B. C. network. The first of the new season's broadcasts was given on Sunday October 18, at 4 P. M. Atlantic Standard Time. And will be continued each Sunday at the same hour.

The programs will again be directed by Mr. Edward Johnson and Mr. John Erskine with other celebrities appearing for interviews. The orchestra will again be under the direction of Mr. Wilfred Pelletier. It is selected from the regular Metropolitan Orchestra members. Mr. Pelletier will again assume the arduous and important responsibilities of sifting out the hundreds of applicants for auditions—those who in his judgment and experience are best qualified through study, talent and ability to appear on the broadcasts.

His friendly advice and helpful encouragement will thus be available to these young singers to whose interests and ambitions Mr. Pelletier devotes so much of his time, thought and interest.

The broadcasts are sponsored by the Sherwin-Williams Co. of which Messrs R. T. Holman are the Prince Edward Island distributors.

National Parks

Prove Popular

OTTAWA, Oct. 21—(CP)—Soaring popularity of Canada's national parks is evidenced by figures for motor tourist traffic issued today by Hon. T. A. Crerar, Minister of the Interior, for the six months ended Sept. 30.

For all points where a record of motor travel is maintained the total of visiting motorists reached a figure of 672,624, an increase of 81,570 or 14 per cent. over the same months of 1935.

Gains of from seven to 55 per cent. were registered. Point Pelee in Ontario attracted the largest number of motorists with 260,140 against 242,740 in the corresponding period last year.

The total of 118,247 for Banff, Alta., puts it in second place. The figure was 29 per cent. over 91,502 last year. The highest percentage increase was shown for another Alberta park as Jasper climbed from 2,181 to 3,391, up 55 per cent.

Parkers Charged

With Conspiracy

MT. HOLLY, N.J., Oct. 20—(AP)—Ellis H. Parker, noted Burlington county detective chief, and his son, Ellis Jr., were released on heavy bail tonight on Federal indictments charging conspiracy in the kidnaping of Paul H. Wendell.

Parker, who has solved some of the country's famous criminal cases and his son were taken into custody today about 24 hours after a Federal Grand Jury in Newark handed up indictments. They surrendered.

United States Attorney Quinn, who handled the Grand Jury's investigation of the case, said the indictments charged conspiracy under the Lindbergh Kidnaping Act. The maximum penalty is life imprisonment.

MRS. JOSEPH A. MacDONALD

In Little Harbor on Sept. 24th, the death occurred of Mrs. Joseph A. MacDonald after a short illness with pneumonia. She was 78 years of age and had a host of friends who will mourn her passing. Always a devout and practical Catholic, she was consoled by all the last rites of her church.

Anglo - Argentine Trade Pact Revised

LONDON, Oct. 21—(CP Cable)—The new Anglo-Argentine trade agreement will be completed and signed before Nov. 7, when the existing pact expires, was forecast authoritatively tonight. One or two important points are still being discussed.

The agreement, it was indicated, will provide for a levy of three farthings (1-2 cents) per pound on Argentine beef imports to benefit the home producer. There will also be a quota for Argentine beef, while the Argentine will make concessions in regard to duties and quotas affecting British manufactures.

Foster Father Held In Death Of Son

NEW WATERFORD, N.S., Oct. 20—(C.P.)—Owen Donaldson, 19-year-old victim of an alleged lonely cabin brawl, was buried here today while John Donaldson, his 47-year-old foster father, was being held in jail at Arichat to answer charges of "falling to obtain medical aid."

Owen, according to the testimony of his foster parent before a coroner's jury was injured by a knife during a scuffle in their cabin on McIntosh Mountain, Inverness County, last Thursday. The youth lived until Saturday, refusing to allow John Donaldson to go for medical aid.

executive of the company and is responsible for its management. The financial parallel is also evident. Company funds are collected by means of weekly dues, or taxes, of a few cents and by bazaars, entertainments etc., which correspond to the commercial and industrial activities of the larger community. In being wholly responsible for the administration of these funds the Guides are learning the importance of the wise use of public moneys.

Cabinet Considers Trade With Reich

OTTAWA, Oct. 20—(CP)—Pending new trade arrangements with Germany were discussed again in cabinet council today but no announcement was made and acting Prime Minister Ernest Lapointe said he was not sure when the Government would be in a position to give details of a new agreement. It was intimated the matter would be discussed again at a meeting of council tomorrow.

Appointment of a new chief justice of the trial division of the Alberta Supreme Court was also discussed today but no appointment was made. It will be necessary to name a successor to Chief Justice W. C. Simmons who is retiring and the understanding is that one of the supreme court judges will be promoted.

Wright Retains Seat For Conservatives

BIRMINGHAM, Oct. 20—(CP cable)—The Conservative Party tonight retained the Erdington division of Birmingham when Squadron Leader J. A. C. Wright was elected to the House of Commons in the by-election made necessary by the death of J. F. Eales, K.C.

Squadron Leader Wright polled 27,068 against 20,834 for C. J. Simmons, Labor, in a straight party fight. His majority of 6,234 compared with a majority of 9,950 polled by Eales against Simmons in the general election of 1935, but in that year there was an independent candidate, most of whose votes apparently went to Simmons today.

Wright recently resigned the command of the 605th County of Warwick bomber squadron of the auxiliary air force.

Canadian Girl Guide Week

Thursday and Friday of this week are being marked by the Girl Guides across Canada as "Citizenship and Service" days, in the Canadian Girl Guide Week now in progress.

In Charlottetown, today is being celebrated in an interesting way. A group of Guides and Brownies will visit the Mount Herbert Orphanage this afternoon at 4 o'clock and will entertain the children with a variety program. Cars for the occasion are being provided by members of the Council and Local Committee. Brownies will meet at St. Paul's Parish Hall at 3:45 P. M., and Guides at St. James Hall at the same time.

The fundamental idea of Guiding is service, and true citizenship is just this ideal applied to community life. "An adventure in citizenship" might well be the title of any attempted explanation of the ideal of Guiding. The aim of the movement as expressed by the founder, Lord Baden-Powell, is "to help a girl develop herself so that she attains the highest womanhood of which she is capable." How is this aim fostered? As in any form of activity, training is essential in securing the best results, so is it in Guiding with regard to citizenship and service.

If a community is to be a happy healthy one, each member of it must be interested in and willing to work for its welfare. Each Guide must learn to sink her individual desires in the interest of the company as a whole and to take her share in the general activities and work. The Guides run their own companies and are responsible for their progress and well-being.

The Guide company is the working example on a small scale of a self governing community. On the one hand there is the Prime Minister or head of the state, the Council of State composed of representatives of the different bodies in the community and the people themselves; on the other the Guides, the Court of Honour and the Guides. The smaller unit within the company is called the patrol, and the Court of Honour is composed of the patrol leaders, the Guides and specially elected officers of the company. It is the
