- **Have Modern Sound Equipment installed at your Picnics, Horse Races, etc. Enjoy Recorded Music. Hear special announcements clear and loud. For particulars phone Vernon Bolger, 29-21 Hunter River.

Conference Fails To Remove Threat Of Railway Strike

Need Of Forest Conservation Plans Stressed

The Maritime section of the Canadian Society of Forest Engineers ended its second day of its three-day summer meeting in Charlottetown with a dinner last evening at the Charlottetown Hotel.

Mr. W. W. MacCormack, chief scaler New Brunswick forestry service, Fredericton, N. B., presided. Chief Justice Thane A. Campbell, who as Premier was instrumental in having a forestry survey of the Province made in 1937, was the guest speaker.

He stressed the necessity of the people of the Province adopting a stricter policy of forest conservation than had been practiced in the past. One of the great obstacles, he said, in the practice of forest conservation is the failure of the farmer and other wood-lot owners to realize that the short-term viewpoint is detrimental to the maintenance and development of the island's woodland growth. Indiscriminate destruction of trees may mean quick cash return while their conservation may not show benefits of any kind in the immediate future. But the returns from forest conservation, His Lordship said, are certain and of a lasting nature.

The Chief Justice quoted passages from several of the world's great poets and prose writers illustrating the deep veneration and respect such writers have always had for trees.

Premier J. Walter Jones, who introduced the Chief Justice, said:

(By John LeBlanc)
OTTAWA, July 9—(CP)—A Government-summoned conference of railway wage disputants failed at its opening session today to break the strike-threatened deadlock between the railroads and unions representing 150,000 employees.

But discussions will continue tomorrow, and indications tonight were that they will go on to finality—one way or another—in the crisis menacing Canadian transportation with a July 15 strike. The Government appeared to be making its last play.

At the end of today's talks under the wing of Labor Minister Mitchell, spokesmen for both union groups involved in the dispute emphasized that they still stood where they did yesterday when direct union-company negotiations were broken off in Montreal.

Frank H. Hall, chairman of the international unions' negotiating committee, said after the first meetings that his group and the railroads were still as far away as ever—the unions demanding a 28-cent-an-hour increase and the railroads offering 10 cents.

Further, he said, the representatives of his group of 122,000 employees were still refusing to negotiate directly with the companies.

A. R. Mosher, president of the Canadian Brotherhood of Railway Employees and Other Transport Workers (C.C.L.), said the stand of his organization, representing 28,000 workers, was the same as that of the international organizations.

Both spokesmen said the July 15 strike order was still in effect.

Gen. Eisenhower is pictured above in academic cap and gown as president of Columbia University.

OTTAWA, July 9—(CP)—A payment which may total \$4,000,000 to compensate Western producers for losses suffered on barley and coarse grains sold before price ceilings were lifted last Oct. 21 was announced today by the Government.

The payment, to be made by the Canadian Wheat Board, will be five cents a bushel on oats and 11 cents on barley delivered and sold to elevator companies by Western producers between Aug. 1 and Oct. 21 last year.

Four Million Bonus For Western Farmers

OTTAWA, July 9—(CP)—A payment which may total \$4,000,000 to compensate Western producers for losses suffered on barley and coarse grains sold before price ceilings were lifted last Oct. 21 was announced today by the Government.

The payment, to be made by the Canadian Wheat Board, will be five cents a bushel on oats and 11 cents on barley delivered and sold to elevator companies by Western producers between Aug. 1 and Oct. 21 last year.

CANADIAN SHIP ADRIFF

HALIFAX, July 9—(CP)—A tug was dispatched tonight to the assistance of the Canadian National Steamships freighter Canadian Highlander, adrift off the Jamaican coast with a disabled rudder.

The 2,900-ton freighter was raised for help early today. It was en route to Montreal when the rudder became disabled off Rio Bueno, Jamaica. The vessel is in no danger.

Quebec Liberals Rebuked By Apostolic Delegate

OTTAWA, July 9—(CP)—The Apostolic Delegate to Canada today rebuked the Quebec Liberal Party for its use of statements by the Pope in a series of newspaper advertisements which appeared in French newspapers in Quebec Thursday.

The rebuke was contained in a telegram to the Provincial Liberal organization in Montreal and released to the press here. It was signed "Chancellor of the Apostolic Delegation" and was in French.

The Apostolic Delegate, Msgr. Ildebrando Antonutti, did not sign the telegram himself.

Text of the telegram: "Referring to the publication in the newspapers of yesterday, July 8, of a manifesto distributed by the Liberal organization, the Apostolic Delegation believes it should make the following communication: "It is very regrettable that the words of His Holiness the Pope should be exploited in the pages of the newspapers for the ends of election propaganda in favor of one particular political party, when it is well-known how the social doctrine of the Sovereign Pontiff is far above any party differences. His Holiness has urged on several occasions the union of all men of good will to face the present dangers of humanity."

Final Refusal

PHILADELPHIA, July 9—(AP)—Gen. Dwight Eisenhower laid down a "final and complete" refusal today to accept the Democratic presidential nomination under any "terms, conditions or premises."

Key anti-Truman Democrats from the north quickly abandoned their campaign to draft the General and switched their support to the President.

Those from the south went into hurried huddles, trying to figure out whether they would try to get behind somebody else.

Truman backers, and even some party members who wanted another candidate, passed the word that it's all over, that the President will capture the nomination on the first ballot.

So it looked as if delegates were coming to town Monday mostly to pick a vice-presidential nominee and approve a party platform.

Gen. Eisenhower is pictured above in academic cap and gown as president of Columbia University.

Norwegian Steamer Now In Georgetown

The Norwegian freighter, S.S. Andvi, Capt. R. Christiansen, arrived in Georgetown Thursday night direct from Norway and is loading a cargo of about 1,500 cords of pitprops for the Old Country. She is expected to sail next Wednesday. Before that time another freighter is expected in port, to be followed by a third. Between 4,000 and 5,000 cords of pit-props are now stored in Georgetown, awaiting shipment overseas.

The "Andvi" is a steam coal-burning vessel of 10,666 net registered tons. She was taken into port by Pilot Tempel Gotell and his assistant Victor Rafuse. Loading was commenced yesterday morning under supervision of Wallace MacDonald, Charlottetown.

The advertisement referred to consisted of a two-page spread of pictures and captions published in French-language dailies of Quebec Province.

"Italy and the world have reached a turning point in the fight against Communism," one caption quoted the Pope as saying.

Another quotation from the Pope was placed above pictures of Prime Minister Mackenzie King, External Affairs Minister St. Laurent, State Secretary Marshall of the United States, Prime Minister De Gasperi of Italy, Georges Bidault of France and Liberal leader Adelaar Godbout of Quebec.

WASHINGTON, July 9—(AP)—The Interstate Commerce Commission today authorized a new 17-per-cent average increase in United States railroad passenger fare in the east. It is estimated to add \$61,000,000 to the annual cost of travel in that section of the country.

NORTH BAY, Ont.—(CP)—North Bay has passed a by-law authorizing a community program in physical fitness and recreation. It also provides for the setting up of a recreational council.

Neither Jews Or Arabs Show Signs Of Agreeing

By Max Boyd
CAIRO, July 9—(AP)—Arabs reported tonight that they had killed 325 Jewish fighters during the first day of renewed Palestine warfare even as the United Nations mediator pleaded for a new 10-day truce.

Count Folke Bernadotte, the mediator, said in Rhodes after a meeting with King Abdullah in Amman, Trans-Jordan, that he had asked both sides to stop fighting for 10 days, beginning at 8 A.M. EDT tomorrow.

The Swedish count's appeal was (Continued on Page 5 Col. 6)

Law Society Honors Mr. W. E. Bentley, K. C.

Last night at the Charlottetown Hotel the Law Society of Prince Edward Island paid tribute to Mr. W. E. Bentley, K.C., for 40 years service as secretary - treasurer of the Society. Mr. John T. Hackett, K.C., M.P., president of the Canadian Bar Association was also a guest of honour.

Mr. Hackett gave a brief outline of the founding and development of the Association and its journal, the Canadian Bar Review and commented on some of its plans for the future. In particular he spoke of a proposed survey of the legal profession for the purpose of obtaining a factual background for future direction of legal education and to indicate in what ways the profession can better serve its clients and the country. Mr. Hackett pointed out that lawyers must be the guardians of personal liberty and that although many of its members are partisans the Canadian Bar Association is not. The purpose of the Association is to decide to conduct this survey in the direction of legal education and to indicate in what ways the profession can better serve its clients and the country. Mr. Hackett pointed out that lawyers must be the guardians of personal liberty and that although many of its members are partisans the Canadian Bar Association is not. The purpose of the Association is to decide to conduct this survey in the direction of legal education and to indicate in what ways the profession can better serve its clients and the country.

Rail Passenger Rates Up In The U. S.

WASHINGTON, July 9—(AP)—The Interstate Commerce Commission today authorized a new 17-per-cent average increase in United States railroad passenger fare in the east. It is estimated to add \$61,000,000 to the annual cost of travel in that section of the country.

WASHINGTON, July 9—(AP)—State Secretary Marshall indicated today the United States Government blames the Arabs for renewing the fighting in Palestine. But he left to the United Nations Security Council any formal finding of guilt.

Marshall at the same time ruled out, for the moment at least, any idea the United States might lift its embargo on shipment of arms as a means of helping Israel.

The ban, ordered last Dec. 5, forbids shipment of United States munitions to Palestine or neighboring Arab countries. Marshall told a press conference the United States is dealing with this issue and the whole Palestine problem through the United Nations Security Council.

Britain and the United States

Vice Regal Party Due To Arrive Without Pomp In Charlottetown Monday

U. S. Charges Terror Campaign In Hungary

WASHINGTON, July 9—(AP)—The United States State Department charged today that the Hungarian Government is carrying on a "systematic campaign to frighten the people of Hungary" from listening to the Voice of America radio broadcasts. It said some persons have been arrested for listening.

Russians Copy American B-29

WASHINGTON, July 9—(AP)—The B-29 "General H. H. Arnold special" which fell into Russian hands was one of at least four Superfortresses known to have landed in Russian-controlled territory during the Second World War.

Three of them, including the General Arnold special, landed either completely intact or only slightly damaged. The fourth was a crash. All went down in Northern China or Siberia.

The significance of Russian possession of the B-29s began to become apparent a year ago. Russian bombers, bearing a marked resemblance in many details to the American Boeing B-29, appeared then in air parades over Moscow. The planes obviously were copies of B-29s.

Estimates of the number of such heavy Russian bombers now possessed by the Red Air Force run into the hundreds.

SASKATOON—(CP)—Brought to Canada as bricklayers, 26 displaced persons now are working on the new school of agriculture here under a one-year contract.

Berliners Feel Full Weight Of Blockade

BERLIN, July 9—(Reuters)—Western Berliners felt the full weight of the Russian "blockade" for the first time tonight when streetcars and subways stopped running, only one street light in four was lit, and private houses had only two hours electricity after dark.

The drastic electricity cuts, coming two weeks after the first austerity moves were introduced, would lead to an almost complete shut-down of industry and mass unemployment in British, French and American sectors, Allied officials predicted.

The Western Allied authorities in Berlin tonight ordered an immediate 50 per cent cut in gas supplies to conserve coal.

U. S. Blames Arabs For Renewing War

WASHINGTON, July 9—(AP)—State Secretary Marshall indicated today the United States Government blames the Arabs for renewing the fighting in Palestine. But he left to the United Nations Security Council any formal finding of guilt.

Marshall at the same time ruled out, for the moment at least, any idea the United States might lift its embargo on shipment of arms as a means of helping Israel.

The ban, ordered last Dec. 5, forbids shipment of United States munitions to Palestine or neighboring Arab countries. Marshall told a press conference the United States is dealing with this issue and the whole Palestine problem through the United Nations Security Council.

Britain and the United States

Take Firm Stand In Berlin Crisis

LONDON, July 9—(AP)—Britain, the United States and France told Russia, it was disclosed tonight, that they stand ready to negotiate the issues of Berlin—but first the Russian army must lift its paralyzing food and fuel blockade.

In separate notes to the Kremlin made public tonight, all three powers insisted that they have a right to occupy their sectors of the German Capital.

They said they will not give way to "threats" or "pressure." The British and United States notes added "or other actions"—and expressed hope that the Russians have "no doubts" on this point.

The notes from Washington and London were virtually identical. The one from Paris took a somewhat softer tone, but it agreed with the others in demanding free access to Berlin.

None of the three made any reference to possible renewal of four-power negotiations on the whole question of Germany's future. They spoke only of disputes arising out of "the administration

TORONTO, July 9—(CP)—Minimum and maximum temperatures: Victoria 50, 73; Edmonton 53, 74; Regina 50, 81; Winnipeg 59, 84; Toronto 58, 84; Ottawa 57, 83; Montreal 65, 82; Quebec 65, 84; St. John 50, 73; Moncton 45, 62; Halifax 49, 70; Charlottetown 49, 72; Sydney 45, 67; Yarmouth 50, 72.

HALIFAX, July 9—(CP)—Official inland forecasts issued tonight by the Dominion Public Weather Office at Halifax and valid until midnight Saturday, with an outlook for Sunday.

Synopsis: The Maritimes lie in a westerly flow of dry air. Clear skies and high temperatures prevailed in inland regions today, while along the coast skies were clear but temperatures not so high. The highest temperature reported in the Maritimes today was 90 degrees at Campbellton. The flow of dry air is expected to continue throughout Saturday, resulting in a very warm, fine day in most regions. Western Ontario today are moving eastward and are expected to reach New Brunswick Sunday. They will have little effect in Nova Scotia or Prince Edward Island before Monday.

Regional forecasts: Prince Edward Island—Clear tonight and Saturday. Warm on Saturday. Light winds becoming west 15 Saturday afternoon. Low early Saturday morning and high in the afternoon at Charlottetown 48 and 80.

Outlook for Sunday—Clear becoming cloudy. High tide this afternoon at 2:57 and tonight at 3:49. Sun sets this evening at 7:46 and rises tomorrow morning at 4:25. First quarter moon, July 13, 7:36 P. M.

Summerside time 15 minutes later than Charlottetown.
