THE PRINCE COUNTY GUARDIA

Offices in Summerside, J. Frank Lafferty, Manager, and in Alberton, Herbert Clark, Manager

—The latest news, first of all.

—The following are the Summerside market prices, geese and ducks and chickens per lb. 10c, turkeys per lb. 15c, fowl per lb. 8 cents, pork per lb. 7 1/2 to 7 3/4, white oats per bush 40c, black oats per bus. 42 cents, straw per ton \$4.50, hay loose per ton \$5, eggs per doz 25c, and butter per lb 18 to 20 cents.

—The Guardian is sure that the many friends of W. H. Sharpe of Norboro will be pleased to know that he is now on a fair way to recovery from a long severe attack of blood poisoning. Dr. F. W. Jardine of Kensington was the attending physician and was assisted by Drs. W. Keir and A. McNeil. They deserve great praise for being the means, under Providence, of being so successful in their endeavors to overcome so fell a disease. Dr. Jardine was most attentive all the time by day and night, in doing all he could for him.

—The death occurred early Sunday morning, Jan. 17th at her home in Burlington of Mrs. Andrew Davison at the advanced age of eighty-one years. Deceased was in her usual health up to Wednesday morning when she complained of feeling very ill. The Doctor was summoned and all that medical skill and kind friends could do was done, but she gradually sank, and just as the Sabbath day was dawning her spirit passed peacefully away to be with God who gave it. She leaves to mourn a sorrowing husband, two daughters Mrs. George Woodside of Charlottetown, and Mrs. Chas. Casely of Burlington, and four sons, Amos at home, John and Frederick of Bedouque and Joseph of Monson, Maine. The funeral which took place on Wednesday afternoon to French River was one of the largest ever seen in this locality. The services were conducted by Rev. A. D. Sterling and Rev. J. B. Goff of Kensington. The pall-bearers were the four sons, and two sons-in-law, Geo. Woodside and Chas. Casely. She was a woman of sterling worth, one whose kind and sympathetic disposition endeared her to all, a loving and devoted mother, and a true friend and neighbor.

—An interesting meeting of the Farmers' Institute of Lots 27-28 was held in the Middleton hall on the 21st inst. Pres. Cameron called the meeting to order at 2.50 p. m. Sec. read minutes of last meeting which brought out a lively discussion on the 'Hand Separator' question. Chas. Craig, A. S. Wright, John Craig, W. W. Arnett, Jas. Carruthers, Michael McCabe, Jas. Arnett and Jos. Noonan spoke on this subject, and after a lengthy discussion the minutes were adopted, and the action of the Augustine Cove meeting, endorsed unanimously. The President in a short speech introduced the topic for this meeting, viz. Would it be in the interests of our Farmers to have an act passed requiring our exports as far as possible to be labeled with the name of the producer? The discussion which followed showed that our Farmers' are very much alive to this question, and consider it one of vital importance. A committee consisting of A. S. Wright, Jas. Carruthers, and Chas. Craig were appointed to prepare a resolution and report at the evening meeting. Meeting then adjourned. The evening session opened at 7.30. A. S. Wright moved the following resolution, whereas in the opinion of the members of this Institute, a great loss annually occurs from the fact that very inferior articles are placed upon the market, and owing to there being no proper system of grading, of same, a heavy loss falls upon those who raise and sell first class products of the farm—therefore resolved that we memorialise our Legislature to supply a proper system of inspection on all farm products offered for sale. And further resolved that in as far as possible, the name of the producer should be upon the article sold. This was seconded by John Craig and strongly supported by Pres. Cameron, A. S. Wright, Jas. Carruthers, Jas. Arnett, Jos. Noonan and carried unanimously. The next meeting will be held in the Searletown hall Feb. 3rd at 2 and 7 p. m. Subjects for discussion 'Our Fruit Industry and the best varieties of potatoes and oats for our farmers to grow.'
