MAKE LIFE A BATTLE the world than in rolling along in a luxurious car over a roadway that other hands have prepared. But, after all, no one can wholly remove from us all responsibility or fight all our battles for us. Nobody has a right to find life uninteresting or unrewarding who sees within the sphere of his own activity a wrong he can help to remedy, or within himself an evil he can hope to overcome.—Montreal Family Herald.

To End a Cough In a Hurry, Mix This at Home

To quickly and stubborn coughs due to colds, it is important to soothe the inflamed membranes, get rid of the germs and also to aid the system inwardly to help throw off the trouble. For these purposes, here is a home-made medicine, far better than anything you could buy at 3 times the cost. From any drugist, get 2 1/2 ounces of Pinex. Pour this into a 16 oz. bottle, and add plain granulated sugar syrup or strained honey to make 16 ounces. This takes but a moment, saves money, and makes a remedy so effective that you will never do without, once you have used it. Keeps perfectly, and children like it. This simple remedy does three necessary things. First, it loosens the germs and mucus. Second, it soothes away the inflammation. Third, it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even in the obstinate coughs which follow cold epidemics. Pinex is a highly concentrated compound of Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest medicinal agents for severe coughs and bronchial irritations. Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Mr. and Mrs. William Campbell, Mount Royal, spent Christmas at the home of the latter's parents, Mr. and Mrs. Albert Boyle, Conway, Mrs. Boyle, who is nearing three-score years and ten, seems to know the old fashioned housekeepers whose fingers, never idle, as evidenced by the fact that she presented each one of her family of ten, at Christmas with a quilt, which she had made in 1931.

Mr. and Mrs. John R. McDonald Glenwood entertained a party of young people at their home on New Year's eve. The last hours of the old year were spent very pleasantly in music, games etc., and the New Year was accorded a very hearty welcome. Delicious refreshments were served by the hostess.

Mr. and Mrs. James Gay, Knutsford were guests on New Year's day of their daughter, Mrs. Watson Siker, O'Leary.

Mr. and Mrs. John Hierlily, Hebron, were visitors on New Year's day at the home of Mr. and Mrs. H. Burton Boats, West Point.

Mrs. Angus Hickey, Dunblane, realized an average of \$210 for chickens sold to the P. E. I. Egg and Poultry Association, Charlottetown in December. This goes to show that our modest farmyard is second to none, as a money producer on the farm. With good management, she gives steady returns the whole year around, and sells for a neat little sum when her best days had completed a strenuous flight are over.

Master Albin Rix, Hallburton, spent the holidays with his aunt, Mrs. Percy McPherson, Dunblane.

On New Year's Eve, Mrs. Annie Johnstone, O'Leary had the privilege of receiving New Year's greetings, by telephone, from her three daughters who reside in Medford, Mass.

Congratulations to Mr. and Mrs. Ernest McPherson, Dunblane, on the birth of a young daughter on Jan. 2.

Sincere sympathy is extended to Mr. and Mrs. Daniel Morrison, Glenwood, in the death of their daughter, Evelyn, which occurred on Jan. 6.

new Boeing mail ship. Bad flying conditions, experienced by many a flier going through the Pass, were met by Capt. Brown and his delays were due to atmospheric conditions.

"I learned a lot about the hazards of mountain flying, as a result of my first flight through the great peaks," related the captain after he brought his ship to a safe landing. For one thing, he said, it would be impossible to maintain any kind of a schedule without the aid of two-way radio beams. These would have to be established all the way along the route which extends around 500 miles. Just how many stations would be required, he did not estimate.

Captain Brown left Vancouver alone. Everything went well until he was over Hope-Mountain, where a strong head-wind was encountered. Poor visibility developed and he was forced to head south, making an emergency landing in the state of Washington. He took off again and reached Grand Forks, B. C., before nightfall. After being grounded in Grand Forks for two days, he took off for Lethbridge with Mayor E. C. Henninger, of Grand Forks, as a passenger. Although forced to fly low, he piloted the plane from Grand Forks to Lethbridge in a little over three hours, landing on the air-field here 15 minutes before a snow storm started.

This was the opinion expressed by Captain Roy Brown, superintendent of the western division, Canadian Airways Limited, after he had completed a strenuous flight from Vancouver to Lethbridge in a
